

Government to establish the necessary schools, and thus it too often happens that the settlers not having the means to send their children five or six miles to the nearest school, allow them to grow up void of all education.

Advantages for Lumber Merchants

By thus grouping the settlers on Colonization Reserves, while rendering advantages to the settler, we will also be rendering a great service to the Limit Holders, and we cannot overlook the rights of the good faith Limit Holders, for they certainly contribute a great part to the revenue of our province. One of the first advantages that will be given to the Limit Holder will be the protection that will be afforded to his property against fire. He will then no longer be kept in continual anxiety of awaking up some morning and seeing his limits ablaze, by the fact of some solitary Settler sowing a few bushels of potatoes, as it has already happened in the Ottawa district, where over two millions worth of beautiful pine limits went up in smoke by the negligence of
