Villiam Munns, Toronto, Goes Into History of Past Campaigns.

William Munns, Toronto, for 40 years in the Duncan and Scott Act and referendum campaigns, addressed Conservative meetings in Peel County in favor of James R. Fallis this week. In his speeches concerning the methods of the Dominion Alliance, he said that the editorial article written by the editor of The Pioneer, Frank S. Spence, proved that the Dominion Alliance was still being used for the purpose of hoodwinking and misleading the electors of this province to support the "banish-the-bar" policy of the Liberal party. From the past experience of the Liberal party Mr. Spence knew that no reliance should be placed on its pledges or promises.

Mr. Munns cites the following editorial comment of The Globe in March, 1802, on the Ross referendum: "That it, no doubt, would involve considerable labor and zeal on the part of the prohibitionists, and they are desirous of making a change of a very momentous character and it would not be in accomment. DROWNED SELF AND BABY character, and it would not be in ac-cord with the fitness of things that it should be brought about easily."
