Liberty, Mo., Nov. 18.—Mrs. John Foley, a widow, aged 65, and her unmarried daughter, Fannie, aged 40 years, were murdered last night. They lived four miles northeast of this place. They were found lying on the floor in their nightdresses. No motive is known for the crime.

Cucumbers and meions are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto from Chicago:

Wheat—With cables much lower, and Northwestern receipts large, the market opened very weak, and heavy selling of long wheat for outside account was apparent, but the short interest had developed to a great extent, and the first buying of the day was for such accounts, but later large local operators, who had been waiting for an opportunity, started buying, and prices were carried up 2e from lowest point. Thert has been considerable cash business done to-day, about 200,000 bush reported here, and New York reports 18 loads taken there for export. Receipts from Northwest 806 cars, against 411 last week and 935 last year. On any break wheat should be bought.

Provisions—Opened easier, with wheat advanced on buying of May lard at \$4.15 by C. P. & P. Co., and Jan. ribs at \$3.77½. Later commission houses sold about 1,500.000 pounds Jan. ribs at \$3.75 and Jan. pork at \$7.60, supposed to be for Armour & Co. This selling caused weak feeling. Market closed at about lowest prices of the day. Estimated receipts of hogs to-morrow 30,000.
