THIS GRAND JURY HAS IDEAS

Corporations Called Down for Paying Men in Positions of Trust Laborers' Wages.

THEY WOULD LASH ASSAULTERS

Law Needs to Be Changed to Be Able to Convict Keepers of Gambling Joints.

At the Criminal Sessions yesterday the grand jury made their presentment to Judge McDougall. After congratulating His Honor upon presiding over the first Court of General Sessions in the new City Hall, the jury gave a review of its work during the present sittings. They had considered thirty-one indictments, and had returned twenty-four true bills. Referring to the case of Alex. Faulkner, the jurors took occasion to criticize in the severest terms the case of a public express company paying a cashier in their employment for 30 years and handling $50,000 per month, a less rate of wages than a city laborer. Referring to the two bills regarding the keeping of a common gaming house, the grand jury consider the present law requires some amendment. Under the act explained by Judge McDougall, it is almost impossible to procure evidence necessary to secure a conviction. It is suggested that the law be so amended that in tobacconists' stores, billiard and pool rooms, licensed by the municipal authorities, the actual use of cards and dice in any form of game may be made prima facie evidence of a gaming house. For the serious crimes of assaulting women and gross indecency, the jury advocated the use of the lash as a punishment. They had visited many of the public institutions, and all were found models of cleanliness and good order. The jurors found in the jail a number of aged and insane persons, for whom a more suitable place should be provided. The Asylum was also found to be overcrowded with lunatics.

Judge McDougall thanked the jury for their congratulations. He agreed with them in regard to the censure of the public express company, and trusted that increased prosperity would induce financial institutions to advance salaries of their employes to a point where they would be able to live honestly and yet dress up to the fashion that their position demanded.

NOW THE ISSUE IS UP.

United States Surveyors Have Discovered That Mount Baker is in U. S. Territory.

Chicago, Oct. 5.—A special to The Record from Tacoma, Wash., says a new boundary marking has just been discovered in the disputed portion of the Mount Baker District by surveyors of a railroad. They found the monument in the vicinity of Chilliwack Lake, in the middle of a wide swath which was years ago cut thru the timber. If the boundary follows the line of this swath, Red Mountain and all of the disputed strip is on the American side. This is the third boundary mark to be discovered in that vicinity, one on Red Mountain, one to the west and this latest discovery. It is expected the report of the Dominion surveyors will be made in a few days, and the boundary dispute will then be on a basis different from a miners' squabble. If the Canadians claim the line is south of the present location, the Washington authorities will be asked to make a survey at once.

STRUCK FOR LOWER WAGES.

Kentucky Miners Take Less Money in Order to Secure Recognition of the Union.

Owensboro, Ky., Oct. 5.—A strike of miners at Baskett for recognition of the union has been won. The settlement carried with it a reduction of wages. The owner of the mines never recognized the union, but paid wages averaging five cents more than the union schedule. This probably is the first strike for lower wages ever made.

The Broom Corn Crop.

The anticipated drop in the prices of brooms, with the harvesting of the new crop of corn, has only in a very moderate measure been fulfilled, and owing to the heavy rains and windstorms thruout the broom corn belt there will in all probability be a steady rise in the price during the next few months, according to the demand. In some districts the damage has been so great as to make a good percentage of the corn red and inferior, and, in some cases, almost useless. This being the case the best crops were eagerly bought up. We are informed by Messrs. Boeckh Bros. & Co. that they have been fortunate in securing a number of the choicest crops direct from the growers and personally selected by one of the firm, and that they will be able to supply some exceptionally good values in brooms during the present season.

They have just issued their new price lists, which every dealer will do well to write for.

New Books at the Library.

Chapman, Practical Agitation; Collier, The Trusts; Flournoy, From India to the Planet Mars; Clark, The Distribution of Wealth; Brady, Recollections of a Missionary in the Great West; Capes, The English Church in the Fourteenth and Fifteenth Century; Paget, Hunting; Warner, Cricket in Many Climes; King Alfred's Version of the Consolations of Boethius, translated by W. J. Sedgefield; Hillegas, The Boers in War; Pixley, History of the Baronetage; Saint Amand, Napoleon III. at the Height of His Power; Scidmore, China, the Long-Lived Empire; Sir Stamford Raffles, by Hugh Edward Egerton; Oliver Cromwell and the Rule of the Puritans in England, by Charles Firth; Hough, The Girl at the Halfway House; Hobbes, John Oliver, Robert Orange; Stockton, Afield and Afloat; Marchmont, By Right of Sword; Snowe, Two Stage Plays.

W. H. P. Clement, Government solicitor in the Yukon, was registered at the Queen's yesterday. He is on his annual trip to the Capital.

PROPOSED MUNICIPAL PHONES.

Draft Regulations as to Cost and Supply of Telephones in the Corporation Service.

The sub-committee on the proposed municipal telephone system had a hard time getting a quorum yesterday. All that was done was to receive a draft of the conditions of supplying the proposed service and a report by F. Dagger, who accompanied Ald. Urquhart and Asher to Piqua, Ohio, to examine the automatic telephone exchange there. The report was favorable to the automatic system. Mr. Dagger is an Englishman, said to be an authority on electricity and the telephone. He had been some time in the employment of the Bell Telephone Company, and will probably be appointed secretary of the Telephone Committee. The appointment was suggested yesterday, but was not made.

Ald. Urquhart announced that Messrs. Lorimer & Neall of the Piqua concern are coming over to Brantford, Ont., for the annual meeting of their company, and he proposed that they meet the Telephone Committee.

Regulations as to Charges.

The following regulations are among those proposed for the subscribers:

Business telephones—To include all telephones except private dwelling houses. When persons such as medical men, dentists, etc., carry on business at their dwelling-houses, these shall be classed as business phones. Rate to be not greater than $35 per annum.

Dwelling-houses—To include only phones that are used in private dwelling-houses. Rate to be not greater than $20 per annum.

Conditions of Supply.

The following is a copy of the conditions of supply proposed for the municipal system:

The corporation shall, as soon as practicable, after the consent of the duly qualified ratepayers to the proposed scheme has been obtained, connect the premises of every subscriber to the corporation telephones with one of their exchanges by a metallic circuit telephone line, and shall maintain in good working order the said line and the instrument to be fitted up in the subscriber's office, place of business or, dwelling as the case may be.

The subscriber shall have the right to communicate with all other corporation telephone subscribers within the Toronto telephone area, subject to the regulations for the time being, relating thereto respectively.

The corporation shall not be responsible to the subscriber or liable in damages or otherwise for any delay, interruption or failure of service, but it shall use every reasonable endeavor to repair defects and restore connection as speedily as possible after receipt of notice of such defect in writing.

The corporation reserves to itself the right to discount the subscriber's line from the exchange to which it may be at first connected, and to reconnect it with any other exchange belonging to the corporation.

The corporation reserves the right to make rules and regulations, and to impose an extra charge not exceeding $8 per half mile for lines beyond the city limits or boundary.

On ceasing to be a subscriber, from whatever cause, the subscriber shall surrender to the corporation the said wire and instrument, or instruments, with all fixtures and accessories, in as good condition as when received, ordinary wear only excepted.

The subscriber shall pay in advance the semi-annual subscription stated on the front hereof, for the establishment of telephonic communication and the right to transmit an unlimited number of messages.

Local Board of Health.

The Local Board of Health met yesterday and adopted the report of the Medical Health Officer, with the exception of a clause referring to the Consumptive Sanitarium, which was not approved of. Copies were ordered to be sent to Mr. Gage, and also to the Anti-Consumption League, with the object of giving both parties an opportunity, which they desired, of communicating with the Local Board of Health before that part of the report goes on to Council.

Mr. Rutland appeared before the board with reference to a certain slaughterhouse on Christie-street. The matter was referred to the Health Officer, with an instruction that no further permission be issued by the board for slaughter houses within the city limits.

Ald. Crane, Lamb, Saunders and Foster were present.

The Exhibition Association Meet.

The regular monthly meeting of the Exhibition Association was held in the board room at 82 East King-street yesterday afternoon. The Finance Committee were able to report that, while a number of accounts were yet to come in, an estimate of the expenditures in connection with the recent exhibition would show an increased profit compared with last year. What that profit would be, it was not possible definitely to say until all the accounts were in. Mr. Hill explained, as regards the side shows that there were one or two more than was intended, because, in making an agreement with the animal man, he found that he made more favorable terms when the lot was taken, because otherwise some of them would have to be idle. A letter, signed Joseph Brooks, was read, which was accompanied by 30c in stamps, conscience money, due from 1897. The Eastern Townships Fair Executive gave notice that their exhibition would be held in 1901, from Aug. 31 to Sept. 5, and suggested that to avoid a clashing of dates the Toronto Fair should start a week earlier than usual. It is not necessary to say that a negative answer was ordered to be sent, explanatory of the reason that it was impossible to comply. The Dominion Horticultural Association wrote to say that they had passed a resolution favoring a Dominion Exhibition in Toronto next year and a grant from the Ottawa Government. A report from the special committee of the Manufacturers' Association of Canada, making several suggestions for 1901, was read, and laid over for consideration at a subsequent meeting. Mr. Hill explained that a number of manufacturers had given as their reason for not exhibiting this year that they were too busy, having to fill orders booked a long way ahead. On motion of Ald. McMurrich, seconded by Mr. James Croker, a resolution was passed thanking the Postmaster-General for the greatly improved postal service at the Exhibition.

Independent Forestry.

The fall campaign of the I.O.F. is now fully opened up, and many of the subordinate courts are adding to their numbers daily. On Monday evening P.H.C.R., the Rev. Alexander Macgillivray, performed the initiatory ceremony at Court Chester of Chester, when new members were added to the court. After the initiation, Mr. Macgillivray and the High Chief Ranger of Central Ontario delivered addresses.

ASSESSMENT SYSTEM.

A POPULAR FRATERNAL SOCIETY.

The success of the Canadian Order of Chosen Friends as a Fraternal Insurance Order during the past ten years has been phenomenal and far beyond the most sanguine expectations of its members. It was started at a time when Canada seemed full of fraternal insurance societies and there was grave doubt as to whether there was room for another such society in the fraternal field, but, strange to say, after the first few years it forged ahead of all its competitors, making a grand record of progress from year to year and now stands third among those purely Canadian as to membership and second in regard to finances. The following interesting statistical table shows the great progress of this popular order since the year 1887:

A GRAND RECORD TO BE PROUD OF.

Year Ending Dec. 31st.	No. of Members.	Average Age.	Claims Paid.	Surplus in Insurance Fund.	Cost of Management Per Member.
1887....	175	37.6	$ 1,092 40	$ 800 in debt	$ 3 06
1888....	347	37.6	3,000 00	2,500 in debt	0 84
1889....	852	37.03	2,000 00	1,043 89	0 85
1890....	1,806	37.1	6,000 00	4,438 65	0 85
1891....	3,145	37.01	15,750 00	11,665 58	0 84
1892....	5,932	36.3	35,333 33	21,133 77	0 81
1893....	7,803	37.2	35,166 67	52,713 40	0 71
1894....	9,710	37.6	66,000 00	72,591 98	0 71
1895....	11,364	38.0	75,000 00	100,734 00	0 64
1896....	12,693	38.0	112,000 00	108,277 73	0 63
1897....	15,027	38.5	108,450 00	139,234 27	0 55
1898....	16,450	38.8	125,000 00	164,230 53	0 50
1899....	18,233	39.0	119,750 00	208,047 31	0 50

It will be observed that the cost of management has never been higher than eighty-five cents per member and during the past two years it has been only fifty cents per member, which is very low indeed. The surplus in the Insurance Fund has constantly increased and at the present time has reached the handsome amount of $220,000.

The membership has increased very rapidly, thus keeping down the average, which was thirty-nine years at the close of the year 1899. The Society has been successfully managed, being fortunate from year to year in having a set of officers of which any business institution might well feel proud, and at present the head secretary, or Grand Recorder, Mr. W. F. Montague, is the popular Secretary-Treasurer of the Canadian Fraternal Association, an affiliation of the leading Fraternal Insurance Orders of Canada. The Chosen Friends has extended its operations so as to cover the whole Dominion, it is purely Canadian and proud of the fact, being intensely patriotic, and during the recent war in the Transvaal the Society, in addition to carrying the risk of those members who were engaged in active service in South Africa, also paid their assessments and kept them in good standing while they were away.

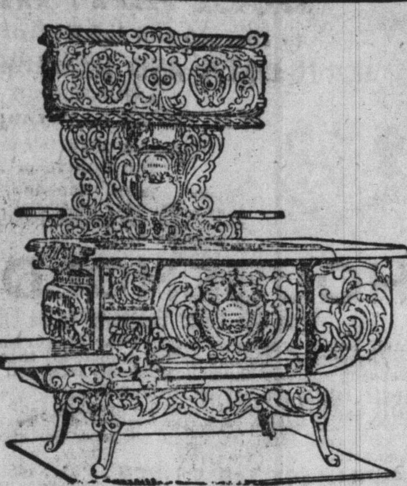
The following is a list of some of the cities and towns where this Society is very popular, viz.:

	Members.
Toronto	1146
London	1039
Hamilton	1021
Kingston	488
Guelph	463
St. Catharines	311
Pembroke	199
Stratford	198
St. Thomas	148
Dundas	147
Niagara Falls	125
Essex	120
Russeldale	120
Alvinston	120
Springvale	118
South Bay	105
Galt	103
Brockville	103
Deseronto	102
Brampton	101
Tilsonburg	101
Arnprior	98
Berlin	97
Brantford	95
Kincardine	94
Carleton Place	94
Port Robinson	93
Renfrew	93
Foxboro	92
Ellinville	87
Delhi	86
Picton	86
Honeywood	86
Yarker	83
Almonte	82
Westmeath	81
Dunnville	81
Sarnia	81
Ottawa	80
Rothsay	80
Port Colborne	79
Oakwood	78
Claireville	78
Strathroy	78
Chippewa	77
Camden East	77
Odessa	77
Clinton	76
Belleville	75

There are many other places where the Society has branches established and where it is equally popular, but only the most important are given. It now has a membership of about 19,000 and is endeavoring to reach 20,000 before the close of the year From present indications it will very likely be successful in doing so. It has about 460 branches throughout the Dominion and has paid to its members and their beneficiaries over $850,000 in insurance and sick benefits.

A few good men are wanted to act as organizers for this popular society in districts where it is not represented. Only those with experience are desired and good remuneration will be given to the right men. Those desiring such a position would do well to communicate with W. F. Montague, Grand Recorder C. O. C. F., Hamilton, Ont.

SOUVENIRS



Are the best stoves made; absolutely the best by test. Examine them carefully, test them thoroughly, and your own judgment will convince you that for price, style, durability, convenience, completeness, economy of fuel and general utility of service they beat the world.

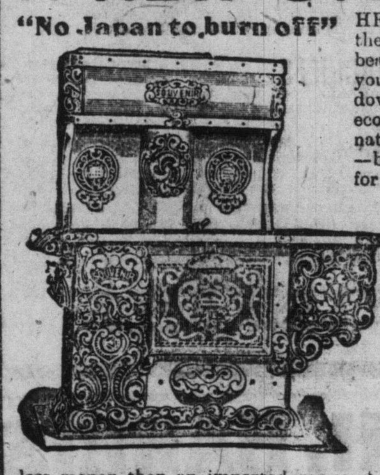
Aerated Ovens

are much preferable to any other kind.

SOUVENIRS are sold everywhere. One will last a lifetime. Write or ask for price before purchasing.

A NEW STEEL RANGE

"No Japan to burn off"



HERE are some points of interest in the newest Souvenir steel range—it's as beautiful a bit of kitchen furniture as you'd want to put there—and it's right down-to-the-minute in improvements—economical—durable—burns coal, wood or natural gas—large fire-box for coal or wood—brick lined for hard coal—cast-iron lined for soft coal—has a duplex grate—double draft—large flues—ventilated oven—aluminum oven door and rack, which guarantees brightness and cleanliness—the body of the stove is handsomely polished steel and Russia iron finished—and there's no "Japan" to burn off—asbestos lining to help retain the heat—an even baker and perfect cooker—Everything in its construction is the best—it has three sizes of oven—14x20, 16x20 and 18x20-inch—a stove for particular people, and every one guaranteed—a better range for much less money than an imported range—Souvenirs are sold everywhere and one will last a lifetime. Write or ask for price before purchasing.

Are You Beautiful? If not, read this and learn how to have a lovely complexion.

Everybody admires women and girls with clear, healthy, spotless complexions. They are attracted by pink cheeks and soft, velvety, delicate skin. Nothing destroys happiness and beauty like Freckles, Pimples, Blackheads, Yellow or Muddy Skin, Moth, Wrinkles, Red Nose or Face, Tan, Eruptions, Discolorations or Blemishes of any nature. They make both men and women homely, and make them look old. All these afflictions are quickly and easily cured by **Miller's Complexion Wafers.** This is the most wonderful beautifier that was ever made. These wafers are positively harmless, yet very rapid in their action. Their regular use for only a few days will prove beyond a doubt their remarkable beautifying power.

FOR GENTLEMEN AS WELL AS LADIES.—These wafers completely and permanently remove every eruption, blotch, discoloration and blemish on both ladies and gentlemen. They make the old look young. They beautify Face, Neck, Shoulders and Arms. They impart the delicate tints of girlhood and youth to the complexion. This may seem impossible to you, but it is the plain truth. The wafers are not a cosmetic, remember, but a food for the skin.

YOU CAN TRY THEM FREE. For a short time we will continue to send **a Free Trial Package of MILLER'S WAFERS** to readers of this paper. You can thus satisfy yourself of their wonderful beautifying virtues without cost. Send your name and P.O. address at once, before this liberal offer is withdrawn. We mail samples in sealed plain envelopes. Enclose stamp for postage.

THE MILLER CO., Box 1903 TORONTO, CANADA.

CORPSES RECOVERED DAILY.

Galveston Dead Number Over 5000, and Outside 2200—Conditions Improving.

Galveston, Texas, Oct. 5.—Corpses of those killed in the great storm are still being recovered at the rate of 15 to 25 daily. It is now certain the dead in the city will exceed 5000; beyond the city limits, 1200; on the main land, more than 1000. Commercial conditions are improving rapidly.

The School Board has secured money enough to repair four school buildings with fourty-four rooms, affording accommodations for 88 classes by holding two sessions daily. Appeals have been sent out to all the large cities for funds. The four schools will open on Monday, Oct. 22.

Congregational Ministers.

The Congregational Ministerial Association of Toronto will reassemble on Monday, Oct. 8, at 10.30 a.m. in the vestry of the Bond-street Church. Rev. T. B. Hyde, who has just returned from an extended visit in England and Ireland, during which he attended the Congregational Union of England and Wales as Canadian delegate, will relate his vacation experiences.

WELBECK ABBEY BURNED.

The Famous Seat of the Dukes of Portland Damaged to a Large Amount.

London, Oct. 5.—A serious fire has occurred at Welbeck Abbey, Worksop, Nottinghamshire, the famous seat of the Duke of Portland. The Oxford wing was gutted. Priceless pictures and furniture were saved. The Duke and Duchess of Portland are at present absent from home. The damage is estimated at £25,000. The art treasures were saved.

Mr. Smith of Ryerson Honored.

Mr. G. P. Smith, who has resigned his position as teacher in Ryerson School, was yesterday the recipient of many expressions of good-will. The teachers of the school, the pupils of his own class and the members of the basketball teams each made him handsome presentations, as tokens of the sincere regret at his leaving the school. Mr. Smith's record in the school has been unexcelled.

Fraudulent Brokers Bounced.

New York, Oct. 5.—John Zeeman and H. L. Williamson, partners in a stock brokerage business, were to-day expelled from the Consolidated Exchange for "obvious fraud" and "false pretences." The expulsion was announced from the rostrum of the exchange.

Russia's New Swift Cruiser.

Philadelphia, Oct. 5.—The Russian cruiser Varlag to-day arrived at the Delaware breakwater after a successful trial trip of 12 hours' continuous run straight out to sea, during which she exceeded by ¼ of a knot her contract speed of 23 knots an hour.

Railway Auditor Dead.

Cleveland, O., Oct. 5.—James P. Curry, for the past 18 years auditor of the New York, Chicago and St. Louis (Nickel Plate) Railway, died at his residence in this city to-day. Mr. Curry had been in ill-health for more than a year.

Fossil Pills.—The demand is proof of their worth. Dr. Agnew's Liver Pills are beating out many fossil formulas at a quarter a box. They're better medicine, easier doses, and 10 cents a vial. A thousand ailments may arise from a disordered liver. Keep the liver right, and you'll not have Sick Headache, Biliousness, Nausea, Constipation and Sallow Skin.—61.

A CURE FOR RHEUMATISM

"Toronto, Ont., Sept. 22nd, 1900.
"Dr. McLaughlin:—Dear Sir—I have been a rheumatic sufferer for the last thirty-five years. I have spent a vast amount of money in doctoring, and even wore other electric belts, but found nothing that would give me such relief as your appliance. When I got your belt I could not put on my shoes, and had not had a night's rest for a month previous. I felt improvement from the first, and these pains are now a thing of the past, and it is a pleasure to be free from them. Yours gratefully,
"GEORGE NICHOLSON,
"No. 131 Lippincott-street."

"Niagara Falls S., Ont., Sept. 15th, '00
"Dr. McLaughlin:—Dear Sir—After suffering for sixteen years with Rheumatism, and being so bad at times that I could not walk, I thank God that your belt has cured me. I will always recommend it. Yours truly,
"S. NICKERSON."

A Cure for Back Pains.
A Cure for Weak Kidneys.

A Cure for Stomach and Liver Complaints, for all pains and aches and for all troubles resulting from the want of sufficient energy to keep the body healthy.

Dr. McLaughlin's Electric Belt

the modern cure, the grandest remedy of the age. Worn while you sleep, it fills the body with electrical vitality, which gives strength to every organ, makes the blood circulate more vigorously, warms the stomach and liver, overcomes all pain and restores vigorous strength to every part. It is unlike every other electrical body belt on the market to-day. It is new, has improvements contained in no other; is stronger than any other; warranted for one year. You can feel its soothing glow, but it never burns nor blisters, having the Dr. McLaughlin special cushion electrodes and regulator.

10,000 CURES—Every town and hamlet in the country sings its praises; every town has a cure by the Dr. McLaughlin Belt. It does not matter what has failed to cure you, if you are sick you will find it a glorious relief from your troubles. Try it at once.

THREE MONTHS' TRIAL—Any honest man who will secure me can have my Belt on three months' trial, and if it does not cure him he need not pay for it. Is that fair? Will any other concern treat you as fairly? Has any other man as much confidence in his remedy? My belt cannot fail.

CAUTION—Beware of old style, burning electrode Belts, which are using an imitation of my cushion electrodes. My office contains hundreds of these old belts, discarded as useless and dangerous by persons whose bodies had been seared and scarred by the bare metal electrodes. I will make special terms to anyone having one of these old back-burners.

Call and see the improvements in my Belt, or write for my free book.
