Sheep and lambs-The market was again in dull and lower position; 22 loads on sale, including 9 loads left over, and 9 loads of Canada lambs, part of which arrived late; there was almost an entire absence of demand, eastern buyers being without orders. and reports of liberal accumulation at New York; choice to extra lambs were quotable at \$1 25 to \$5 40; good to choice, \$5 to \$5 40; common to fair, \$4 50 to \$4 75; sheep, choice to extra, \$4 40 to \$4 60; good to choice, \$4 to \$4 40; common to fair, \$3 to \$3 75. The butchers were out in large num-

bers, but cold rains and high winds,

and yards made things rather uncom-

fortable to man and beast. Trade was

tendency. The best cattle sold about 4c

per lb, but none of them were fancy

beasts. Pretty good animals sold at 3c

MUST LEAVE

Decisions of the British Cabinet.

Withdrawal of the French From Fashoda Demanded.

Before Any Conditions Are Discussed -France Left to Adopt Decisive Measures, Which May or May Not Lead to a Conflict-Dupuy Accepts the Post of Premier-Action of the American Peace Commissioners.

London, Oct. 28 .- The Pall Mall Gazette this afternoon summarizes the result of the meeting of the British Cabinet yesterday as follows:

1. Marchand must be withdrawn unconditionally, and no undertaking or promise can be given to discuss questions raised by France in regard to access to the Nile, and such like.

2. When Marchand is withdrawn, it will be determined whether the questions raised admit of discussion, and under what conditions the discussion can be proceeded with.

3. Every possible facility will be atforded to assist in Marchand's withdrawal by whichever route selected.

4. If Marchand is not withdrawn, there will be no interference with his remaining at Fashoda, nor date fixed for his withdrawal; necessarily, reinforcements will not be permitted to reach him. He will be treated courteously, as a foreign visitor, and will be regarded in no other light.

5. Therefore, it is left to France to adopt any active measures to precipitate a conflict.

The Pall Mall Gazette adds that it has good reason to believe that while Russia was counseled France to tide over the difficulty and avoid war, she has promised to throw her weight into the scale at no distant date, for the purpose of bringing the whole Egyptiar, question and the British occupation of Egypt to the front for settlement.

THE PEACE COMMISSION. Paris, Oct. 28.-The American peace commissioners at their sessions today will draw up a memorandum on the subject of the Philippine Islands, which, it is expected, they will place before the Spanish commissioners at the joint session which is to take place on Monday next.

DUPUY THE MAN. M. Dupuy has fee mally informed President Faure that fae will accept the tack of forming a new cabinet.
