AIR GRIEVANCES, SUGGEST REMEDY

Shippers' Committee of Trade Board Discuss Causes for Complaint.

The shippers' committee of the board of trade held a meeting in the board rooms, Richmond street, last evening, and elected Mr. Harry Buttrey chairman. Besides the chairman there were present Ald. Stevely, A. T. McMahen, W. C. Allin, H. T. Reason, W. W. Thomson and Secretary Nelles.

The following were added to the committee: J. P. Cook, Fred Kerrigan, Philip Pocock, W. J. Reid and C. R. Somerville.

Mr. Buttrey explained the grievances of the small shippers—men who do not ship in carload lots. He said that through the trans-shipment of goods, it is next to impossible to trace shipments once they leave London. It is no uncommon occurrence for shipments to be six weeks making the trip from London to Calgary. He suggested that the committee should wait upon the Canadian Pacific Railway, and see what can be done toward securing cars for certain shipping days for given points.

Mr. Buttrey explained that if Londoners could load a car at a given time and ship it to a point in the west, there would be little or no trouble with the shipments.

Cannot Trace Goods.

At present, he said, his town firm will send a parcel of goods to Calgary, for example. At North Bay the goods will be taken from the car and placed on another car. At Fort William there will be another trans-shipshipment, and probably the goods will be again trans-shipped at Winnipeg, and placed on a car for Calgary.

Thus it is practically impossible to trace goods from London. The shipper may have the number of the car upon which the shipment was placed at London, but this does not help him.

In some instances the company finds it impossible to locate a lost shipment for weeks at a time, as it may be lying on a siding somewhere.

If the goods were sent to the west in carload lots, this trouble would be avoided. But as the small shippers at certain seasons are unable to fill a car, Mr. Buttrey thought it would be wise to pool the shipments.

Ship in Car Lots.

To do this it would be necessary to have a certain shipping day for certain points, say such as Winnipeg, Brandon, Calgary, Regina and Moosejaw. If the company will consent to provide cars for certain days for western points, the committee will take upon itself the responsibility of notifying all shippers and having the car filled.

Some of the members have been interviewing District Freight Agent W. B. Bamford, of the C. P. R., and it was stated that he is willing to do all he can to help along the aims of the shippers' committee.

The whole matter is to be taken up with the railway company at once.

"Made in London" Signs.

Mr. Buttrey made another suggestion which impressed the committee. He said that he thought it would be good business to have each car sent out from this city bear a large sign, "Made in London, Canada." He is a believer in advertising, and he thought it would do the city good if cars were sent through the west with such a label on them.

This matter will also be reported on at the next meeting.

At the conclusion of the meeting of the shippers committee, a meeting of the membership committee was held, at which President Stevely, Messrs. H. T. Reason, L. J. Walker, J. M. Daly, W. W. Southam, W. W. Thomson, A. McMahen and others were present.

Very satisfactory reports were presented and many new names were handed in.

The membership of the board is now about 140, but it is expected that within a few weeks it will be increased to 200.

SURE REGULATORS.—Mandrake and dandelion are known to exert a powerful influence on the liver and kidneys, restoring them to healthful action, inducing a regular flow of the secretions and imparting to the organs complete power to perform their functions. These valuable ingredients enter into the composition of Parmelee's Vegetable Pills, and serve to render them the agreeable and salutary medicine they are.

GAVE FALSE NAMES BUT CAME TO COURT

Track-Walkers Who Deceived Detectives Pay Costs of Cases Voluntarily.

Thirty-three people have so far reported at the county magistrate's court for trespassing on the G. T. R. Many of those who could not be present sent the amount of the costs by messengers. Of those who appeared all contributed their mite without complaint, and on one occasion the costs in a case were paid twice by mistake.

The error was occasoned by reason of one of the young men summoned appearing early in the morning and the father, not knowing of this, appearing later on on the son's behalf.

The money was later refunded.

Yesterday afternoon a dozen or more of the offending parties paid their costs, while 20 or more appeared this morning.

When Detective Tisdale, Squire Chittick and Constable Corsaut opened court this morning at 10 o'clock, one of the first things they found was an envelope from a local lawyer containing the costs in his case. The party in fused to give his name on Sunday last.

Of the 40 people summoned, ten at least are out of the city, and their cases consequently will be held over.

It also was reported this morning that many of those who had given ficticious names and addresses had appeared and paid the costs unsolicited. Detective Tisdale also said that he felt confident that the remainder of them would be located within a short time.

CONDENSED LOCAL NEWS

—There was no sitting of the high court for London today.

—Mr. Walter Scott has been granted a building permit for alterations and additions to be made to his residence on York street, between William and Maitland streets.

—Among recent visitors to the London office of the Toronto Globe were Thomas Ballantyne, jun., Stratford; Mr. and Mrs. Adam A. Stewart, Woodstock; Robert D. Noble, Petrolea; Sir Wilfrid and Lady Laurier, Ottawa.

—Complaint has been made to Medical Health Officer Hutchinson that a dump is being made of the West London breakwater, and that it is becoming a menace to the health of the community. The doctor is looking into the matter.

—The funeral of the late Mrs. Rosanna Keays took place yesterday afternoon from the residence of her son, Mr. Wm. Keays, of 884 Waterloo street, to Hyde Park Cemetery. The services were conducted by Rev. Mr. Mahon, of Arva, at 2:30, in the Hyde Park Methodist Church.

—The remains of the late Mrs. Ann Brown were interred at Brown's Hill Cemetery on Thursday afternoon. The funeral took place from the family residence, 348 Grosvenor street, where Rev. T. H. Mitchell, of New St. James' Presbyterian Church, conducted the services. The pall-bearers were: Messrs. Joseph Cunningham, W. J. Weir, John Wilson, Fred Bailey, John Judd and Joseph Weir.

—"The Mikado," which is arousing such keen interest in and around London, promises to be the best musical event that has appeared here this season. The opera is full of good, catchy music, the kind that is whistled and hummed afterwards. If you want to enjoy an evening of good solid entertainment, don't miss "The Mikado." Given in aid of the isolation hospital, May 17 and 18, at Bennett's. Plan opens at Nordheimers' on May 14 at 9 o'clock.

LONDONER A PRIZE-WINNER.

At the graduation exercises held at Mount Sinai Training School for Nurses, New York, Miss Winnifred M. Forsyth, of this city, was presented with a case of instruments for executive ability shown during the course of training.

GARRISON CHURCH PARADE.

The entire London garrison will attend divine service at St. Paul's Cathedral tomorrow morning. The troops will assemble at the armories and march to the church, via Dundas and Richmond streets, returning to the armories via Queen's avenue, Adelaide, King and Waterloo streets.

WANTED M. H. O.'S ADVICE.

A Glencoe lady today sent a piece of beefsteak to Medical Health Officer Hutchinson to have it examined. She asks if the meat is fit to eat, and also what part of the beef critter it was cut from.

"It was sold for steak," she says, "but I don't know what it is."

The meat arrived in a small paper box.

LAST OF THIS CASE.

C. J. Mills, of London Township, who was recently sued by Andrew Anderson, a farmhand, for wages due, appeared before Squire Chittick this morning and paid the amount asked for, $23.

When the case first came up several weeks ago, Mr. Mills' lawyer attempted to show that Anderson was indebted to his employer, but Squire Chittick ruled differently. The defendant then announced that would in all probability appeal the case.

LATE MRS. MARY SMITH.

The remains of Mrs. Mary Smith, who died in Guelph on Wednesday, at the residence of her son, Rev. W. J. Smith, pastor of Dublin Street Methodist Church, were interred here yesterday. Deceased, who was in her 70th year, was a native of Limerick, Ireland, and was the widow of the Rev. Philander Smith, Methodist minister, whose death took place here 39 years ago today. She is survived by two sons and one daughter. The sons are: Rev. W. J. Smith, of Guelph; Mr. C. N. Smith, M.P.P. for Sault Ste. Marie, and Mrs. J. H. Madden, of Buffalo.

AGED HEBREW DIES.

Mr. Abraham Fox, of this city, died at Victoria Hospital early this morning after one week's illness with pneumonia. Deceased was in his 94th year, and was born in Leeds, England. He came to this city about 25 years ago, and had resided here ever since. Three sons and one daughter survive—Joseph and Thomas, of this city, and Maurice and Mrs. Langdon, of New York City. The funeral will take place from the residence of his son, Mr. Thomas Fox, 232 Queen's avenue, to the Jewish Cemetery tomorrow. Rabbi Phillips will conduct the services.

AID FOR WESTERN IS FAVORED

Continued from page one.

ernment should treat the Western as it has treated Queen's, which has been state-aided for years. When the Western University first sought aid from the present Government, it was told to strengthen its staff. The staff was strengthened, and then it was told that it lacked a large endowment, and because it had nothing it would be given nothing.

The university authorities are not disheartened, however, and they hope to be able to show the Government that the need of a strong university in the west is felt by the people, and that state aid will be demanded.

It has been pointed out that some of the most successful educational institutions in Canada and the United States are small, and have no endowment funds, and that the Western, with a little assistance, will be able to hold its own among the larger institutions of the land.

It is hoped the resolution passed by the West Lambton teachers will be followed by similar resolution from other educational bodies in the west, so that the Government may be impressed with the truth of the statement that Western Ontario demands the same treatment as has been extended to Eastern Ontario, which has its Queen's University.

In the language of Inspector Moshier, there is a lack of academic balance in Ontario, and the west is being made to kick the beam.

Pleased With Visit.

Local educationalists and citizens in general are greatly pleased with the manner in which the teachers of West Lambton took up the university matter.

The programme for the entertainment of the teachers was brought to a close at the Normal School yesterday afternoon, and at its conclusion a resolution was passed by the Lambtonites thanking the local board of education, the local teachers and others, for the kindnesses extended to them.

Inspector Moshier and the teachers expressed themselves as highly pleased with the trip to London, and also with the schools they visited.

The art work of the schools was particularly mentioned.

The fire drills also attracted the attention of the visitors. Most of the teachers returned home last night.

WOMAN KILLS BABE AND SELF

Continued from page one.

came aware that her husband was keeping another woman.

Mrs. Sigsworth had been home in London, visiting her mother-in-law, on King street.

For two months she remained in the city, having come for the benefit of her health.

When she left Pittsburg she was so ill that she had to be carried to the train. With her baby boy, she soon regained health and strength in London, and she left for home the latter part of November.

It was then, it is alleged, she learned of her husband's conduct.

A Pathetic Letter.

About two months ago, Mrs. Sigsworth, her mother-in-law, received a pathetic letter, telling of Alexander's actions, and begging her to try and so something with him. The letter concluded:

"I can bear it no longer. I wish God would take me and the baby home."

Mrs. Sigsworth, sen., strongly sympathized with her daughter-in-law, and she wrote her son, begging him to be good to Carrie.

The complaining letters from the daughter-in-law continued to arrive, however, until yesterday the climax was reached, and a telegram from Pittsburg was received. It stated that "Carrie had killed the baby and herself."

Mrs. Sigsworth, accompanied by her daughter, Mrs. Robert Carrothers, of Pegler street, left last night at midnight for Pittsburg. It is understood the funeral will be held in that city.

The late Mrs. Sigsworth had a half-sister in Buffalo, whose name could not be learned.

Alex. Sigsworth is about 33 years of age, and his wife was about 30.

The Dead Woman.

Mrs. Winnett, when seen by The Advertiser today, spoke very highly of Carrie Raymond. The girl had worked for her for several years, and while it was pretty well understood that she had a violent temper, she never exhibited it to any degree in the Winnett home.

She was a very handsome, stately girl. She exhibited the greatest taste in dress for a girl of her station, and was always obliging and courteous.

Mrs. Winnett was not, however, surprised to hear that under the circumstances she had killed her baby and herself. Carrie always impressed her as a peculiar girl, deep, and intensely passionate.

John Sigsworth, father of Alexander Sigsworth, drives a wagon for French & Co., of Dundas street. John Sigsworth, jun., of this city, is a brother of Alexander.

TWO BUSY VOLCANOES.

Messina, Sicily, May 11.—Mount Etna and the Stromboli volcano both continued in active eruption yesterday. The situation is rendered more alarming by frequent earthquakes.

$500,000 FIRE.

New York, May 11.—Fire last night did damage estimated at $500,000 in the building in Sixth avenue occupied by Sheppard, Knapp & Co., dealers in furniture and carpets. One wing of the building was almost completely cleaned out. The heavy loss is due to the fact that the firm carried a very valuable stock of fine goods, including many high-priced oriental rugs.

HEARST HAS A VICTORY.

Albany, May 10.—The court of appeals today sustained the right of Attorney-General Jackson to attack in the name of the people the title of George B. McClellan as mayor of New York city, in behalf of William R. Hearst. The Hearst cause has now won in all courts. The court is unanimous, and no opinion is given.

NOTED SWINDLER DEAD.

New York, May 11.—A dispatch from Ashville, N. C., says:

Sidney Lascelles, a swindler known to the police of two continents, and who operated under the name of Lord Walter S. Beresford and a dozen other aliases is dead. W. T. Cheney, of Rome, from where he operated extensively, positively identified him yesterday, as the notorious swindler. He was known as Sidney Lascelles, alias James A. La Salle, alias Robert Turnbull.

A GERMAN LOCKOUT.

Berlin, May 11.—The Master Builders' Association of Berlin and its suburbs yesterday decided unanimously to lock out, May 18, all masons and bricklayers assisting building workmen. Over 100,000 men are affected by this decision. This proposed lockout, which threatens to be one of the greatest that has ever taken place in Germany, arises from the demand of the men for an 8 instead of a 9 hour day.

ANARCHIST IN THE TOILS.

Bucharest, May 11.—An anarchist named Gaidoff, charged with complicity in a plot against the life of King Charles, was arrested here yesterday. The police seized also a quantity of anarchistic pamphlets, a machine for the manufacture of the bombs, some dynamite, and correspondence with certain Bulgarian anarchists, including one of the men implicated in the assassination of D. Pekoff, the Bulgarian premier last March. Gaidoff was examined by a magistrate, but he refused obstinately to reveal the names of his associates or to impart any details of the conspiracy.

STOCK MARKETS.

H. C. Becher, stockbroker, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, May 11—Close.—The strong position of Union Pacific and Southern Pacific at the opening and the close of the market was duplicated in our figures today. The formation of a banking syndicate as a precautionary measure, should the entire issue not be taken by stockholders, is no doubt in process of formation, and from the strictly banking standpoint it is an attractive proposition, for it represents a call for ten years on the common stock at 157½, with a good bond interest return in the interval. The bank statement was better, especially in the loan decrease. The effect of shipments of currency to San Francisco was shown in the cash market. The list of quotations on our board was shaded at the early market, but acted better toward the close. There was no special news to account for Smelters being sold, and the same might be said of Reading, for the rumor of new financing lack authority. The buying of Atchison is said to be good, and the Steel stocks hold well on the prospects of future business in their railroads being good, and they are ordering large supplies.

Wheat prices again today advanced in a pronounced manner, and this had a quieting influence on the stock market. The market that can stand a wheat market such as we have, and the recent bond and stock issues, and not decline in vigorous fashion all through the list, certainly presents some elements of strength, and we believe that stocks should be bought on recessions, as we have repeatedly stated to you. It is also highly probable that public sentiment, which is skeptical or openly bearish, is a laggard if the true facts of the situation are studied and understood. It is a change in sentiment that is needed, a little more hopeful frame of mind, and not so much a change in actual money market condition or the loan items of the banks. The market generally closed with a show of strength.

Chicago, May 11.—Wheat—The influx of new business kept the wheat pit in a turmoil from bell-tap to bell-tap. The pressure on wire facilities excluded much of the news which would otherwise have been received. The market, however, was in no need of a bull incentive, advancing from two and a half to five points before being checked by those with large, quick profits. This tremendous broadening of trade is simply an appreciation by the public of the certainty of curtailed yields in every important wheat country the world over. Europe and America are suffering from the severe winter and the backward spring, and at home the "green bug" has wrought as much, or more, damage than both the above-mentioned factors. The gravity of the position in the Northwest can't be exaggerated in the opinion of B. W. Snow, and in our spring wheat belt bad weather continues, with general showers indicated for tomorrow. The point to be kept in view is the fact that damage stil lcontinues, with all conditions adverse. There is a probability that the green bug will work the same damage in Nebraska that it has further south, and it may even spread into the spring wheat states. It has been years since such a world's position has obtained, and where the advance will stop is entirely problematical. We may have prices much over the highest price suggested. Cars, 17.

Corn worked up about 1 cent a bushel, largely on the strength in wheat, and partly because of small receipts. The demand, however, is only fair. A continued advance in wheat will mean a firm market in corn, but the situation does not suggest at the moment any radical change in values. Cars, 267.

Oats were strong for the later deliveries, helped by the strength in wheat and by the unfavorable crop start in a number of options. Cars, 243.
