### Eatons Play Ulster Today For Brigden Cup

The Toronto and District Football Association will open their season today at Dunlop's Athletic Ground, when Eatons and Ulster will meet in the sentifinal of the Brigden Cup competition. It will be remembered that owing to various causes this competition was not finished last season, and it was decided that it should be the opening competition for the current season. Both teams will be allowed to play the players who were on their list at the close of last season, and, as both teams had some of the best players in the city registered, a good game should result. The game is called for 3 p.m. and will be refereed by Alf. Beeston. is called for 3 p.m. and will be refereed by Alf. Beeston.

At a largely-attended meeting of the Wychwood and Lancashire Football Club held at Occident Hall it was proposed and adopted that the two clubs be amalgerrated for the coming season on account of the large number of players of both clubs who have enlisted for overseas. The record of both clubs is well known by soccer followers thruout the city. The new club is to be known as the "Wychwood-Lancashire Football Club." The following officers were elected for the ensuing year: President, W. R. Curry; vice-president, Ed. Tomlinson; secretary-treasurer, A. Fraser; committee: D. Fraser, F. Ostridge, Britton, G. Lord, G. Tod, A. Barrett; delegates: Geo. Spiller and A. Lord; trainer, George Tod. The president read a hist of seventeen good players who have already affixed there signatures to forms for the coming season. Any good player wishing to Join a good club will be made welcome by communicating with A. Fraser; secretary-treasurer, 343 Greenwood avenue.

Patrons of football in Toronto will be pleased to hear that Percy E. Wimter is still well and doing his bit to crimp the kaiser's hopes on the western front. Percy will be remembered as one of the best forwards the Overseas Club everhad. He has been in France over a year and a half.

#### Jim Thorpe Again Back to the Minors

Hig Jim Thorpe, sturdy son of the Sax-and-Fox tribe, is the last of his race to make a fight for a big feague berth, for the day of the Indian in baseball is sbon to pass. Chief Meyers, with the Dodgers, is still holding his place as a najor leaguer, but when he was traded to the Dodgers by John McGraw the wise ones knew that he was on the backward trail, for McGraw doesn't let 'em go until they commence to slip.

The passing of Chief Bender during the winter marked the retreat of the Red Man, and the unsuccessful attempts of Big George Johnson and Jim Blue-jacket to hold their own in major leaguer, company within the past two years is evidence of the passing of real Americans from a real American game.

Jim Thorpe, past the 30-year milestone, is now in his prime, for he is an athlete among athletes. But Thorpe, great as a track man and a football star, has found the wiles of major league pitchers too much for him, and his third attempt this year has been no better

than the others. McGraw has always hoped that Thorpe could be developed into a real star, for in Thorpe he saw physical ability that only one man in a thousand can boast of. But for some reason Thorpe has been unable to meet the requirements of a major leaguer, and McGraw will probably hesitate to call him back egain.

Thorpe stands today as the best all-Thorpe wasn't cut out for a demon slugger against major league pitchers, and he will never rank as one, but in the minors he should be good for many a year to come, if he wants to stick in
