President of France Plunges Turu Window of Fast-Moving Train

CALL ON PROVINCE TO PROVIDE MALTED LIQUOR FOR TOLLERS

Ontario Labor Educational Association Goes on Record —J. Marks' New Office.

MEET IN BRANTFORD

Brantford, May 24. — (Special.) Joseph T. Marks of Toronto was appointed permanent secretary-treasurer of the Labor Educational Association of Ontario, at the eighteenth annual convention, held in this city today. He is to devote all his time to the educational propaganda of labor. Mothers' pensions, the end of prohibition in favor of malt liquors, the nationalization of the medical profession, and municipal ownership were the principal subjects upon which action was taken. Preston was selected as the convention town for next year, and the executive was instructed to push the sale of union-made goods as much as possible. James Marsh, general organizer of the carpenters of Canada, presided at the two sessions this morning and this afternoon. Mayor M. M. MacBride, M.L.A., extended the civic welcome, and H. J. Symons, president of the Trades and Labor Council, that for the union men of the city. Some two hundred delegates were on hand, including women representatives of the Independent Labor Party Women's Auxiliary and other labor organizations, who, for the first time, (Continued on Page 10, Column 7).

DISMANTLED SEAPLANE PICKED UP IN OCEAN

New York, May 24.—A hydro-airplane marked "No. 323" was picked up at sea today off Scotland lighthouse by the steam pilot boat New York. The hydro-airplane was upside down when it was found, and there were no traces of any occupants. According to one of the pilots of the New York, the plane had evidently been abandoned and washed out to sea without wings or engines, and has evidently been in the water for some time. They expressed the opinion it may have been an amateur experimental plane which had floated away before more than the body had been completed. Officials here of the navy hydroplane stations said they had no record of a plane bearing the number 323 in any of the stations in the vicinity of New York.

PURCHASE OF CARS ISSUE IN COUNCIL

Controllers' Instructions to Commissioner Harris is Expected to Provoke Debate.

HOLD SESSION TODAY

The recommendation of the board of control that the commissioner of works be authorized to purchase street cars of the Witt type for service on the civic lines without reporting to the board or to council will be one of the most important matters before the city council at its meeting today. The commissioner recently recommended the purchase of one-man cars but this was killed by the board. An appropriation of \$200,000 for the purchase of new cars and the proposal is that Mr. Harris should be permitted to take this money and go out and buy as many cars as possible with that amount.

The board is also recommending the purchase of the old general hospital on East Gerrard street for an isolation hospital. It can be purchased from the General Hospital Trust for \$150,000 plus charges in connection with the deal.

Regarding housing, the board of control report contains no definite proposals but holds out the hope that a nomination of five members to form the new housing commission will be ready for the next meeting of council.

There is likely to be a battle in council over the appropriation for the purposes of the board of education. The trustees recently appeared before the board of control and asked for over two and a quarter million additional. They were promised only one million with the possibility of this being cut to \$700,000 in case the floor street site was disposed of. It is understood the trustees will appeal today direct to council to increase their appropriation.

Several subdivision plans are on the program for approval.

A bill will be introduced to permit the construction of a 17-story addition by the King Edward Hotel, which will exceed the height permitted under the bylaw.

Australians Disatisfied With Sessional Indemnity Increase

London, May 24.—Australians express much dissatisfaction with the bill submitted by Premier Hughes for increasing the salaries of members of parliament from £2,000 to £2,500 a year, however, was carried by a large majority.

A STUDY IN EXPRESSION The question is, what horse did the gentleman back? It is an easy guess it was not the one favored by the ladies. It is also fairly apparent his favorite was not winning. Mrs. Livingstone, the well-known horse woman, stands on the right.

REDS REPULSED IN HARD FIGHTING ON 90-MILE FRONT

Bolsheviki Suffer Heavy Losses in Fiercest Battle in Months.

SEEK TO BREAK LINE

Warsaw, May 23.—The Bolsheviki are attacking in waves on the northern fighting front in a thrust to break the Polish lines and open communication with East Prussia. The fiercest fighting in months is raging along the 90-mile battlefield. Villages are changing hands daily and the lines are swaying to and fro. The fighting has mostly been infantry encounters thru the open, swampy country. The latest official statement says that the Bolsheviki were thrown back at most places in a two-day battle, the Bolsheviki suffering heavy losses in men killed. The fighting spirit of the Poles was stimulated by the finding of bodies of Polish soldiers who, it is declared, had been wounded and then killed by the Bolsheviki with rifle bullets. The Bolsheviki were aided in the fighting by aviators, two of whom were brought down by the Polish fliers. The Bolsheviki also brought up armoured trains. All the trains on the front are reported to be officered by Germans, with many trained machine gunners. Since the Bolsheviki offensive began, 12 divisions have been identified among the reinforcements constantly appearing. A Bolsheviki division numbered about six thousand men. Dvinsk, one of the objectives of the Bolsheviki, is a railroad junction on the Dvina, whose capture would give the Bolsheviki direct rail line to East Prussia across Lithuania.

CARRANZA'S DEATH STILL A MYSTERY; LEADERS AGHAST

Scores of Theories Advanced, Some Even Suggesting Suicide.

TO HOLD INQUIRY

Mexico City, May 24.—Adolfo de la Huerta, governor of Sonora, was named president ad interim of Mexico by the extraordinary session of congress this evening. He received 224 votes against 28 for Pablo Gonzalez. General Antonio Villareal was the only other candidate. The extraordinary session had been fixed for three o'clock this afternoon, but did not begin work until six o'clock because of the lack of a quorum. After one hour and a half of halting Governor De La Huerta received the necessary two-thirds majority. The new incumbent holds office under the "Agua Prieta" plan, and has already postponed the presidential elections from July 4 to September 5 under authority of the "Agua Prieta" plan, which makes him supreme chief of the liberal constitutional army. He exercised the same authority in calling the extraordinary session of congress.

Mexico City, May 24.—President Carranza alone was killed during the night morning hours of May 21 in the tiny mountain hamlet of Tlaxcalantongo state of Puebla, it became known today. First reports stated that six others met death, and later this was (Continued on Page 5, Column 5).

HOLIDAY PROGRAM OF PREMIER DRURY

Addresses Gatherings in Millbrook and Omemece—Visits Orono and Bewdley.

Millbrook, Ont., May 24.—(By Canadian Press) Premier E. C. Drury accompanied by Mrs. Drury spent the holiday in Orono, Millbrook, Bewdley and Omemece. At noon he motored from Orono to Millbrook and was tendered a public reception by members of the municipalities of Cayvan and Millbrook. Reeve W. Wood presided. Addresses of welcome were read by W. S. Given representing the municipalities and William Beich representing local branches of the U. P. O.

The premier gave a short address, in which he reiterated his policy of dealing openly with the electors and placing all the cards on the table. Activities of the present session were reviewed at the close of the public session, the premier and his party were entertained at luncheon, and later in the afternoon the premier motored to Bewdley, where he officially unveiled a memorial to the memory of the late Joseph Scriven, author of "What a Friend We Have in Jesus." In the evening he journeyed to Omemece and addressed a large, attended meeting which was held in connection with the holiday celebration.

FRENCH PRESIDENT FALLS FROM TRAIN; IS LITTLE INJURED

Was Opening a Window Rounding a Curve, When He Lost His Balance.

IN SCANT ATTIRE

Paris, May 24.—President Deschanel returned to the Elysee Palace this evening after his miraculous escape from death near Montargis last night when he plunged head first thru a window of a special train, on which he was traveling to Mont Brison to dedicate a monument to Senator Raymond, a French aviator, who was killed during the war. The president looked not much the worse for his experience. M. Deschanel, who was accompanied on the trip by automobile from Montargis by Mme. Deschanel and Premier Millerand, alighted from the vehicle in the Elysee yard without help. His face was not bandaged, but showed the marks of the accident. Premier Millerand said to the correspondent: "You may announce that the president is sound physically and mentally. Only a few scratches remain of the terrible experience he underwent. President Deschanel is feeling so good that he insists on presiding over the council of ministers, which is scheduled to be held tomorrow."

It developed from M. Millerand's talk that the escape of the president from death was miraculous, according to the rate of 50 kilometers an hour. "It is fantastic," the premier kept repeating. Alighted in Soft Sand. Jules Siege, minister of the interior, who was on the train with the president, and alighted on soft sand head first. "It is fantastic," M. Millerand said again. "I have advised the president to retire to Rambouillet for a few weeks, because it is only on the train that he will feel the reaction from the strange experience he has gone thru."

BALFOUR AND POPE DISCUSS IRELAND

London, May 24.—The long audience which Arthur J. Balfour, lord president of the council, had with the Pope recently was devoted chiefly to a statement of the case of Ireland from the British government's standpoint according to a Rome despatch to The Daily Mail, dated Sunday. The Pope, the correspondent adds, will hear on Monday the other side from the Sinn Fein leaders assembled in Rome. The pontiff has already conferred with the Irish bishops.

ULSTER VILLAGE ORGANIZED TO DEAL WITH SINN FEINISM

Volunteers Reformed and Pickets Established—Armed Mob Decamped When Villagers Turned Out in a Body.

Belfast, Ire., May 24.—The village of Lisbellaw, Ulster, has been given the lead in an organized effort to deal with Sinn Feinism. The Ulster volunteers have been reformed and pickets established. At midnight Sunday a sergeant proceeding home saw an armed mob around his house. He notified the patrol on duty, the mill siren was sounded and church bells rung, and the villagers turned out in a body. The Sinn Feiners promptly decamped and did not renew the attack, altho shots were fired at belated pedestrians in some districts.

WILSON REQUESTS CONGRESS TO AUTHORIZE A MANDATE FOR U. S. OVER ARMENIA

Says It is His Earnest Belief That the American People Would Wish It Done—Message Referred to Foreign Relations Committee, But No Indication When It Will Be Acted On—Republican Leaders Are Opposed.

Washington, May 24.—President Wilson today asked authority from congress for the United States to accept a mandate over Armenia. The president told congress that he thought the wish of the American people was that the United States should become the mandatory for Armenia. Mr. Wilson said he was conscious that he was urging "a very critical voice," but that he did so "in the earnest belief that it will be the wish of the people of the United States, and that this should be done."

The president's message was read in both the house and senate, but was discussed in neither. Each house referred it to its committee on foreign relations, and there was no indication when either committee would take it up. Some Republican leaders in the senate predicted privately that the message would lie in the senate committee indefinitely. Senator Lodge of Massachusetts, the Republican leader, and chairman of the senate committee, had no comment to make on the executive's recommendation. In the past, however, he has declared emphatically his opposition to a mandate.

Senator Harding, Republican, Ohio, chairman of the committee which investigated Armenian affairs, said he never would consent to taking a mandate over Armenia, and added that he did not think the senate would consent. "Opposed to a Mandate for Armenia," he said, "I am almost unanimous against a mandate. Democrats as well as Republicans opposing such a step." President Wilson referred to this resolution in his message today, but the senator pointed out that this measure was adopted as a substitute for one by Senator Williams, Democrat, Mississippi, proposing that the United States become the mandatory for Armenia. The president, in his message, informed the senate that he had accepted the invitation of the allied supreme council that he undertake "to arbitrate the very difficult questions of the boundary between Turkey and Armenia," saying he (Continued on Page 5, Column 2).

PAUL DESCHANEL President of France, who miraculously escaped death when he fell from a fast-moving train.

HUGE CROWD SEES WILDE KEEP HOLD ON WORLD HONORS

Wallace, However, Gives Briton Rough Passage in Seventh Round.

BIG LEAD ON POINTS

Jimmie Wilde of England came within an ace of losing his flyweight championship of the world before 15,000 men and women, last night, to Patsy Wallace of Philadelphia, at the Grand Army and United Veterans' carnival, in the ring in front of the Exhibition grandstand. But he did not, and, instead, earned the referee's decision at the limit of ten rounds, by a long margin. It was in the seventh that Wallace landed a right cross flush on Wilde's mouth, and the blood flowed. It looked like several teeth out of a cut tongue, but it was a deep gash in the lower lip, and the champion was somewhat woozy. Wallace tried for the finishing touches, but, instead, Wilde fought right back, bleeding, and covered with gore. In the corner they fixed him up liberally. He came back for the eighth, but still flowing, but he was game and fighting without giving an inch.

In the ninth Jimmie was himself again and all cleaned up. He continued to chase Wallace, and late in the round Patsy opened up the lip again, and Jimmie was now out of danger. He continued to bleed, he never stalled, and battled aggressively thru the final round. At the close there was another scene, when Marsh, by mistake, started to cover Wallace with the victorious flag. Seeing his mistake, the referee stepped over to Wilde, when Doc Cutch and other Wallace seconds grabbed him, and there was scrambling and confusion. The police had to clear the ring. Then Wilde was properly proclaimed the winner. The little Englishman surely won by a city block. At the first Wallace won the seventh and eighth more from looks than anything else, the on points scored these were even, while Wilde won the other eight easily, 10 to 1. The earliest scene was in the fourth, when Wilde tore his glove, and the (Continued on Page 8, Column 4).

ONE KILLED, THREE HURT, IN AUTOMOBILE ACCIDENT

Montreal, May 24.—David McKerrrow, 40 years old, died in the Royal Victoria Hospital this morning, and three other persons were seriously injured, following an automobile accident which occurred Sunday night near Napierville, Que., when the car went off the road at a curve and turned turtle in a ditch, throwing its six occupants into the nearby field. The injured are: Mrs. McKerrrow, 38 who suffered a fractured arm and rib; Michael Costello, 40, fractured foot; William Pelotte, 48, inn-keeper at Meville, N.Y., scalp wound and internal injuries. They are being taken care of in the Royal Victoria Hospital.

LEGALIZES THE SALE OF 2.75 PER CENT BEER

Albany, N.Y., May 24.—The Walker bill, legalizing the manufacture and sale of beer containing not more than 2.75 per cent of alcohol by weight, was signed by Governor Smith today. The measure provides for the sale of 2.75 beer in restaurants and hotels in cities of the first and second class; declares that beer of such alcoholic content is non-intoxicating, and also provides for state regulation of its sale and fixes the license fees.

CZAR AND FAMILY STILL LIVING?

Russian Nobles and Officers Say They Escaped and Are Living in Japan.

Geneva, May 24.—The Gazette de Lausanne this morning publishes three columns concerning statements of Russian nobles and officers, recently returned to Europe, who declare that the former Russian czar and his family are still living, having escaped disguised by way of Vladivostok to Japan, where they are now living peacefully. Their existence is on being hidden for political reasons, the returned Russians say. One curious fact is recalled by the newspaper, which says it has been revealed that out of the ten thousand inhabitants of Ekaterinburg not one saw the murder or burial of the royal family, while even the Bolsheviki accounts of the incident lack confirmation. General Logoskowsky and Engineer Natidov, who were both at Ekaterinburg during the imprisonment of the former czar and his family, confirm other Russians' reports of their escape.

KILLED BY TRAIN

Amherst, N.S., May 24.—(By Canadian Press)—Martin O'Brien, station foreman of Memramcook, N.B., while walking on the main line track near Memramcook station, was struck by train No. 1006 yesterday, and received injuries which resulted in his death.

FIRST EXCLUSIVE PHOTOGRAPHS RECEIVED HERE SHOWING THE OVERTHROW OF THE CARRANZA GOVERNMENT One of a series of first exclusive photographs to be received here showing the incidents of the overthrow of the Carranza government. This photograph shows Carranza, whose execution was announced Saturday, attending his last official function as president at the San Fernando cemetery, where he placed flowers on the graves of the defenders of Pueblo on May 5, the anniversary of the battle against the French May 5, 1862.—Wide World Photos.
