"Let the GOLD DUST TWINS do your work"

"Your Servants, Madam!"

The Gold Dust Twins are always ready to work; they are certainly artists in the cleaning line. There's nothing cleanable which

Gold Dust Washing Powder

will not clean—and do it better, more quickly and more economically than anything else can. You are not serving your best interests if you're trying to keep house without GOLD DUST.

OTHER GENERAL USES FOR GOLD DUST: Scrubbing floors, washing clothes and dishes, cleaning wood-work, all sorts of furniture and stoves, polishing brass work, cleaning bath rooms, pipes, etc., and making the finest soft soap.

Made by THE N. K. FAIRBANK COMPANY, Montreal, P. Q.—Makers of FAIRY SOAP.

GOLD DUST makes hard water soft.

THE LIBERAL CANDIDATE IN ST. JOHN COUNTY CONTEST

A. F. BENTLEY, THE LIBERAL CANDIDATE—THEY'RE RALLYING TO HIS SUPPORT IN ALL SECTIONS OF THE COUNTY.

NELSON BEATEN BY AL. WOLGAST

The Batter Had the Worst of It at Los Angeles on Tuesday.

Al. Wolgast put it all over Battling Nelson at Los Angeles on Tuesday. The law did not allow a decision but the Batter was apparently thoroughly whipped at the end of the ten rounds. The fight by rounds was as follows:
Round One—Nelson met Wolgast in his own corner and followed his usual tactics of advancing steadily to his opponent. Wolgast put a light right to Nelson's face and took a right and left to the face in return. A ripping left reached Nelson's jaw. They exchanged body blows in a clinch and Nelson reached the face with straight left. Wolgast sent a right across the jaw in return. Even round.
Round Two—Wolgast reached the head with the right and went into a lively mix up in the center of the ring. Wolgast fought viciously but was backed to the ropes. Nelson fought his way to the centre of the ring with body punches. In close quarters Wolgast sent a right and a left to the head. Blood flowed from Nelson's nose. Wolgast sent two right uppercuts to the mouth as the round ended.
Round Three—They went at it hammer and tongs. Wolgast landed right and left a light left to the face and followed with a hard right to the jaw. Wolgast sent a right swing to the ear, landing right and left to the head and put another left to the body and a right to the face. Wolgast showered Nelson with rights and lefts to the head and Nelson fought back for the

stomach. Wolgast landed repeatedly to the face and body. In close quarters Wolgast had all the better of the fight and had a big lead at the end of the round.
Round Four—Both missed right swings. Nelson being first to land, getting a left to the stomach. In close quarters Wolgast sent two swift rights to the face. Nelson's left eye began to swell in this round. They exchanged body punches and Wolgast reached Nelson's head with a left. Nelson was missing and falling short. Wolgast shot a terrific right to Nelson's stomach and then landed half a dozen rights

GLACE BAY WILL KEEP THE SOLDIERS AT THE MINES

Motion for Their Recall is Voted Down By the Glace Bay Council—Colliery Output Shows an Increase—Strikers Returning at Inverness Mines.

Glace Bay, July 14.—The centre of interest tonight was the town hall, at the council's weekly meeting. When the question of the presence of the militia came up there was a sword in the council chamber and hall, reinforced by a crowd in the street, and it was expected that some action would be taken.
Councillor A. McDonald moved a resolution that in the opinion of the council, it will be necessary to retain the soldiers until the cause of the disturbance was removed.
As soon as the resolution was before the meeting, Councillor Tobin rose and said that he was going to object to the motion being put as it would have to be treated as a notice of motion, but it went ahead.
Deputy Mayor Tobin objected to the way the riot act has been read, the sheriff having been brought to Glace Bay in a special train the night before and the riot act having been read in broad daylight, when there was little apparent necessity for it.
He spoke of the hardships endured by the women last winter and extolled them for their bravery. He said the soldiers cost \$1,000 a day. The soldiers were too much under the thumb of the coal company. Finally he moved an amendment that a meeting of ratepayers be called to consider the resolution and the question of cost.
Councillor A. McDonald said that it was all nonsense about the cost of soldiers being \$1,000 a day to the town, and gave figures to show that the cost was not more than \$250.
The town's 181 special police appointed by the mayor will cost as much as the soldiers.
The mayor said he thought the strikers as well as the workers in the mines should be protected. Repudiation was the only way to get clear of the expense.
The amendment was defeated on a vote of nine to two, and the motion was carried on a reversed vote, so the soldiers will remain until the strike is over.
An increased output of 200 tons from the mines over yesterday's output was claimed by the coal company this evening. The company claims also an increase in the amount taken from the banking stations.
The steamer Ocean sailed today for Sydney for Montreal with a cargo of 7,000 tons. Other steamers are loading.
Inverness, N. S., July 14.—(Special)—Good order prevails here. The company reports that 480 tons of coal were hoisted yesterday and 520 tons loaded from the bank. The strikers are gradually returning to work. A Belgian miner has been committed for trial at Port Hood on a charge of assault. The presence of the troops is having the desired effect, and they will not be withdrawn, the company says, until the trouble is settled.
Ottawa, July 14.—(Special)—The opposing view of representatives of the two chief labor organizations of Canada on the question at issue in the coal miners strike in Cape Breton are set forth in the statements handed out today by J. W. Patterson, president of the Canadian Federation of Labor, and P. M. Draper, secretary of the Trades and Labor Congress.
The former takes strong stand in favor of the Nova Scotia Provincial Workmen's Association against internationalism in labor organizations of Canada and the latter emphatically endorses the position taken by the United Mine Workers.
"This," said Mr. Patterson, "is the beginning of the war for the emancipation of the Canadian workman from American domination. The troops have a perfect right to be there, when there are importations of Belgian going around with knives in their hands, and it is time for Canadians to have some form of protection.
"Where is all the money coming from? I believe when the government investigates

this strike, as it will surely do, it will find the source from which the pay of these American agitators is coming is American capitalists, rather than from the United Mine Workers. I have every confidence that there is a great conspiracy on foot, else what is bringing in all these men, some of whom do not belong to the United Mine Workers, who are willing to take their lives in their hands and do violence on the slightest urging. The mayor of Glace Bay, in my opinion, is not acting in the best interests of his citizens. He has sworn in members of the United Mine Workers as special constables, and they have arrested men peacefully at work, according to the despatches. While the Canadian Federation of Labor did not, according to this morning's despatches, say that the troops be retained, I believe that they should be, and the Canadian Federation of Labor will give every assistance in its power to help the Provincial Workmen's Association."
"The demand for the withdrawal of the troops contains no subterfuge on our part for the use of violence when they have been withdrawn," said P. M. Draper. "Violence in any form is against every principle of international trades unionism. The mayor of Glace Bay was overruled by the county judge after the council had decided asking for troops. One has only to read the militia act to see that the mayor of a city is in supreme authority in a case of this kind."
"We had James Simpson, of Toronto, our second vice-president, on the ground, and he has assured us that there is no necessity for the soldiers, as there was absolutely no sign of violence when they have been withdrawn," said P. M. Draper. "An endeavor is being made to have the public believe that we are trying to win the strike by violence. Such is not the case, however. The United Mine Workers have a membership of nearly 400,000 and funds of over a million for strike purposes. They should stand ready to support the men on strike in Cape Breton for an indefinite period. I have authority for making this statement."
"You can add further," said Mr. Draper, "that we will call on every international union in Canada to condemn the use of the militia in this strike. We are all in sympathy with the United Mine Workers Union and the congress is the mouthpiece of the United Mine Workers in Canada, of which there are 8,000. These resolutions, when it is remembered that there are 150,000 or 200,000 international union men in Canada, will be effective."
Ottawa, July 14.—(Special)—When shown the despatch from Glace Bay with respect to the demand of Mayor Douglas and the United Mine Workers' Union that the troops be withdrawn, Colonel Fleet, deputy minister of militia, stated today that he had despatched a reply to Glace Bay yesterday.
"I told the mayor that General Drury, who is in command of the troops, has full authority over them, and he is the man with whom the municipal authorities will have to confer."
"It amounts to leaving the whole thing in General Drury's hands, then?" Colonel Fleet was asked.
"Yes, that's practically what amounts to. The troops were called out in accordance with the law. General Drury is on the ground and is in command of the troops, and hence he is the man with whom the mayor of Glace Bay will have to confer."
A tickling or dry cough can be quickly loosened with Dr. Shop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by all Druggists.

Cyril McDonald, of this city, the New Brunswick winner of the Standard of Empire trip to Europe, accompanied by A. Wharton, the winner in Nova Scotia, left on last evening's Montreal train and will sail from Montreal for Liverpool.

REFUSE UNSATISFACTORY IMITATIONS

CONTRACTS UNDER THE HAZEN REGIME GO TO THE HIGHEST BIDDERS

Mr. Hazen and his government have reversed the usual order of letting out contracts. Tenders are advertised for and public competition invited. The honest and usual course is to award the contract to the lowest tenderer and to take bonds for the faithful performance of the contract. The Hazen government has awarded the Provincial Hospital contract for Minto coal to the highest bidder, causing a direct loss to the province of about \$1,000. The contract was given to James S. McGivern at \$3.69 a ton when J. S. Gibbon & Co. offered the same coal at \$3.30 a ton. Is it any wonder that a government which hands out its cash to political friends in this way has no money to spend on the roads?
