# PAIN-KILLER.

THE GREAT EXTERNAL AND INTERNAL REMEDY.

TAKEN INTERNALLY, it relieves *instantly* the most acute pain. USED EXTERNALLY, it is the best *Liniment* in the world. Its effect is almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

To the name of our medicine "PAIN-KILLER" which is our trademark, we have the exclusive right, which we have never failed to sustain at law, in any of the actions brought against parties putting up or selling articles under that name, or one so similar as to mislead the public.

We continue to prepare Pain-Killer from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine.

After thirty-five years' trial, it is still receiving the most unqualified testimonials to its virtues from persons of the highest character and responsibility. Physicians of the first respectability recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, etc., but for Dysentery, or Cholera, or any sort of Bowel Complaint, it is a remedy unsurpassed for efficiency, and rapidity of action. In the great cities of India, and other hot climates, as well as America, it has become the standard medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony, to be an invaluable medicine.

The Public are cautioned against imitations of the Pain-Killer, and to be suspicious of persons who recommend any other articles as "Just as Good." Many of these they make a little more profit upon, but which have no qualities in common with the Pain-Killer.

Said the clergyman: "My dear sir, you are near this life's end. Don't you feel the need of a new heart?" "No, half so much as need a new liver," said the sick man.
