LOCAL NEWS

TO SOLEMNIZE MARRIAGE.
Rev. W. L. Moore, of St. John, has been registered under provincial statute to solemnize marriages.

NEW CO-PARTNERSHIP.
A partnership has been formed by James H. Meahan, druggist, of Bathurst, and Albert Melanson of the same place, under the name of Meahan Pharmacy Company.

LINEN SHOWER.
Friends of Miss Lottie Parlee assembled at her home, 8 Haymarket street, last evening and tendered her a linen shower in honor of a coming event in which she is to be a principal. The evening was spent in games and music. Refreshments were served.

PRESENTATION.
Dr. W. B. McVey, popular O. C. the 8th Field Ambulance, C. E. F., who will soon proceed overseas, was yesterday made the recipient of a valuable pair of officers field glasses and a gold trimmed briar pipe and case by friends and patients.

NEW ST. JOHN COMPANY.
The Germain Street Property, Limited, has been incorporated under provincial charter to carry on general real estate business in St. John where the head office is situated. The capital stock is \$10,000. Those incorporated are Percy W. Thomson, Mrs. Maude S. Thomson and John A. Olive, all of St. John.

HOME ON LEAVE.
Pte. E. Ogilvie, of the 13th Batt., is expected in St. John tonight on the 5.30 train, on leave to visit his mother, Mrs. Thomas Ogilvie of 78 Lombard street, who is seriously ill. Pte. Ogilvie enlisted in Calgary and has not been in St. John for five years. He will receive a most hearty welcome.

HOME FROM ENGLAND.
A special train of Halifax passed through the city this morning with women and children passengers who arrived on an ocean liner at Halifax yesterday from London. These women and children are mostly the families of soldiers at the front and are returning home on the request of the government.

ON VACATION TRIP.
Constable Roberts of the C. G. R. station, accompanied by his wife, will leave tomorrow morning on a trip of two weeks through New Brunswick. They intend going from St. John to Fredericton, thence to Woodstock and then to motor through to Mr. Roberts' old home on the Grand Lake. He is taking along with him his rifle and is in hopes of bringing home a moosehead as a souvenir of his trip.

GOOD ROAD MATERIAL.
District Road Engineer A. F. Belding is in the city today from Westmorland county. He brought with him a sample of the remarkable cement gravel used in making between Antic and the Nova Scotia border, which is said to be the finest piece of road in New Brunswick. This cement gravel is a conglomerate of various minerals and looks like cement—has to be blasted and broken up before being placed on the road surface, and when there the rain cements it again, making a remarkably fine surface. A sample of it may be seen at the government rooms, 100 William street. Mr. Belding will go east again on the night express.

URGES ON TO GREATER WORK

Spirited Address To Baptist Association Meeting

MORNING PROCEEDINGS

Report on Some of the Activities—Committees Appointed—Decision to Retain Possession of Meduetic Church Building

At this morning's session of the annual convention of the Association of United Baptists of New Brunswick, in the Charlotte street church, west end, Rev. Dr. DeWalt, principal of the Ladies' Seminary at Acadia University, gave the devotional address, choosing as his subject the Lord's Prayer.

Rev. J. G. A. Belyea of Fredericton functioned as moderator of the meeting and at 10 o'clock made an excellent address to the delegates. He said that service was not complete by prayer alone. Besides faith, there must also be good works. He advocated that at least \$100,000 a year should be raised for the church. It was only when the required funds were available, he said, that the work of saving souls could be carried out properly. He said that there was a challenge from God to do his work and that the reward was both in temporal and spiritual benefits. The poor, he said, were a direct challenge to Christians. He touched on the insincerity of men and said that if all men voted as they prayed and thought, the present evil world would be effectively eradicated in quick time.

Rev. Dr. A. W. Brown of Sackville was the appointee enrollment clerk. The following committees were appointed: Nomination—Rev. J. E. Wilson of Woodstock; J. B. Ganong, of St. John, and Dr. Hutchinson, of St. John.

Arrangements—Rev. J. H. Jenner, West St. John; J. H. Wentworth, St. John, and T. D. Bell, of Pinder, N. B.

Letters—Rev. Dr. Brown, of Sackville; A. Perry, of Berrier's Mills, and A. N. McNeill, of Sackville.

Rev. S. S. Poole and Rev. Milton Anderson were appointed as members of the Sunday School committee in place of two of the members who were unavoidably absent.

Rev. J. E. Gollins, of Grand Harbor, Grand Manan, was elected assistant secretary of the association.

The annual report of the executive was read by Rev. F. B. Hayward, secretary of the executive. The report contained the results of the four meetings of the executive held during the past year.

The Pokiook and Doaktown churches were presented loans of \$250 each.

Rev. H. Royce was elected to take the place of Rev. A. F. Newcombe on the executive.

The treasurer of the executive has in the last year purchased three \$500 war bonds. The sum of \$94.16 was paid for printing the year book. An increase of \$25 was granted the chaplain of the General Hospital.

A committee of five was appointed to consider proposed changes in the provincial organizations.

A committee was named to secure annuity funds for home missions and a committee to prepare a recommendation for the association in regard to solemnization of marriages by retired ministers.

It was resolved to assure the Reformed Baptist Alliance that at the 1917 associational gathering the church at Meduetic would be given to them by the United Baptists.

There was a great deal of discussion in regard to the last resolution. It was argued that the church should, in view of the wish of the United Baptists there, let the church fall into decay. Rev. R. P. Hayward spoke fervently on the subject and suggested that it was only common courtesy to the other denomination. The building was an old one and would soon fall into decay. He thought that the gift of the building would not help to build up another denomination in Meduetic, because if the building was refused the Reformed Baptists, they would put up a building of their own. To refuse it would, in his opinion, erect a monument to the "dog in the manger" spirit among Meduetic people, which would do more harm to the United Baptist cause than the establishment of a rival denomination there would.

The first resolution of the executive was defeated, and the church at Meduetic will be kept by the United Baptists as it is.

The treasurer, James Patterson, read his report, which showed a balance of \$94.08 in the Association Fund, grand total of \$3,436.40 credited to the Twentieth Century Fund during the last year; and a total of \$203.80 during the last year in the Trust Fund held by the association. Amos A. Wilson acted as auditor of the report, which was found correct.

Rev. David Patterson closed the meeting with prayer.

THE MAN IN THE STREET

Fine weather for shooting—but not so fine for the target.

Our tip to hunters—Don't go near the woods, if you happen to look like a moose.

Dealers say that moose steak still is high, on account of the scarcity of game. Why not blame it on the war?

Housewives were told to buy fish because it was cheap; now they are told it is dear because the advice was followed. The H. C. of L. is not to be envied so easily.

He may not be downhearted, but the food controller's statement sounds as if he is at least discouraged—in which frame of mind he is in full accord with the consumer.

A Biblical Food Controller.

Even the pulpit has taken notice of this official's efforts. In one of the leading churches of the city last Sunday evening the preacher was dealing with the story of the loaves and the fishes.

"Philip took the five loaves and the two small fishes and started to pass them around," he said. "Philip did not have any idea of conservation and food control—no more idea of it than our own food controller at Ottawa."

Senator Fowler has been keeping very quiet lately; possibly devoting all his spare time and his knowledge of mathematics to figuring out the answer to that question "How many battles were you in?"

Ottawa authorities are discouraging the use of the word "conscript" as a designation for the members of the new army. What shall we call them—voluntary volunteers?

But a more important question is—do they get wrist watches too?

Here's where the food controller has a long loud laugh at the folk who were waiting for that 10,000 tons of coal. The coal dealers also may feel justified in indulging in a mild chuckle.

Was that offer of a small quantity of furnace coal part of the joke or did they really think that the neediest residents of the maritime provinces are those who live in furnace heated houses?

Judging by the crowds which flocked around a certain portion of King street last evening the spectacle afforded by the installation of a new boiler is a stronger outdoor attraction than a band concert. Other public-spirited concerns might install a few more boilers and give the folks a real good time.

Denial At Vatican

Rome, Tuesday, Sept. 25.—The Vatican denies reports that Pope Benedict intends to make proposals for peace negotiations, inviting mediation by King Alfonso.

EXCHEQUER COURT

Claim of \$42,000. Offer of About \$2,000 For Gravel Pit

The case of the King vs. Thomas Nagle was taken up in the exchequer court this morning. This is an expropriation proceeding, the property expropriated consisting of about sixty acres of gravel pit at Gloucester Junction in the county of Gloucester.

The property was expropriated by the government to use the gravel for railway purposes. The government made a tender of about \$2,000, and the defendant claims \$42,000. Several witnesses gave evidence this morning concerning the price of gravel at the pit and on cars. The case will be resumed this afternoon.

R. B. Hanson, K. C., appeared for the crown and H. O. McInerney for the defendant.

QUARANTINED IN ENGLAND

Captain McVey of the No. 8 Field Ambulance Depot, West St. John, has been advised that the draft of No. 8 Field Ambulance which recently crossed to England, has been quarantined. Sergeant-Major Stocks of the draft has written asking that some cigarettes be sent to the men as they are all unable to get around. Captain McVey on receipt of the letter began collecting donations and reported this morning that his campaign so far has been a success.
