Fables On Health

HOW YOU CAN RECOGNIZE T. B.

If one has tuberculosis it is exceedingly important that he knows it.

Because the only way to cure tuberculosis is to start before the lungs are wasted away.

The best method of determining if one is affected is to have a reputable physician make a thorough examination. Some folk have their lungs examined every year, and it is a good plan.

However, there are symptoms which most any one should be able to detect. These are:

Loss of weight, loss of strength, lack of energy and endurance, feeling tired and run down, especially in the afternoon or evening, poor appetite, indigestion, slight temperature and a cough.

The cough is not always present. But every cough lasting three weeks or more is suspicious.

Night sweats are almost sure signs.

Pleurisy—a sharp pain in the chest, made worse on deep breathing or on coughing, and lasting as

hour or more—is nearly always due to tuberculosis.

Failure to recover from a gripe, pneumonia, malaria and other diseases rapidly as should be expected, is a bad sign.

Adventures of the Twins

By OLIVE ROBERTS BARTON

The Hour-Old-Woman - Who - Lived - Under-the-Waterfall told the Twins that three things would stop them on their way to Pixie Cave.

The first obstacle was the Pebble-Wall of the Bean-Shooter-Man.

The second was the Mire-of-Mud where the Saddler and his wooden horse lived.

The third was the Cucumber Patch that belonged to the Fiddle Woman.

The Twins passed the first two of these safely and came at last to the Cucumber Patch.

Here the cucumber vines grew so thick and so tall that it appeared to the children like a huge forest towering over their heads.

There was a tiny path leading right through the vines, however, with cucumbers growing on either side as large as watermelons. Each cucumber was covered with sharp long prickles that stood out like long thorns, and the children had to be very careful indeed, not to touch them as they passed.

Indeed, it was their magic shoes that made it possible for them to move at all. No person could ever in the world have made his way through such a place without magic.

At last they came to a house of burnt orange with a purple roof and a pink lead-to. The last kind of a house one would expect to find in a cucumber patch! But there it was looking as though all the painters in the world had dumped their paint-pots there.

On the porch an old woman was cutting cucumbers and counting the seeds. "How do you do?" she said when she saw the children. "I've cut cucumbers since five this morning and I haven't found the red seed yet."

"What red seed?" asked Nick. "Oh, any red seed," said the woman. "I have every color in the world except red and when I find a red seed the spell will be broken. If I don't find it I shall have to stay here all my life and raise cucumbers. I've been here for four-hundred and forty-four years."

"That's a long time," said Nick.

Flattering

IT is hard to arouse much interest in the short sleeve, most fashionable women preferring a long sleeve or none at all, but here is a type that is getting favor in Paris. It is above the elbow and has a full-pleated ruffle of organdie that is very flattering.

VITAL FACTS FOR WOMEN

Sooner or later almost every woman brought face to face with the fact that she is a victim of some weakness or ailment peculiar to her sex. It may be the young woman suffering from pain or irregularities, a mother who has brought on some weakness or displacement from overwork, or the middle aged woman passing through the most critical period of her life. For each of these trying periods Lydia E. Pinkham's Vegetable Compound has proved the greatest boon ever given to women, and there are women living in every town and city in the country who testify to its value.

CHILD HIT BY BALL AT CHURCH PICNIC

Octavius Gates Struck in Eye on Bowling Alley—More Than 400 Attend.

Octavius Gates, five-year-old son of Mr. and Mrs. Charles Gates, was painfully injured yesterday afternoon at the picnic of the Church of the Good Shepherd, Fairville, at Grand Bay, when he was struck in the eye by a ball flying from the bowling alley. First aid was rendered by Mrs. Gerhard DeGier, and Charles Magee motored the lad to his home.

More than 400 attended the picnic. First and second prizes were offered for 15 of the classes in the Sunday school and the small children of the primary class were each presented a prize for needle, potato and other races. Prizes for the following were given: Rifle range, C. Acker won a hunting knife; bowling alley, Roy Dennison, an electric lamp; bean board for ladies, Mrs. James Donner, pocketbook; men's bean board, Charles (Bud) Tippet, umbrella.

The single men won in the baseball game with the married men by a score of 8-7. Hollis and Allan Phillips were the batteries for the winners, and J. M. McKel and A. O. Patiquen for the losers.

WORTHLESS BILLS PASSED IN DIGBY

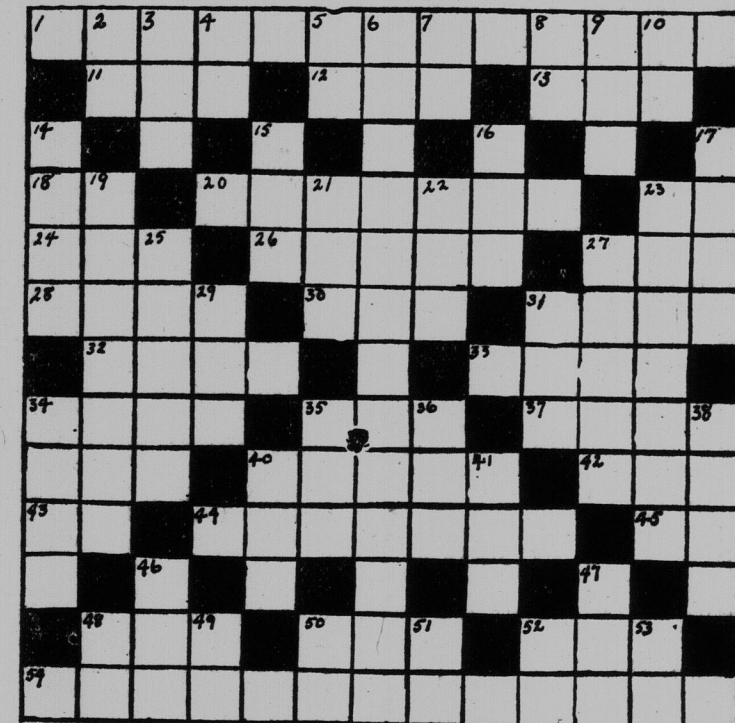

Maritime Bank \$5 Notes Taken by Merchant—Warning Given.

DIGBY, July 21—A number of old \$5 Maritime Bank bills have been passed on merchants in Digby this week and Chief of Police Bent has been notified by several suspects but to date no arrests have been made.

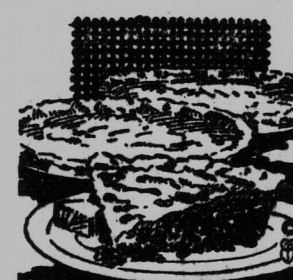

One of the bills was accepted yesterday by O. Wright, dry goods merchant, in payment for goods. No notice was taken of the bill but Mr. Wright was notified by the bank this morning. The bills are worthless. They bear the date 1881.

Where they came from at this late date is a mystery to the authorities. Merchants in Nova Scotia and New Brunswick are warned to be on the lookout for suspects who may have obtained a large number of these bills and intend to pass them on the public.

Life will taste sweeter . . . When that Corn is gone

A corn isn't just a pain—it's a drain. A tax on the whole nervous system. A blight, not alone on the toe, but on the spirits and the disposition. Doctors know that a corn can darken a man's whole viewpoint on life. Headache, fatigue, irritability and indigestion are reflexes of a throbbing corn. "Pain-messages" shoot to every nerve center, when a corn starts broadcasting.

... If you would know blissful relief, apply Blue-Jay to that burning corn. In ten seconds, the world will seem a better place to live in. . . . A tiny cushion—cool as velvet—fits over the corn and stops the pain at once. You wear it two days in solid comfort. When you take it off, the corn comes with it—gently removed by the little brown disc of magic medication.
