MARITIMES AGAIN GET GOLD SHOULDER

Glauring Case of Being Ignored in Postal Films is Cited.

"Until the people of Ontario and Quebec come to think in terms of the Dominion of Canada, it is a pretty hopeless case to expect any justice accorded the Maritime Provinces. This is the summing-up given today by a prominent local man to The Times-Star about existing conditions. Continuing, he said: "To cite the most recent instance of this deliberate ignoring of the Maritime Provinces, one has only to view the motion picture depicting the handling of Canadian mail that was shown last week in the Imperial Theatre to visit members of the Canadian Club. This picture was produced by the Dominion Government at a considerable cost—the people of the Maritime Provinces bearing their share—and naturally one would expect they would be entitled to as much consideration as the rest of the Dominion. What do we find? In this picture, the Maritimes are placed in a class with Japan with a scant title being the only reference to the eastern provinces." "The scenes were fine in the picture, he said. They open in Liverpool, England, and then shift to Quebec, where a small tug goes out and the mail is dropped over for the Maritimes. At this juncture, the same reference is made to the Maritime Provinces. Then, the spectator is treated to splendid views of Montreal, Toronto, Ottawa, all of the western cities clear out to the coast. Then, there is a scene showing the mail leaving for Japan. "But not a solitary mention of New Brunswick, Nova Scotia, and Prince Edward Island. Just a passing reference that the mails go from Quebec to the Maritimes, it is any wonder there is talk of secession." "This reel was produced by the Dominion Government and loaned to the Imperial Theatre, the Canadian Club showing. Other exceptionally fine reels of New Brunswick and Nova Scotia were shown on the programme but the incident in the mail film has given rise to considerable adverse comment locally. As this is only one instance of the belief entertained by the majority of people in central Canada that the Dominion commences at Quebec, the citizen referred to believes that the case of the Maritimes growing case-hardened. Although he deplored it deeply, he believed it to be a fact that central Canada people today looked on the Maritime people as "poor cousins" whom they were obliged to carry on their backs. Yet, the true facts about Confederation were that if the Maritimes had not entered the pact, there would not be any Dominion of Canada today.

He has started light training and as time goes on will increase his daily programme. WEEK IN JAIL IN AUTOMOBILE CASE

Sitting Magistrate Henneberry Deals With Driver Who Was Drinking.

In sentencing Joseph Wood to seven days in jail this morning for operating an automobile while under the influence of liquor, Stipendiary Magistrate Henneberry said that it was a very serious charge. He explained that drinking measures must be taken to put a stop to men driving automobiles while under the influence of liquor, not only as a protection to pedestrians and other operating vehicles, but to the individuals themselves who place their own, as well as the lives of other citizens, in jeopardy. "The defendant was arrested about 1:30 this morning in St. Patrick street by Police Constables Thomas and Corvee. The former told of making the arrest. As the defendant had pleaded guilty to the charge of operating the automobile while under the influence of liquor the testimony dealt with an allegation that abusive and profane language was used when he was taken into custody. He was adjudged guilty of this charge and a fine of \$8 was struck and allowed to stand.

FUND TODAY IS JUST UNDER \$900

Only Two Dollars Needed to Send It on Towards \$1,000 Goal.

The Times-Star fund to provide milk for the babies in within striking distance of the \$900 mark today. It is felt that many more than have yet contributed could do so, even if only a small sum were given. The need is great and the opportunity to help in because it is the helpless little ones who will get the full benefit. "A contribution came from a visitor to the city, H. B. Price, of Red Bank, New Jersey, who, with Mrs. Price, has been at the Royal Hotel. Mr. Price sent \$5 to this office to be added to the total of yesterday. There also was received the sum of \$6.25, proceeds of a sale held by three little girls. These amounts make the total today \$898. It ought to be sent well on the way to the \$1,000 objective tomorrow. Who will give it the first boost?"

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "in St. John on a visit after an absence of 15 years. They motored from Vancouver via New York.

"No you won't," said Hiram, "when 12 miles an hour was described as an amazing speed for a visit friends in Presque Isle, he tucks himself into his airplane and after one whiz and two winks he is there. I can see The Settlement society reporter sitting down before long to write 'Mr. and Mrs. Hiram Hornbeam of the Settlement visited Mr. and Mrs. Wart of Saddleback Hill in their airplane on Sunday last.' "In the first place," said Hiram, "Hiram wouldn't get onto one of them machines if it was nailed down. In the second place, I wouldn't risk my old neck for the sake of speed. That's a young feller's game. No, sir—me an' Hiram'll just jog along an' pay safe." "The next generation'll be flyin' I s'pose—an' think nothin' of it—but it's hard to teach an old wog no tricks—yes, sir."
