RICH MUST GIVE IN PROPORTION TO  
LESS WEALTHY IN CITY TO REACH TOTAL

Executive of Orphans' Fund  
Drive Reports Another  
Day of Success.

With \$102,156 as the grand total to date, and the passing of the first \$100,000 mark, every worker in the big drive for the New Brunswick Protestant Orphans is pushing forward with increasing energy and enthusiasm to secure the balance of the \$250,000 needed. St. John City is proud of its record to date, showing a total of \$82,616.80 and next comes Woodstock, which starting its canvass yesterday secured \$5,877.60 from the town alone, with two districts unreported. They are most confident that they will go well beyond their quota. Sussex comes next in line with a total to date of \$3,000. Hampton reports \$2,650 and expects to get \$3,500; Hillsborough reports \$1,025, Bathurst \$550, Fairfield \$1,408, Beacomfield \$1,188, East St. John \$200 and Maces Bay, where John Mawhinney and Arthur Mawhinney have the canvass in charge, reports \$380. Fredericton is going strong, but has not as yet sent in any definite figures.

The same is true of every district from which reports have been received. B. P. Smith, of Florenceville, writes word that while the roads are in bad condition they are making satisfactory progress. Chairman Percy Bolton, of Sussex, reports a most encouraging support from his people. Canon E. B. Hooper, in charge of St. Andrews reports that that district is going strong. A. H. Baird, of Perth, advises that his workers are doing splendidly. In the St. George district, which embraces several parishes, Dr. H. I. Taylor, chairman, is very confident and assured the central committee, last night, that they need have no worry about his territory doing its full share.

Doing Well Here.

In St. John the workers in the wards are doing splendidly as the results of the two day's canvass show. The great mass of Protestants are giving as never before, but the executive realizes that if the city's quota of \$100,000 is to be secured it will be necessary for the people of larger means to give in the same proportion. If this is done a record will be made here of which St. John can well feel proud. The following are the ward reports up to yesterday noon:

Table with 2 columns: Name, Amount. Includes Brooks, Dukes, Dufferin, Kings, Lorne, Lansdowne, Prince, Queens, Sydney, Stanley, Victoria, Wellington.

Exclusive of the contributions from the list of large givers the subscriptions reported today averaged over \$10. This shows that the workers are following instructions and are working to keep the minimum average well above \$10. If the people of large means do their full share there will be no doubt as to the final result the executive believe.

Among the largest subscriptions received yesterday were the following: E. G. Crosby, Peter T. H. Estabrook, Miss I. Louise Murray and Miss Margaret Murray \$1,000 each. In memoriam Husband of A. K. H. Jones & Schofield Ltd., P. W. F. Starr, Ltd., Frank H. Flewelling, A. P. Paterson and Dr. G. A. B. Addy \$800 each. Hampton Report.

Secretary R. A. March of the Hampton committee reported today as follows:

The response to the call here has been generous and general. One outstanding incident was the gift of a single dollar from an elderly blind widow, who came into the room where your collector of subscriptions was talking to a male member of her family with whom she resides, and said: "This isn't much, but I want you to take it for the Children's Home. It is all I have." The hardest act I ever performed in my life was to take that dollar.

Fredericton Report. A telegram from R. L. Phillips, chairman of the York County Committee, this morning said that about \$8,000 had been pledged in Fredericton, with the canvass not yet completed. No returns from other parts of county. Bishop Commends It.

The following letter is of interest: Mr. E. A. Schofield, Chairman N. B. Protestant Orphans' Home, St. John, N. B.: "I am delighted to learn that the governing body of the Protestant Orphan Home is about to appeal to the Protestant people of the province for a quarter of a million of dollars for the purpose of putting up the new buildings that are so sorely needed. It is a project that no thoughtful person can fail to endorse very heartily, and I trust that it will meet with the most generous support. I should be greatly disappointed if the members of the Church of England in New Brunswick should fail to do their full duty in this regard. But I do not think that they will so fail, and it is with much confidence that I commend the campaign to their sympathy. Faithfully yours, JOHN RICHARDSON, Bishop of Fredericton, December 1, 1923.

INGENIOUS CHRISTMAS WINDOW. Of special interest to kiddies, and also to grown-up, is the Christmas window of the Web Electric Co., Germain street. Here, in the centre of an attractive electric appliances exhibit, is set a tiny stage upon which, at intervals, a miniature Santa Claus and a teddy bear make their appearance, being controlled by an electrical mechanism. For much of the time the window is surrounded by a crowd of enthusiastic youngsters, and a great deal of favorable comment has been made upon the original and ingenious device.

A Loquacious Nag. The story is told in the Shoe Workers' Journal of a New York artist who while sleeping murmured the name of Irene. There was fire in his wife's eye when he woke, and she insisted upon knowing who this Irene creature was. "Oh that," said he, thinking fast, "that is the name of a horse I'm interested in."

A few days later while he was out of town, his wife spent the afternoon tidying up his studio, and finding her

there on his return he inquired if there was anything unusual to report. "Nothing exciting happened," she replied chillingly, "except that your horse called you up twice."

WOMEN VICTORIOUS AFTER FIVE YEARS

Republican Committee Consents to Give Them 50-50 Representation.

(By Canadian Press.) Washington, Dec. 12.—Women in the ranks of the Republican party in the U. S. won a signal victory yesterday after three years of effort. The Republican National Committee, which arranges details of the Republican National Convention, at the meeting yesterday agreed to the "fifty-fifty" solution, providing that in future the national committee be composed of one

man and one woman delegate from each state. The victory was coupled with a generous representation allotted to the women on the various public committees appointed for the convention. The fifty-fifty resolution must be approved by the national convention.

A Merry Widow. An English woman recently wrote to a newspaper that she began life as a Miss (Alice Mann). She married a Mr. Husband. He died and she

married again, this time a Mr. Maiden. Becoming a widow for the second time,

she concludes that though born a Mann, she will die a Maiden.
