A. ROSS CLAIMS 3RD DISCOVERY

North End Man Reports
Finding Method of Sol-
dering Aluminum.

On top of his recent notable discoveries, processes of hardening copper and aluminum, Arthur Ross of 40 Main street, said last night that he had found a method of soldering aluminum. This success in his research work was attained on last Saturday. His method under several tests, it was said, showed a perfect joint and solid material. Mr. Ross said that he is daily continuing his experiments with aluminum and has attained surprising results. He says he has already received offers from some of the largest smelting firms for his secret formula for hardening aluminum, but so far has not accepted any.

He is now formulating plans for starting a plant for the manufacture of his new solder and expects to make a definite announcement in the near future.

It will be recalled that a few weeks ago Mr. Ross discovered methods of tempering copper and aluminum, each distinctly different from the other. He has been experimenting with these metals for some years and is now satisfied that the results attained can stand every test.

Steamers Will Call at Halifax

The Consulship line has announced a new steamer service taking in Halifax as a direct port of call for steamers sailing from Europe for New York. The service will be inaugurated by the steamer President Wilson sailing from Trieste, February 16. The President Wilson will be the largest and fastest steamer of the Italian merchant marine making a direct call at a Canadian port. The Martha Washington will also make the call. The service will be regular, subsequent sailings to be announced later.

Recommends Vicks For Pleurisy

Quebec Mother Thankful She
Can Now Get Vicks in
Canada.

Mrs. J. A. Leblond of 114 Rue Galt, Sherbrooke, Quebec, writes: "Vicks VapoRub is not a new remedy for us, because we have used it in our family for four or five years. We got it from the United States. This shows you how much we think of it. We are glad to get it here now, for there is nothing better for pleurisy, chest colds, etc."

Here is the last word in treating cold troubles—rub Vicks well in over throat and chest, get into bed and have the coverings loose about the neck. All night long you breathe in the healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc. The application also acts like a heating liniment or plaster. Usually colds go in one night and croup is commonly relieved in 15 minutes.

Vicks is the ideal treatment for children's cold troubles; it avoids so much internal dosing.

At all drug stores, 50c a jar. For a free test size package write Vicks Chemical Co., 844 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

Last evening about 8:30 o'clock William Knox, the 14-year-old son of William H. Knox, 122 Sheriff street, received a fracture of the left arm. While coasting down Harrison street the little fellow collided with a pole.

He was attended by Dr. F. D. Weldon, Main street. The ambulance was called and the injured boy was conveyed to the General Public Hospital, but on his arrival at the institution it was learned that he could not be admitted owing to the lack of space and he was returned to his home in the ambulance. Fred McAuley, of 11 Summer street, was admitted to the hospital yesterday suffering from a fractured leg.

The Island of Jamaica has become a source of supply for vanilla flavoring extract.
