

HUNTER AND GUIDE LOSE THEIR LIVES

Woman Tells of Disappearance of Husband—Lonely Vigil on Shore of Lake

Calgary, Nov. 25.—Mrs. F. X. Sammer has just returned from Crooked Lake, north of Prince Albert, and relates a pathetic tale of the Mrs. Sammer and her husband and a guide, while she waited on the shores of the lake for eighteen days. The Sammers are French people of good family. They have travelled all over the world, hunting, and after living in Calgary for a time they decided to go 300 miles north of Prince Albert, where they intended hunting for some weeks. They started from here by boat and after going down the Bow river to Medicine Hat, decided that the progress was too slow and sold their boat there and went up to Prince Albert by railway. They outfitted at Prince Albert and finally reached the shores of Crooked Lake, and decided to camp on the opposite side.

The party went across the lake and a camp was pitched. Mrs. Sammer went off in charge, while her husband and the guide went back to the shore to get the supplies. They were to be back in two or three days. The days went on and there was no sign of their return. A week passed without their returning and the supplies ran low at the camp. Mrs. Sammer took a rifle and shot a moose and prairie chickens to replenish the larder. Agonized days of waiting passed and she went to the shore of the lake in a vain search for the missing ones. The time ran on until eighteen days had elapsed, when a trapper came to the tent, where she lonely watcher was found. The trapper and woman started out along the shores of the lake. After travelling some distance they came to an overturned boat, which told the story of the tragedy. How the accident occurred merely conjecture. The woman believes that her husband and his companion lie beneath the waters of Crooked Lake.

The outward journey was a hard one and her hands and feet were frozen before she reached Prince Albert. She is now back in Calgary and is determined to make her way back north in the snow and endeavor to find the remains of her husband.

SWAM FROM LAUNCH

Craft Took Fire in Mid-Lake and Lone Occupant Took to the Water, Reaching Shore Safely.

Nelson, Nov. 25.—The burning of the water's edge of a large launch in mid-lake during the storm at night, and the escape of the occupant, was a thrilling incident on the West Arm. In the vicinity of Molly Gibson landing, the launch in question was the India, owned by Mr. Davis, superintendent of the Molly Gibson mine, and the swimmer was C. A. Knowles. While this was happening, Mr. Davis himself, and one of the mine employees, were traveling along the railway. When the launch was seen to be on fire, the engine refused to work.

Mr. Knowles, who is a mechanic, was engaged to put the engine in running order, and Mr. Davis, desiring to come to Nelson, the three men entered the launch and started out about 100 yards from the landing. The engine commenced to buck and soon became unmanageable. Meantime the launch was drifting out into the lake, and Mr. Knowles finally paddled it over to opposite side, where Mr. Davis and his companion went ashore and got out for the city 12 miles distant.

Mr. Knowles put out a signal, and by paddling got out to mid-lake, where the storm suddenly came up. The craft was now beyond his control. He had set down the launch in the middle of the lake, and struck the craft and the latter overturned, igniting the gasoline. Knowles threw water on the blaze, but this had only the effect of spreading it all over the launch. The oars had gone overboard during the excitement, in a couple of minutes it became impossible to get out of the launch. Mr. Knowles took to the water, and ran the four miles to Sunflower ranch at the foot of the mountain, where he was picked up by a hunter. The launch drifted down again after the storm subsided. It was burned to the water's edge. The engine sustained some damage.

STRIKE BREAKERS ATTACKED

Garment Worker and His Wife Wound Three Union Sympathizers Who Tormented Them.

Chicago, Nov. 28.—Three union sympathizers were wounded and only the timely arrival of the police prevented a blood-bath yesterday when Vincent Vilano and his wife, strike-breaking garment workers, fired into a crowd that was taunting them.

Vilano and his wife were backed against a wall, holding off the mob with empty revolvers when they were attacked. The trouble arose when a number of strikers followed the two from their place of employment. Vilano and his wife turned, drew revolvers and fired point blank at their tormentors. Three men fell at the first volley and the crowd scattered. It had reformed and was pressing about the pair when the police arrived.

SUSPECTED MURDERER TAKEN

Phoenix, Ariz., Nov. 28.—After a man hunt lasting two days, the Plute Indian who is alleged to have killed Dr. L. W. Gilbert, a California millionaire, is in custody to-day, according to a report received from Kingman.

Sheriff Gideon of Mojave county, captured the fugitive in the desert 120 miles from the scene of the tragedy. He will be taken to Kingman at once.

EARTHQUAKE RECORDED

Washington, D. C., Nov. 26.—An earthquake shock lasting 22 minutes, was recorded early to-day by the seismograph at Georgetown university. The disturbance began at 10:43 a. m. Prof. Torndorf estimated that it was 5,000 miles distant. The vibrations were from north to south.

LABORERS OF THE TWO HEMISPHERES

are entirely different in shape. The Arctic bergs are irregular in form, with lofty, jagged and glittering domes, while the Antarctic ones are flat-topped and solid-looking.

WESTERN BOYS ARE PROMINENT IN EAST

Four British Columbians Help McGill Capture Championship

Montreal papers just to hand give the results of the recent McGill cross-country run, and the inter-variety run at Kingston, and the names of western athletes appear very prominently in the list of prize winners. Murray, the Vancouver boy now attending McGill, again making a splendid showing, winning the honor of the McGill race and taking second on the intercollegiate event.

Of the three runners finishing together for first place in the McGill university run, two were westerners, W. E. G. Murray, of Vancouver, and W. J. Pearce, of Kamloops. Each one received a handsome silver shield. Of the next three competitors to cross the line, J. P. Grant is a Victoria boy, and J. A. Wall is from Vancouver. Thus of the six men comprising McGill's squad which was sent to Kingston, four were from British Columbia, and the college came out first in the intercollegiate event through the fine showing of the western representatives.

Pearce, of Kamloops, was prominent on the McGill team which won the championship this year, while Grant is a member of the senior soccer team of McGill, and Wall a prominent boxer and wrestler.

Murray was unfortunate in straining a tendon in the McGill race, and this hampered him considerably in the inter-variety run at Kingston, but he managed to make a good showing, finishing sixth, 300 yards from the McGill team. His record, having set a mark of 8:42 in the seven and a half-mile grind, found the mountain trail a comparatively easy one.

RAILWAY MERGER

Portland, Ore., Nov. 26.—The meeting of stockholders and election of directors of the newly organized Oregon-Washington railroad and navigation company yesterday was a disappointment to those who wished to ascertain to what extent the merging of the O. R. & N., ten of its subsidiary lines with the Northern Coal, which affects the actual management and operating system of the Harriman interests in the Northwest.

The officers are Portland officials of the Harriman group, and the appointment of the treasurer and assistant-treasurer. According to current rumor, Robert Strahorn, who promoted the North Coast, will be named as vice-president with headquarters at Spokane.

CHINESE MUST NOT WEED WHITE WOMEN

Wives Would Have No Legal Standing in China According to Decree

The Chicago Gazette publishes a decree promulgated in Peking, interdicting young Chinese men who are being educated in Europe or America from contracting marriages with white women of the country. In which they may be sojourning.

The Gazette, in commenting on the decree, says the principal reasons for its issue are tradition and religion. Every Chinese boy, in fact, from his early days is affianced to a Chinese girl, the daughter of a friend of his family. In reality, the girl is from this moment the lawful wife of the boy, and as soon as he and she attain the marriage age she enters into the family of the youth. Death alone can break this betrothal, and the young Chinese cannot, under the laws of his country, separate himself, from his wife.

The consequence is that all young Chinese sent to Europe or America to complete their education are legally "betrothed" to a friend of their country, if they marry during their absence from China a foreign girl, she, according to the laws of their country, is not legitimate, but a woman subordinate to her who awaits in China the return of her fiancé. Besides this, the issue of the union between Chinese men and European or American women becomes, according to Chinese law, children of the legal Chinese wife.

Further, the Cologne Gazette calls upon the Reichstag to pass a law interdicting all state officials, and others qualified, from marrying Chinese or European women. It is admitted that this interdiction is already in force.

MAY UNDERGO OPERATION

Condition of King Alfonso's Throat Causes Court Physicians Anxiety.

Bordeaux, France, Nov. 26.—That King Alfonso of Spain may have to undergo a serious operation on his throat, is the rumor that has stirred court circles in Madrid, following the report of His Majesty's doctor, King Alfonso and the royal party will arrive late this afternoon. The king will go at once to the sanitarium of Prof. Moury, a famous throat specialist, where elaborate preparations have been made. It is admitted by those who have negotiated for the treatment of the distinguished patient that the condition of the king's throat is serious, and has caused the court physicians considerable anxiety. While it is not admitted that any operation will be performed, the belief is general that such a move is planned or that treatment will be given somewhere else than in the sanitarium itself.

CUSTOMS COLLECTOR DEAD

Frankford, Nov. 26.—Thos. Foster, for many years collector of customs, is dead at the age of 70.

SITUATION IN MEXICO IMPROVES

U. S. Consul Says Reports of Recent Fighting Were Exaggerated

(Times Leased Wire.)
Washington, D. C., Nov. 25.—United States Consul Edwards at Juarez, Mexico, telegraphed the state department today that all was quiet in his section, and that apparently the excitement everywhere in Mexico was decreasing. Edwards said that trains in northern Chihuahua were running on schedule time, and that few Americans were leaving the country.

According to Consul Edwards the reports of fighting at Torreón, Gomez Palacio, Parral, Durango and Zacatecas were exaggerated and conditions in those towns had almost become normal.

A dispatch was received from Ambassador Wilson from Mexico City advising that the Mexican capital was calm.

Leader Reported Wounded
Garison Springs, Texas, Nov. 25.—Word reached here today that a band of Mexican revolutionists escorting Francisco Madero, who is wounded, had yesterday crossed the border, 30 miles from El Paso, Texas, leaving their leader at a ranch on the American side.

Messengers are now hastening to Eagle Pass, to summon medical assistance according to the report.

El Paso, Texas, Nov. 25.—A canvas of the Mexican situation to-day practically removes all doubt that the revolution has been crushed. Planned by Francisco Madero, defeated candidate for the presidency of the Mexican republic, is over.

Artists stationed at Fort Hancock, Texas, reported that they had denied that any bridges had been burned or dynamited. It developed that the second American shot at Parral is an agent of the International Correspondence School named Story. He was struck in the stomach by a stray bullet and is not expected to live.

TRAIL SMELTER BREAKS RECORD

Over 400,000 Tons of Ore Was Treated at Plant to Date This Year

Nelson, Nov. 24.—After some two years of hard working and the exercise of a stubborn and progressive spirit on the part of the Moyle company which was formed at Moyle to develop the property, the Aurora Mines now promises to be one of the heaviest shippers of silver-lead. Under the management of H. H. Dimmock, who is intensely interested in the property, the Aurora has been making rapid strides, there being now over 20 men on the pay roll, a great many of whom are being employed by the Moyle company through the Alice concentrator. The silver-lead concentrates are shipped to the trail smelter, where the zinc concentrates will be shipped to the Mineral Point Zinc Company, Dupon, N. S. The upper tunnel of the mine has been driven 60 feet, and a large deal of stopping and rock has been shown up in that level. It is estimated about 12,000 tons of ore. Two hundred feet of a tunnel has been driven lower down, and when this is completed it will tap the immense body of ore in No. 2 tunnel at a depth of about 150 feet, and will go to bring the cost of mining down to a minimum. The Aurora mine has its first shipment of concentrates, except for trial shipments last year, last week.

OBITUARY RECORD

(From Saturday's Daily.)
Arrangements have been made for the forwarding on Monday of the remains of the late Elizabeth Camano, aged 16, who passed away at the family residence, 1323 Douglas street, on Wednesday, to Alert Bay, the former home of the family.

Those passed away yesterday at the Royal Jubilee hospital, Thomas Wesley Edmonson, 66 years of age, of Collingwood, Ont., had been on this coast for about 22 years. He was especially well known in this city as a mother, four sisters and two brothers are left to mourn his loss. The funeral has been arranged to take place from the family residence, 518 Queen's avenue, on Sunday afternoon at 2:30 o'clock. Rev. J. B. Warkner will officiate.

EMPLOYMENT OF CHILDREN

Phoenix, Ariz., Nov. 25.—Prohibition of the employment of children under 14 years of age during public school tests will be incorporated in the constitutional law of Arizona. This was insured today when the constitutional convention adopted a proposition also that no children under 16 years of age shall be employed in mines, and in no case shall children be permitted to work more than eight hours a day.

COUNTESS TOLSTOI LLL

Tulsa, Russia, Nov. 25.—That the Countess Tolstai, overweighed by the circumstances preceding the death of her husband, Count Leo Tolstai, had fallen ill with a fever, was stated in a message that reached here to-day. The lady will meet in connection to discuss tariff questions and other matters affecting agricultural interests. On December 16 they will present resolutions to the government.

MISSING MAN FOUND

Lacrosse, Wis., Nov. 25.—Believed dead for a period of five years, Abner Beer, a tramp, was found near a grain speculator of Minneapolis, was found here as a tramp. Fraser dropped from sight two hours after hiding near east Sixth and Belmont streets, by Sgt. Keary and Detective Craddock.

FRANCIS IS CHARGED WITH HAVING

attempted to restore Fraser's recollection of the past.

TRIAL OF ALLEGED JAPANESE PLOTTERS

Hearing of Charges Against Suspected Anarchists Postponed

Tokio, Nov. 25.—The trials of the 24 supposed anarchists arrested for alleged complicity in a plot to murder Emperor Hirohito by bombing construction until December 24. The postponement was granted to enable counsel for the defendants minutely to investigate the charges brought against them.

Extraordinary care is being taken in conducting the case as the death penalty is almost certain to follow conviction. In case the alleged anarchists are found guilty the only chance they will have for escape, it is believed, is a special pardon, which is hardly expected to be forthcoming.

The amateur football club of Cowichan has been reorganized for the season. W. H. Hayward is honorary secretary; W. H. Dyer, president, and Mr. Finch, non-resident, secretary-treasurer. A team composed of Messrs. Dyer, Duncan, Rivas, Middleton, Lipscomb, White, Gooding, Harcourt, Alexander, Kingston, Drake, Harte and Finch go to Victoria to meet the Empress club at Beacon Bay.

Walter Marriot, recently from Vancouver, acting as a company, has bought out the Vancouver Mill Company. C. Stone's mill at Sonoma, a mill owned by the Vancouver Island Mining & Development Co. at the Tree siding, and extensive timber limits in the district. These various interests will be managed and operated by the Vancouver Island Milling Co. at the Tree siding, and extensive timber limits in the district. These various interests will be managed and operated by the Vancouver Island Milling Co. at the Tree siding, and extensive timber limits in the district.

RUSHING WORK ON COAST SECTION

First Hundred Miles of G. T. P. Will Be Opened for Traffic December 1

Prince Rupert, Nov. 24.—General Superintendent W. C. McLean says that with the completion of the present road-work that the hauling of the first hundred-mile section will be completed by December 1, and this section of the line will be open for traffic.

Mr. McLean, accompanied by Engineer Van Arad and J. G. Stewart, have been out inspecting the progress of the work. The work proceeds very satisfactorily. These tunnels are on the second hundred-mile section. Excellent material for ballast is being got out at the tunnel sites. The work is being pushed up to the limit.

Large snowdrifts are being put up at Mile 44, and will shortly be completed. The big steam shovel the other day took the last bit out of the biggest rock cut on the Grand Trunk Pacific line. Right in the heart of the city the big cut has been accomplished. Four hundred thousand cubic yards of solid rock have been cleared away to make a splendid firm level bed for the yard, and will shortly be completed.

Four hundred thousand cubic yards of solid rock have been cleared away to make a splendid firm level bed for the yard, and will shortly be completed.

WILL FLY IN CALIFORNIA

Number of Famous Aviators to Participate in Meet at Frisco

San Francisco, Calif., Nov. 26.—At least a dozen famous aviators will be seen in action in San Francisco in the near future, according to an announcement by the business men's committee having the meet in charge.

James Radley, the English speed marvel, who is here, is the latest who has accepted to fly at the meet proposed for January. Radley said today he believed all the best aviators could be induced to compete, here, as there were no other attractions scheduled elsewhere in the West.

Among the noted birdmen sought by the committee in charge are Wright and Curtiss pupils, Claude Grahame-White, Hubert Latham, John Graham, Count de Lesseps, Charles K. Hamilton, and the Armstrong-Drexler. All of these have replied favorably, but contracts have not yet been signed. One hundred thousand dollars will be given in prizes.

QUESTION OF JURISDICTION

Bitter Row at Convention of American Federation of Labor.

St. Louis, Mo., Nov. 26.—One of the bitter rows in years in the ranks of organized labor broke out to-day when President Gompers, presiding over the convention of the American Federation of Labor, in session in this city, refused to rule on the trade that should have jurisdiction over the machinery of the machinists' union.

Members of the machinists' union were pitted against the Western Federation of Miners' representatives and President Gompers was made the buffer between the two factions.

The Miners' Federation demanded that they be given the right to control the mine machinists. The International Machinists' presented arguments to show why their jurisdiction. Each faction demanded that Gompers assume the task of Solomon, and this the veteran president appeared unwilling to do.

By many it was predicted that the matter would be made an issue in the election of officers of the Federation for the coming year.

SENT TO PENITENTIARY

Hamilton, Nov. 25.—Monteth Trappell, asylum attendant, who professed Moore and Taggart with keys by means of which they escaped, was yesterday given three years in the penitentiary by Judge Meak. This penalty or created a scene when the judge pronounced sentence, shouting in anger, "You have sentenced an innocent man."

DASH FOR FRIEDOM

Portland, Ore., Nov. 26.—Rather than submit to arrest, Harry Francis, a water jumper, from a third story window in the Piedmont rooming house, 164 Union avenue, early to-day, landing unhurt on a rubbish heap in the darkness, was found nearly two hours after hiding near east Sixth and Belmont streets, by Sgt. Keary and Detective Craddock.

FRANCIS IS CHARGED WITH HAVING

attempted to restore Fraser's recollection of the past.

BRANCH LINE TO COWICHAN LAKE

C. P. R. Prepares for Construction Work—Sawmills to Be Improved

Duncan, Nov. 25.—The C.P.R. has found it necessary to put in a side track between the freight shed to handle the increased amount of freight. Twenty-five men have been employed in the construction of the branch line to Cowichan Lake, and another party of 25 will arrive in a few days.

The entertainment under the management of Mrs. Wallick, which was held in the South Cowichan hall, was a great success. Mrs. L. Norris, Mrs. Wallick, Miss Neel, Mrs. Knicker, Mrs. Peary, Messrs. Souper, Knicker, Thompson and Gardner took part in the concert, and Mrs. and Mrs. Legge-Willis, Miss May and Mr. Drake in a short play, "Kitty Clive."

The proceeds go to the new home hospital.

Dr. C. G. Maclean, who has been taking Dr. Dyer's practice during the absence of Dr. Dyer, has returned to the hospital. The hospital is now in the hands of the Presbyterian church and will be very successful.

The amateur football club of Cowichan has been reorganized for the season. W. H. Hayward is honorary secretary; W. H. Dyer, president, and Mr. Finch, non-resident, secretary-treasurer. A team composed of Messrs. Dyer, Duncan, Rivas, Middleton, Lipscomb, White, Gooding, Harcourt, Alexander, Kingston, Drake, Harte and Finch go to Victoria to meet the Empress club at Beacon Bay.

FOUR SAILORS LOST IN STORM

Believed to Have Perished After Leaving Wrecked Schooner

Juneau, Alaska, Nov. 26.—Four members of the crew of the power schooner, Sea Light, which was wrecked near Cape Ommaney, at the southern end of Baranof Island, are believed to have been lost in a storm which swept the north Pacific on Monday. The Sea Light, which had eight men in her crew, was wrecked five days ago. The men set out in inflatables, four men in each boat. One of the boats arrived at Sitka yesterday with the report of the wreck of the schooner, and the probable loss of the men who set out in the other boats. When last seen the missing schooner was being tossed by a heavy sea, and appeared to be sinking. The four men who reached Sitka yesterday were in a famished condition. They had scant supplies of water and provisions from the sinking schooner, and when picked up at Sitka they were suffering greatly.

Captain McCaughey, of the mail boat Fox, which arrived here yesterday, tells of the death of two brothers as the result of an explosion on a gasoline launch. A third brother, who was seriously injured, drifted about in the open sea several days before being picked up. He is not expected to recover.

The three Delague brothers, natives, attempted to reach a small island near Kake in their power boat. An explosion occurred, wrecking the engine, and threatening to set the little boat on fire. One of the brothers seized a drum of blazing fuel to cast it overboard. In doing so he lost his balance and fell into the water. He was badly burned, and could not help himself. One of his brothers leaped into the water to rescue the drowning man, but both were lost. The third brother, badly injured, was rescued by a fisherman, and taken to Kake. He is recovering.

CONFESSES MURDER

Frenton, N. L., Nov. 25.—John Sears, a half-breed negro, confessed to the murder of Rev. Amos Armstrong and his wife in their home Wednesday night. Sears said he killed the Armstrongs to get a share of the minister's estate bequeathed to him in Armstrong's will.

NEW WESTMINSTER LIBERALS

Officers Elected at Enthusiastic Meeting—G. Kennedy Is President.

New Westminster, Nov. 25.—At an enthusiastic meeting of the New Westminster Liberals in the Liberal club rooms last night, the officers for the year were elected as follows: Temporary president, Right Hon. Sir Wilfrid Laurier; president, George Kennedy; first vice-president, J. J. Johnston; second vice-president, J. H. Hardman; third vice-president, C. E. Deane; secretary-treasurer, E. G. Goulet; executive committee, M. Phillips, J. E. Reid, J. J. Johnston, W. L. Johnson, R. Buckland. Optimism marked the meeting. In a discussion of the Liberal party, the meeting President Kennedy stated that the Liberal party in British Columbia was now awakening to a realization of its position and its possibilities.

He advocated more meetings and more interest in the doings of the Liberal club. But it is not certain that this effort will be successful. A number of the residents of the district have been elected to the position of the Liberal party, and the organization of the Liberal party in the district is being actively pushed.

BRIDEGROOM KIDNAPPED

Carried Away by Friends and Held Prisoner for Several Hours.

Portland, Dec. 1.—The promotion of 20,000 young recruits to the ranks of the Japanese Army and Navy is causing a great number of retirements of elderly officers and several changes in the roster of naval officers were ordered today by the war and navy ministries.

The shakedown is the greatest in both branches of the service since the organization of the modern army and navy.

The changes were caused by the increase in able young officers who saw service in the Russo-Japanese war and thereby became fitted to occupy the positions held by the older men. The ministry resolved to send out the veterans and entice the army with young blood. The same reasons governed the changes in the navy.

TWO DEAD

Successor After Partaking of Canné Appetizers at Thanksgiving Day Dinner.

North Yaluma, Wash., Dec. 1.—Alcohol poisoning as a result of eating canné appetizers at Thanksgiving dinner is responsible for the death of Mrs. F. T. Kuehn and Mrs. Carrie B. Fulkers yesterday morning. A number of others are critically ill, among whom are Henry F. Kuehn, of Seattle, and a year-old son Delbur, who have returned to their homes to an automobile waiting.

It was a good old family gathering, about a dozen people sat at the feast yesterday. Mrs. Kuehn had canned the appetizers herself, and had often partaken of it before. Four cans were opened at the Thanksgiving dinner.

CUSTOMS REVENUE

An Increase of Nearly Million Dollars Over Last November.

Ottawa, Dec. 1.—The customs revenue for November has been \$2,024,000, an increase of nearly \$1,000,000 over last November. For the first eight months of the fiscal year the increase has been \$2,256,344.

BATTLE BETWEEN WARSIPS AVERTED

Loyal Brazilian Sailors Were Preparing to Attack Mutineers When Surrendered

Washington, D. C., Nov. 25.—A complete account of the revolt of Brazilian sailors at Rio de Janeiro, received at the Brazilian embassy here indicates that serious trouble was averted by the surrender of the rebels.

A cablegram, signed by Baron Rio Branco, stated that at the time of the surrender of the steamers, the rest of the Brazilian fleet, consisting of 26 vessels, was preparing to attack the mutineers. Orders had been issued by the government to torpedo the Dreadnoughts, and, if necessary, to sink them.

The cablegram said that in surrendering, the sailors threw themselves on the mercy of the Brazilian president, whom they had been informed would guarantee them immunity from punishment as mutineers.

Negotiations between shore and the battleships were carried on by wireless, the cablegram stated, and the result was that the sailors had to be ordered, justice and equity lay down our arms, trusting that amnesty will be granted. We remain forever obedient to your excellency, in whom we place all trust.

The cablegram said that in surrendering, the sailors threw themselves on the mercy of the Brazilian president, whom they had been informed would guarantee them immunity from punishment as mutineers.

YOUNG OFFICERS PROMOTED

Many Changes Are Being Made in Japanese Army and Navy

Tokio, Dec. 1.—The promotion of 20,000 young recruits to the ranks of the Japanese Army and Navy is causing a great number of retirements of elderly officers and several changes in the roster of naval officers were ordered today by the war and navy ministries.

The shakedown is the greatest in both branches of the service since the organization of the modern army and navy.

The changes were caused by the increase in able young officers who saw service in the Russo-Japanese war and thereby became fitted to occupy the positions held by the older men. The ministry resolved to send out the veterans and entice the army with young blood. The same reasons governed the changes in the navy.

THE BEST MEDICINE FOR LITTLE ONES

The best medicine in the world for little ones is the medicine that will promptly cure all their little ills, and at the same time can be given to the youngest baby with absolute safety. Such a medicine is Baby's Own Tablets. The mother has been arranged to take place from the family residence, 518 Queen's avenue, on Sunday afternoon at 2:30 o'clock. Rev. J. B. Warkner will officiate.
