REV. DR. TALMAGE ON WRONGS THAT CANNOT BE RIGHTED.

His Opinion of "the Unpardonable Sin"-Not Possible To-day to Commit It-Some Irrevokable Mistakes Enumerated-The Signal Gun of the Gospel.

New York, July 14 .- In his sermon for to-day, Rev. Dr. Talmage, who is still in the west on his annual summer tour, chose a subject which has been a fruitful theme of theological disputation for centuries past-viz, "The Unpardon-able Sin." The texts selected were : "All manner of sin and blasphemy shall be forgiven unto men, but the blasphemy against the Holy Ghost shall not be forgiven unto men. And whosoever speaketh a word against Son of Man, it shall be forgiven him, but whosoever speaketh against the Holy Ghost it shall not be forgiven him, neither in this world, neither in the world to come."-Matthew xii, 31,32. "He found no place of repentance,

though he sought it carefully with tears."-Hebrews xil. 17.

As sometimes you gather the whole family around the evening stand to hear some book read, so now we gather great Christian group-to study this text, and now may one and the same lamp cast its glow on all the cir-

You see from the first passage that read that there is a sin against the Holy Ghost for which a man is never Once having committed it, pardoned. he is bound hand and foot for the dungeons of despair. Sermons may be preached to him, songs may be sung to him, pravers may be offered in his behalf. ut all to no purpose. He is a captive for this world and a captive for the world to come. Do you suppose that there is any one here who has committed that sin? All sins are against the Holy Ghost, but my text eaks of one especially. It is very clear to my own mind that the sin gainst the Holy Ghost was the ascribing of the works of the Spirit to the agency of the devil in time of the apostles. Indeed the Bible distinctly tells us that. In other words, if a man had sight given to him, or if another was raised from the dead, and some on standing there should say : "This man got his sight by satanic power. The Holy Spirit did not do this, Beelzebub lished it," or, "This man raised from the dead was raised by satanic luence," the man who said that dropped down under the curse of the text and had committed the fatal sin against the Holy Ghost.

Now, I do not think it is possible in this day to commit that sin. I think was possible only in apostolic times. But it is a very terrible thing ever to say anything against the Holy Ghost, and it is a marked fact that our race has been marvelously kept back from that profanity. You hear a man swear by the name of the Eternal God and the name of Jesus Christ, but you never heard a man swear by the name of the Holy Ghost. There are those here to-day who fear they are guilty of the unpardonable sin you such anxiety? Then I have to tell you positively that you have not committed that sin, because the very anx-iety is a result of the movement of the gracious spirit, and your anxiety is oof positive, as certainly as anything that can be demonstrated in mathe matics, that you have not committed the sin that I have been speaking of. I look off upon this audience and feel that there is salvation for all. It is not

Now I am dying, and I them !" My brother, you will never get them back. They are gone, gone. You may be very sorry about it and God may forgive, so that you may at am afraid." In this category of irrevocable mistakes I place, also, the unkindnesses last reach heaven, but you will never get over some of the mishaps that done the departed. When I was a boy, my mother used to say to me somehave come to your soul as a result of times, "De Witt, you will be sorry for your neglect of early duty. You may try to undo it; you cannot undo it. that when I am gone." And I remember just how she looked, sitting there When you had a boy's arms and a boy's can and spectacles, and the old eyes and a boy's heart you ought to with Bible in her lap, and she never said a have attended to those things. A man says, at 50 years of age, "I do wish I truer thing than that, for I have often been sorry since. lence."

The simple fact is, that men and women often take 20 years of their life to build up influences that require all the rest of their life to break down. Talk about a man beginning life when of which is, take care of your friends he is 21 years of age; talk about a woman beginning life when she is 18 while you have them. Spare the scoldyears of age ! Ah, no! In many resing: be economical of the satire; shut pects that is the time they close life. In up in a dark cave, from which they nine cases out of ten all the questions shall never swarm forth, all the words of eternity are decided before that. that have a sting in them. You will Talk about a majority of men getting their fortunes between 30 and 40 ! They will-perhaps to-morrow. Oh, yes, with a firm hand you administer parental get or lose fortunes between 10 and 20. When you tell me that a man is just beginning life, I tell you he is just closing it. The next 50 years will not be of as much importance to him as the first 20.

Now, why do I say this? Is it for the annovance of those who have only a baleful retrospection ? You know it is not my way. I say it for the benefit of young men and women. I want them to understand that eternity is wrapped up in this hour; that the sins of youth we never get over; that you are now fashioning the mold in which your great future is to run; that a minute, instead of being 60 seconds, long, is made up of everlasting ages. You see what dignity and importance this gives to the life of all our young folks. Why, in the light of this subject, life is not something to be frit-

tered away, not something to be smirked about, not something to be danced out, but something to be weighed in the balances of eternity. Oh, young man, the sin of yesterday, the sin of tomorrow, will reach over 10,000 yearsaye, over the great and unendin ng eternity. You may, after awhile, say : "I am very sorry. Now I have got to be 30 or 40 years of age, and I do wish I had never committed those sins." What does that amount to ? God may pardon you, but undo those things you never will, you never can

In this same category of irrevocable will not wake up for you one of those mistakes I put all parental neglect. We privileges. Esau sold his birthright and there begin the education of our children too not wealth enough in the treasure late. By the time they get to be 10 or 15 we wake up to our mistakes and try houses of heaven to buy it back again. What does that mean ? It means that to eradicate this bad habit and change that, but it is too late. The parent who you are going to get any advantage omits, in the first ten years of the out of this Sabbath day, you will have to get it before the hand wheels child's life, to make an eternal impression for Christ, never makes it. Now fly, like a hawk, in circles, but in a you see what a mistake that father or straight line from eternity to eternity mother makes who puts off to late life It means that, though other charlots may break down, or drag heavily, this adherence to Christ. Here is a man who at 50 years of age says to you, "I one never drops the brake and never must be a Christian," and he yields his ceases to run. It means that while at heart to God and sits in the place of other feasts the cup may be passed to prayer to-day a Christian. None of us can doubt it. He goes home and he us and we may reject it. and yet after awhile take it, the cupbearers to this says : "Here at 50 years of age I have feast never give us but one chance at the chalice, and, rejecting that, we diven my heart to the Saviour. Now shall "find no place for repentance. I must establish a family altar." What? Where are your children now ? One in though we seek it carefully with tears.' Try to get back that opporsands of feet, the rest went. And so I see whole families bound to gether by ties of affection, and in many cases walking on slippery places of worldliness and sin. The father knows it, and the mother knows it, and they are bound all together. After awhil gone; it is gone forever. they begin to slide down steeper and steeper, and the father becomes alarmed, and he stops, planting his feet on the "Rock of Ages." boats from the Loch Earn for the Ville du Havre. They knew there was not room for all the passengers, but the were going to do as well as they could. But to-day we man the lifeboat of the gospel, and we cry out over the sea, "Room for all !" Oh, that the Lord Jesus Christ would, this hour, bring you all out of the flood of sin and plant you on the deck of the glorious old gospel craft !

But while I have said I do not think it is possible for us to commit the particular sin spoken of in the first text, I have by reason of the second text to call your attention to the fact that ere are sins which, though they may be pardoned, are in some respects irre-vocable, and you can find no place for pentance, though you seek it carefully with tears. Esau had a birthgiven him. In olden times it right meant not only temporal but spiritual essing. One day Esau took this birthright and traded it for something to eat. Oh, the folly ! But let us not be too severe upon him, for some of us have committed the same folly. After he had made the trade he wanted to get it back. Just as though you, to morrow morning, should take all your notes and bonds and government se-curities and should go into a restaurant and in a fit of recklessness and hunger throw all those securities or the counter and ask for a plate of food, making that exchange. This was the one Esau made. He sold his birthright for a mess of pottage, and he was very sorry about it afterward, but "he found no place for repentance, though he sought it carefully with tears."

There is an impression in almost every man's mind that, somewhere in the future there will be a chance where he can correct all his mistakes. Live as we may, if we only repent in time God will forgive us, and then all will be as though we had never committed sin. My discourse shall come in collision with that theory. I shall show you, my friends, as God will help me that there is such a thing as unsucces ful repentance; that there are things done wrong that always stay wrong and for them you may seek some place of repentance and seek it carefully, but never find it.

Belonging to this class of irrevocable mistakes is the folly of a misspent youth. We may look back to our college days and think how we neglected chemistry, or geology, or botany, or mathematics. We may be sorry about it all our days. Can we ever get the discipline or the advantage that we would have had had we attended to e duties in early life ? . A man altes up at 40 years of age and finds his youth has been wasted, and trives to get back his early advan-
