TAFT PRAISED
BY DEMOCRAT

Senator Pollock of South Carolina Says Senate is Playing Politics and Injuring Wilson.

Washington, Jan. 30.—Critics of President Wilson and his proposal for a League of Nations were sharply rebuked in the Senate today, by Senator Pollock of South Carolina. During his speech, he charged that the partisan politics was the basis for much of the criticism voiced recently in the Senate. Senators Lodge, of Massachusetts, Knox, of Pennsylvania, and Borah, of Idaho, Republicans, and Reed of Missouri, Democrat, the South Carolina Senator said, were among those who had labored for "destruction instead of construction" in the peace plans.

"I warn the gentlemen in this body that this is no ordinary political question," said Mr. Pollock. "The American people will hold them responsible if they place obstacles in the way of saving the world from a repetition of its anguish of the past four years."

Senator Pollock praised former President Taft for his support of President Wilson's efforts in behalf of a League of Nations.

RECIPES TO CLEAR
A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and cleaning the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear, cleanses the blood and is excellent for the kidneys as well.

One Trick Dropped.
I've noticed this since the town went dry.
What?
My wife hasn't nearly so anxious to smell my breath as she used to be.

WEIRMEN'S ASSOCIATION MAKE
PLANS FOR SEASON'S WORK

Largely Attended Meeting Held at St. George Yesterday—Delegation to Meet Maine Weirmen to Discuss Mutual Benefits—Want \$25 as Minimum Price for Herring.

Special to The Standard.

St. George, N.B., Jan. 30.—A meeting of the Weirmen's Association was held this afternoon in the Imperial Theatre. It was a large gathering, all the coastline from St. Andrews to Lepreau and adjacent islands being well represented. The president, Mr. George E. Frauley, being absent from the town, M. N. Cockburn was chosen chairman. The chairman briefly stated that the main object of the meeting was to have a delegation appointed to meet and confer with the Weirmen's Union of Maine, and read communications with a request to that effect. He also stated that any other matter relating to the fish business might be brought before the meeting.

The secretary, Mr. Oscar Hanson, Jr., read the minutes of the previous meeting, which were approved. Mr. James Brydon, manager of the Bank of Nova Scotia, St. George, had an important business announcement to make to the meeting, namely, that branches of the said bank were to be opened at Mace's Bay, Campobello and Deer Island. Mr. Brydon asked for a generous patronage from the fishermen. A letter was read from Senator Todd regretting his inability to be present and extending best wishes for the Weirmen's Union. After some discussion it was moved, seconded and carried that a committee of seven be appointed to meet with a committee of the Maine Weirmen's Union, which was also moved and carried that the chairman appoint a committee of three to nominate the seven on the above named committee.

The following were appointed: Oscar Hanson, Grover Cook, Alonzo Stewart. After a short consultation they nominated the following committee: Colin Ingalls, Alonzo Stewart, Daniel Cassidy, Addison Thompson, Arthur Abbott, George E. Frauley and Harry Belyea. They also nominated the following alternates: Harley Ingersoll, Fred Richardson, John Catherine, Oscar Hanson, Jack Murray, Robert Thompson and Howard Ellis. The chairman stated that if any one present had any instructions that they wished to furnish the committee they were at liberty to do so.

Mr. Alonzo Stewart, of Deer Island, made a very strong address and gave notice of a resolution to be moved by Grover Cook and seconded by himself and submitted at the first regular meeting of the Weirmen's Union. Resolution: "The undersigned beg to give notice that at the next annual meeting of this association, a resolution will be moved to the effect, and embodying the principle of trying on the members of this association the importance of giving a preference to all sardine packers who pledge themselves to refrain from contracting, or seeking to make contracts with well fishermen, to regulate the price on sardine herring, on condition that said packers will give receipts, and refrain from dealing with weirs whose owners are not members of the association."

George M. Byron made a speech in which he stated that some of the weirmen, in order to sell their fish, had been giving a bonus to the boatmen.

A general discussion then took place in which the majority present stated that this was a violation of the law. Inspector Calder and Thos. A. Hart, M.P., being present, were called upon, and delivered stirring addresses. The secretary then stated that there were no funds on hand. It was then moved, seconded and carried that a committee be appointed to report at the annual meeting as to the proper membership fee to assess on the members, the present annual rate of \$1.00 being inadequate. The committees appointed were Alonzo Stewart, George E. Frauley, W. A. Holt, George Ellis and Chas. M. Wallace. Also moved and carried that the expenses of the delegates to Maine be paid out of the funds of the union, as soon as there were enough on hand. An address was made by Mr. George Ellis and several others, some of them stating that \$25 be the minimum price, but the consensus of opinion was that the delegates have a free hand in their conference with the Maine weirmen. The meeting then adjourned.

THE AGREEMENTS
ARE BURDENSOME

The War-time Shipping Agreements With the Scandinavian Powers and Holland Proving Expensive to Great Britain and United States.

Paris, Jan. 30.—(By The Associated Press)—War time shipping agreements with the Scandinavian powers and Holland, it has been learned here, are now proving a source of illogically large expense to Great Britain and the United States owing to the provision requiring the payments of especially high charges for ships plying in the war zone.

Rates of charter both for war zone and non-war zone traffic were very remunerative to neutral owners under war conditions with the submarine campaign at its height, but now that the shipping situation has eased off materially the rates are far beyond the value of service rendered.

Great Britain and the United States, it is said, would be glad to turn the ships back to their owners, and seek tonnage in the open market.

WEDDINGS.

Porter-Anderson.
Leonard John Porter and Miss Ethel May Anderson, of West St. John, were married at the Cathedral of the Immaculate Conception yesterday morning. The sacred rite was administered by Rev. A. P. Allen, with Nuptial Mass, at seven o'clock. The bride was assisted by Miss Annie Quinn, and the groom had the support of his brother, Leo, C. Porter.

OBITUARY

Mrs. J. J. Flood.
The many friends of Mrs. J. J. Flood (Eva Harrison) will regret to hear of her death, which occurred at the St. John County Hospital yesterday, after a lingering illness, which she bore with fortitude and Christian resignation. Previous to her marriage she was engaged in nursing and will be kindly remembered in the Home for Incubables and the Old Ladies' Home, where her services were much appreciated. She leaves a sorrowing husband, who is a returned soldier, and two little children, as well as father, brothers and sisters. The funeral will take place from the residence of Morton L. Harrison, 57 Celebration St., tomorrow.

FUNERALS.

The funeral of James Daley took place yesterday morning from his late residence, 23 St. Patrick street, to the Cathedral, where high mass of requiem was celebrated by Rev. R. B. Fraser, who was assisted by Rev. A. P. Allen as deacon, and Rev. V. L. Moore as sub-deacon. Interment was made in the new Catholic cemetery.

NEWCASTLE

Newcastle, Jan. 29.—The County Court met yesterday and adjourned till April next.

The two criminal cases were allowed to go on suspended sentence. Joseph Beckwith, of St. John, son of Mr. and Mrs. Robert Beckwith, of Newcastle, is home from overseas, and visiting his parents.

Edward Lundsen, of the 132nd Battalion, is home from overseas. He is suffering from the results of having been gassed.

CANADA'S WAR BILL
ABOUT TWO BILLIONS

SAYS SIR H. AMES
Small Investor Can Aid Country and Himself by Buying Stamps and Obviating New Loans.

Toronto, Jan. 27.—Speaking at the Canadian Club here today on the purpose and plans of the National War Savings Committee, Sir Herbert Ames, chairman of that committee, referred to the losses sustained by Canada during the war.

"It is hard to assess the losses that come to a country through a period of war," he said. "We sent overseas 600,000 men. Of these, 60,000 will not return, for they lie buried for the most part on Flanders' fields. Sixty thousand more are coming back to us broken in health and maimed of limb. We can, with a somewhat greater definiteness, estimate financial losses. First comes the actual cost of the war; the disbursements made in raising, equipping and maintaining our troops. This will approximate \$1,400,000,000. Then, we have assumed—and rightly—the burden of supporting the widows and assisting the disabled men. This obligation capitalized would represent an indebtedness of not less than \$600,000,000 more. While it is probably yet too early to accurately determine what financial burden the

war has placed upon Canada, I think we may assume that it represents a capitalized amount of at least \$2,000,000,000, that is to say, a debt of \$250 on every individual in the Dominion. As yet we are unconscious of this burden, but it is inevitable that we and those who come after us, should feel the effects of this war for generations.

"Serious though the situation is in Canada, the outlook is hopeful, and we believe that Canada will be one of the first nations as the world to emerge from the incubus of the war."

Referring to the war savings committee, Sir Herbert said that the Canadian people will be called upon to lend their savings still further to borrow.

WE SELL
IMPERIAL OIL
Premier Gasoline
Polarine MOTOR OIL

Polarine
FRICTION REDUCING MOTOR OIL
"Makes a good car better"

A LIVE RESPONSIVE MOTOR

depends on proper lubrication—another way to say Polarine.

Polarine can't congeal at zero—nor break and gum under high heat. Its body is temperature-proof—of great fluidity and lubricating quality.

Polarine interposes a non-breakable film between all rubbing parts that prevents friction, minimizes wear, stops overheating, keeps cylinders smooth, compression tight, power at full strength.

Polarine doesn't foul spark plugs, carbonize piston heads and valves. Carbon goes out with the exhaust.

Polarine is perfect lubrication for every type of motor. There's no acid in it—no foreign matter. In one-half, one and four-gallon sealed cans. Supplied in two grades—Polarine and Polarine Heavy.

We also market special Polarine Oils and Greases for lubricating the transmission and differentials. Buy Polarine at the sign of the Red Ball—where Premier Gasoline is obtained.

Write us at Room 704 Imperial Oil Bldg., Toronto, for interesting booklet on Polarine for Automobile Lubrication.
