

LADY'S OWN TABLETS

When babies are restless it is the surest possible sign of illness. Well babies sleep soundly. Correct the disorders which cause sleeplessness. Do not give children any medicines containing opiates, as such are simply stupefying and not curative.

They give the baby sound, healthy, refreshing sleep and it will wake up healthy and happy.

These tablets are the best cure in the world for simple fevers, colic, all stomach troubles, nervousness and are a relief for croup.

They are purely vegetable little lozenges, pleasant to take, free from the slightest disagreeable taste and always effective. Every mother should keep them in the house.

You can find them at drug stores or get them postpaid at 25 cents a box by writing direct to

THE DR. WILLIAMS MEDICINE CO., Brockville, Ont.

Good for all Babies; Try Them for Your Baby.

HOW PATIENTS WERE ENTERTAINED BY HOSPITAL ANIMALCULE.

Vermitt, They State, Were Occupants of the Wards—Session of Royal Commission Yesterday Encouraged Witnesses to Make Free Statements—A Number Did.

The royal commission appointed to investigate affairs of the General Public Hospital met yesterday morning to take the evidence of witnesses, several of whom had been summoned by the commission. There was a large attendance of interested spectators and those who were unable to gain admission to the admirably room listened to the proceedings from the corridor.

There was a very decided change in the attitude of the royal commission towards witnesses from what had characterized their conduct at the previous session, and the latter were the objects of most polite attention from the chairman and others.

To the chairman, Miss Iddolls said her mother was a paying patient. A nurse told her all sorts of people come into the hospital and they were all alike.

To Mr. Lee—I have nothing else to complain of. The nurses were very kind and did everything they could. Her mother made no complaint of the food or service. Witness waited on her mother personally. Her only complaint was the bedbugs.

J. H. Wasson Has Good Words. J. H. Wasson, clerk of T. B. Barner & Sons, said he was present at the hospital four months in 1900; was in a private room, with a compound fracture of the leg; had never complained of the treatment and had no complaint to make.

Mr. Wasson's Mother Destroys Son's Evidence. Mrs. Letitia J. Wasson said she and her son had lived together every kindness. The only complaint her son ever made was that the mice ran over him at night.

Miss Duncan Complains About Father's Treatment. Mr. Truman said a Miss Duncan offered to tell some things her sister had told her of the treatment of her father while in the hospital, but her sister is now in Sydney.

Mrs. Emma Delay. Mrs. Emma Delay, of 44 Richmond street, said she had visited her husband, Michael, in the hospital in October last.

Wm. Porter Repeats His Story. William Porter, of 151 Queen street, repeated his story under oath as already given in the Telegraph Tuesday last.

Witnesses Must Appear. To Mr. Coster—My treatment was of the very best. All my wants were attended to. Sometimes called Dr. Macaulay through the night, and he always answered. Witness was suffering from appendicitis and complications.

Mrs. Cameron's Story of Her Boy. Mrs. Katherine Cameron, wife of Wm. Cameron, plumber, was examined by her solicitor, D. Mullin. She confirmed the story which was told in the Telegraph, February 11.

Witnesses Must Appear. To Mr. Coster—My treatment was of the very best. All my wants were attended to. Sometimes called Dr. Macaulay through the night, and he always answered.

Mrs. Cameron's Story of Her Boy. Mrs. Katherine Cameron, wife of Wm. Cameron, plumber, was examined by her solicitor, D. Mullin. She confirmed the story which was told in the Telegraph, February 11.

Witnesses Must Appear. To Mr. Coster—My treatment was of the very best. All my wants were attended to. Sometimes called Dr. Macaulay through the night, and he always answered.

The patients all talked of the noise. One patient had a wrong medicine given to him. The witness knew of the commotion in the ward, but could not tell who gave the medicine.

To Mr. Truman—He once saw Dr. Macaulay going through the wards in his operating gown with blood on it. It was, he thought, the day after the operation.

Witnesses Must Appear. To Mr. Coster—My treatment was of the very best. All my wants were attended to. Sometimes called Dr. Macaulay through the night, and he always answered.

Mrs. Cameron's Story of Her Boy. Mrs. Katherine Cameron, wife of Wm. Cameron, plumber, was examined by her solicitor, D. Mullin. She confirmed the story which was told in the Telegraph, February 11.

her of a nurse threatening to beat him. The boy is not very lame, and has used two crutches, although Dr. W. Christie continually told her he would be lame. A nurse told her not to let Christie fool her that way, for I would be lame. Her boy was never served with tea. She took him food every day. There were tubs on it, and after that took ice water. The nurse told her she had seen water in the room, and she drew her attention to the fact that it was still there.

Nurses Usually Kind. Examined by Mr. Coster, Mrs. Cameron said the nurses were usually kind and attentive and her only complaint was regarding the water. She could not get water herself, as the boys had to go elsewhere in the hospital because they had the fever. When she told Macaulay that the boy did not get water when he called for it, she said that too bad and promised to see about it. Dr. Wm. Christie told her the boy had to get the fever in the hospital.

Says He Got Practically No Medicine. To Mr. Truman—The nurse in attendance on Willie also waited on a typical ever patient, a patient with appendicitis and a woman with the sore throat. He received practically no medicine, the doctors said they could not give him medicine for fear of his leg and he could not treat his leg because of his leg system. The witness was the only son permitted to see his mother and doctors told her there was no danger taking the fever home to the other children. There had been a bed in the room but it was taken away. One occasion she knocked on the door of the appidicitis patient to draw the nurse's attention to the fact that Willie wanted water. Only once the boy complained of the night nurse threatening to beat him and that was four weeks before he left yet when he went home he called out in terror of the beating.

Alex. Little's Testimony. Alex. W. Little, of the Bank of Montreal, said he entered the hospital in June last and remained about five weeks. He had not eaten all of the food served in the hospital. The meat was rather tough; did not think it was well cooked; had no complaint about the bread. His mother furnished him with some of the food he used. Saw mice in the room two or three times; once saw a bed bug on a book sent to him from another room; told a nurse of the mice and the bed bug; heard the screams of the insane women; complained about the woman and told the nurse about the food, and she said she would like to have better to give him.

Witnesses Must Appear. To Mr. Coster—My treatment was of the very best. All my wants were attended to. Sometimes called Dr. Macaulay through the night, and he always answered. Witness was suffering from appendicitis and complications.

The chairman read the section under which the commission is constituted, showing that it is open to the commissioners to commit to jail for one day any persons who failed to answer summonses.

Constable Bond said a Mrs. Daniel B. Lord explained that her son is ill at home and that she could not leave him. She is a very aged lady. Miss McGourty, a nurse, who had been served, was present. A Mrs. Armstrong, from Carleton, daughter of Mrs. Lord, had promised to appear, but was not present.

Mrs. Cameron's Story of Her Boy. Mrs. Katherine Cameron, wife of Wm. Cameron, plumber, was examined by her solicitor, D. Mullin. She confirmed the story which was told in the Telegraph, February 11.
