Canon Introduced in Synod Wednesday to Restore Old Office TWO CLASSES OF THEM

First, Those Who Intend to Enter the Priesthood; Secondly, Those Who Are to Stay Permanently as Deacons--Latter May Take Charge of Parishes in Emergencies.

Quebec, Sept. 13.—(Special)—In the Synod today a canon was introduced with a view of having the office of deacon in the Church of England restored to its old efficiency. The canon, which was moved by Rev. Charles Jenkins and seconded by Prof. Clark, is as follows:

Whereas, the order of deacons in the Church of England has not the prominence and working power, it had in the primitive church, and it being very necessary that the office of deacon be restored to its ancient efficiency, the General Synod of the Church of England in the Dominion of Canada enacts: First, that a deacon need not surrender his worldly calling of business, said calling being approved by the bishop, unless he be a candidate for the office of a priest, and he shall not be admitted to the priesthood till he shall have passed a satisfactory examination in Latin and Greek, and have further complied with such other requirements as the bishop of each diocese may impose.

Second—The members of the order shall be classified into two grades. First, those who as at present intend going on into the higher orders of the church. Second, those who will continue permanently as deacons in the church.

Third—For those of the first grade, the course of study and training shall be regulated by the proper authorities as they are directed to do so. It shall be permissible after ordination for the deacon to continue his collegiate course in conjunction with doing duty under charge of a priest, as may be found practicable under diocesan regulations.

For the deacons of the second grade the qualification of learning in the Latin tongue may be dispensed with, and they may be elected to the office by a meeting of the communicants of a congregation, convened for the purpose, which meeting shall have had at least five days notice given out by the clergyman during divine services, said meeting is to be presided over by the clergyman of the congregation, and after election, the clergyman shall report the same to the bishop for the purpose of having the proper examinations and trial provided for, as required by the conditions of ordination.

As the deacons of the second grade are expected to work gratuitously except in special provision is made where ecclesiastical persons, and are not to be canonically entitled to participation in the offertory fund, as held in the various dioceses composing this Synod, which as heretofore, are exclusively for the benefit of these ministers who have detached themselves from the world to be employed in the service of the church.

A message was received from the upper house informing the lower house that notwithstanding the lower on the subject of the appendix to the book of common prayer, the upper house had decided to not concur in the resolution passed by the lower house.

Mr. Thomas, one of the delegates of the diocese of the United States on a mission to the Synod, has been in the city for some time, and is engaged in the personal charge for \$500 in the interest of the missionary work of the Anglican Church in Canada.

The following delegates were appointed to the next general synod of the Anglican church in the United States: Clerical delegates—D. A. Farthing, the proctor of the lower house of the synod, Substitute—Dan Williams, of Quebec; A. Fortin, of Winnipeg; Canon Welch, of Toronto.

Substitute—R. S. Lake, M. P., of Grenfell (Assn. East); Hon. A. J. Matheson, M. P., of Perth (Ont.); F. E. Hodgins, Toronto.

Discussion on the canon proceeded until Canon Crawford moved that it be laid aside till the next meeting of the synod. One reason for this he said was that the approaching Lambeth conference was to take up the question. This was lost by a vote of 51 to 48.

The canon was taken up clause by clause, but a motion to carry the preamble was defeated 50 to 35 and the canon was there and then disposed of for the present session.

After a prologued debate on the question of the appendix to the prayer book, at this morning's session, an amendment was proposed by Canon Welch, of Toronto, seconded by Mr. Chancellor Martin, to the effect that the first committee of both houses on the app'x be re-appointed and the report sent back to them for further revision and modification of services. This was in the form of an amendment to the amendment. Objection was taken to the form of the motion but it passed by a vote of 50 to 35.

The amendment proposed by Charles Jenkins, seconded by Rev. Dr. Young, that the report be referred back to the synod to secure further suggestions.
