## A "HEALTH BELT MAN" Bears "Young"

at 55 old, for my Health Belt food, nerves and tissues until AS RESTORED

A Wizard Worker, a mechanical self-value. It stands by you and never abandons you to a state of vigorous Manhood. No drugs, no dieting, no restrictions of any sort, excepting that all dissipation must cease. Worn during the time you are sleeping, it opens its flood gates and drives a great, soft, warm stream of electricity into your blood, nerve and weakened organs throughout the entire night; it cares forever the weakness in your back; it seeks out and expels from your system all rheumatic pains. The electro-sensory attachment is there for a purpose; it is the strong feature of my Health Belt, and

of life, with full self-confidence, surely the parts most needing it. Courage, keeps you going with the fire and vigor you ever saw. The "HEALTH BELT" is the secret of perpetual youth. It will "I am a man again, thanks to your name as you see fit." So writes Samuel have thousands before him.

## RECIPROCITY IS FAVORED BY ALL

Many Communica- tions Sent In

Seventy-seven Received by Sir Wilfrid Laurier

Public Bodies and Others, East and west, Heartily Approve Trade Agreement—Parliament Likely to Be Prorogued Next Month—Slim Attendance Yesterday.

Ottawa, April 19.—The two houses of parliament resumed sessions today with bare quorums, the holiday having failed to elude to their duties the great majority of members of the commons and the senate.

In the house the reciprocity debate was resumed as briefly as though it was not in the least frayed at the edges by weeks of hard usage. Mr. McNeill, a Liberal representative from the western constituency of Saskatchewan, made a brief speech in favor of the enactment of reciprocity, and Mr. Lacombe, Conservative, from the Niagara Peninsula, made a long speech against the measure. Neither added materially to the fund of reciprocity information which has been slowly accumulating.

As accurate forecast of the end of the session will not be possible until the majority of the members arrive tomorrow and some canvassing has been done, however, the expectation is that prorogation will certainly take place next month.

During the Easter recess the government received 77 communications from public bodies representing their views on reciprocity. These were tabled by Sir Wilfrid Laurier at the request of Mr. Foster, when the house met this afternoon. Everyone of the 77 endorsed the government's proposals. Of the total 63 came from the provinces of Manitoba, Saskatchewan and Alberta, eight from the provinces of Quebec and six from Ontario. They indicate that the artisans are joining the farmers. Resolutions are now flooding the government from the labor interests in the older provinces, equally emphatic in their support of the pact to those of the western farmers. Among those tabled today were resolutions from the Canadian working men of Maine, the "Millers' International Union of Quebec, the Canadian Union of Joiners and Carpenters of Montreal, the International Union of Journeymen Barbers of Montreal.

In response to a query by Mr. Foster as to the fatality which befell Inspector Fitzgerald and three members of the Mounted Police, who were frozen to death en route from Fort Macpherson and Dawson City, Sir Wilfrid Laurier said it had been the policy of the police to patrol this district regularly summer and winter in order to maintain jurisdiction over American whalers who wintered near the mouth of the Mackenzie River. The fatality was being investigated, though it was surmised that it had occurred as a result of the dogs going out.

The bill to transfer that part of Victoria city now held by the Songhees Indians as a reserve to the British Columbia government was introduced by Sir Wilfrid Laurier and was given a first reading.

Freight Upset

Loaded Box Car

AT HAMPTON

Thursday, April 20.—Slight damage was done to a C. R. rolling stock yesterday afternoon when a special freight which left Moncton bound for St. John collided with a box car at Hampton station, causing the car to be upset. The accident took place about 4 o'clock. In backing out of the siding the freight ran into the box car, which was situated on the main line near the switch. The freight, it is understood, miscalculated the distance which the box car was from the switch. The upsetting of the box car caused considerable inconvenience, as it blocked the main line and all the incoming and outgoing trains were forced to take siding. As a result of this the Halifax Express, due here at 5:20 p. m., was ten minutes late in reaching the city. The damaged car was filled with boxes. These were all strewn over the track. The auxiliary train was sent out from Moncton and at a late hour last night a number of men were engaged trying to right the derailed car.

## ALL RECORDS SMASHED BY S. S. MONTEZUMA

Big Ship Arrived Here Tuesday With 2619 Immigrants on Board

HEALTHY LOT OF MEN AND WOMEN

Four Deaths and One Birth Occurred at Sea—Many Countries Represented, But All Considered Desirable Settlers—Animated Scene at the Immigration Sheds.

Wednesday, April 19.—Canadian passenger records were broken again yesterday with the arrival of the C. P. R. liner Montezuma, Captain Griffiths, from London and Antwerp, with 2619 passengers. Not in the history of passenger business in Canada has any single steamer brought in such a large number of immigrants. The arrival of the Montezuma some years ago, when about 2400 came out, was, it is understood, the previous record. When the C. P. R. liner Antwerp reached port from London and Antwerp some weeks ago with more than 2100, it was thought that the number would stand for the record of this port, but today's arrival places St. John ahead for immigrant business.

Four deaths and one birth occurred aboard the steamer on her way over. Typhoid claimed three and pneumonia one; three were Austrian, one a Russian, and all male. All the deaths occurred some three or four days after the Montezuma left for this port, and burial took place at sea in the customary manner. The voyage across was a pleasant one, the only occurrence of any consequence being the passing of a large ice berg.

Although the island reached at about 8 o'clock in the morning the liner did not come up to her dock before 2 o'clock in the afternoon. Half of the passengers were landed yesterday afternoon and the intention was to put the balance aboard this morning. One of the stewards was taken off the island suffering from typhoid.

When it is taken into consideration that the Montezuma brought out slightly more than the Saturnia and Lake Champlain in the same time, and that she carried many countries are represented, and all are a fine, healthy looking lot.

MAKING THE LACE FOR QUEEN MARY

Mrs. Jane Morris, in Northamptonshire, at Work on Bedfordshire Pillow.

London, April 19.—In a pretty little cottage in the pastoral village of Shelton, near Rushden, in Northamptonshire, lives Mrs. Jane Morris, a woman of 60, who is earnestly engaged making the Bedfordshire pillow lace for the coronation attire of Queen Mary. She has been engaged on her delicate work since last October, and must finish it by the end of this month.

The lace, which is of exquisite beauty, is being made on a wonderful pattern more than seventy years old, that was used for the late Queen Victoria's coronation. The lace, representing the crown and pendant worn by the Queen, is a diamond in the crown is represented by a dot; there being ten in the flourish, twelve round the outside of the crown, twelve in the crown and five round the lower part. The thread is as thin as a hair.

"I have worked some very fine thread in my time, but never anything like this," said Mrs. Morris to a visitor. The lace is about three inches broad. Mrs. Morris is making four yards, and it takes a whole day to make an inch and a half.

"She uses 180 bobbins for the work," said Mrs. Morris, "and it is wonderful to see her fingers move so rapidly and never making a mistake. The intricate patterns, so quickly and dexterously made, give to the inexperienced eye an impression of muddled up cotton, and when one looks at the lovely lace one is amazed at how it is made. It is a marvelous combination of beauty."

NOMINATIONS FOR NOVA SCOTIA HOUSE

Halifax, April 19.—The nominations for the provincial legislature were held today, one at Amherst, where C. R. Smith, Amherst, and J. Fleming Gillroy, Springfield, were nominated by the Conservatives for Cumberland county.

In Pictou, the Liberals nominated R. M. Macgregor and H. H. McKay, two of the present members, and Archibald McKenzie, of River John, as their ticket. Speaking of the government's railway policy, at a public meeting following the convention, Premier Murray said he believed the burden of the Musquodoboit Valley railway and a line from Sunny Brae to Guysboro would be assumed by the federal government. This would be a stretch of 140 miles of road. The province would contribute a subsidy.

CANTERBURY CHURCH

Canterbury Station, April 19.—The elections in the Canterbury Anglican church resulted as follows: Rev. H. Scott, Edmund London, wardens.

Albert Edgar, Edward Gould, John A. Horton, Alfred Wilberley, John Fernon, James S. Law, John A. Prior, William Day, Edgar Speer, Chester Cunningham, Wm. Cunningham, John McMillan, Jr., were chosen.

Edmund London, representative to Synod.

## SUFFERED THREE YEARS

THIRTY Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, and they cured my kidney trouble. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

\$3.50 RECIPE CURES WEAK KIDNEYS, FREE

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; aching before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps, unnatural short breath; sleeplessness and the dependency of the individual? This is the only remedy you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$2.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K. 204 Lark Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only harmless remedies, but it has great healing and pain-conquering power."

It will quickly show its power once you use it, so I think you had better try it at once—it is without danger. I will send you a copy free—you can use it and cure yourself.

## CHATHAM SCOTT ACT TICKET BADLY BEATEN

Electors Vote Two to One Against Men Who Enforced the Law

SACKVILLE HAD A WARM CONTEST

C. W. Fawcett Chosen Mayor, But Some of the Old Board Were Defeated—Newcastle Elected a Complete New Council.

Chatham, N. B., April 18.—Polling day brought to a close the most strenuous electoral campaign ever known in civic affairs in Chatham, and not since the town was incorporated in 1896, when the late Governor Snowball contested the mayorship with Dr. Joseph Benson, has so much interest been evinced in the outcome.

Two candidates offered for mayor and fourteen others for the eight aldermanic seats, and the result of the polling is the election of Dr. Thos. L. Byrne as mayor, and J. Fred Benson, W. F. Cassidy, J. A. Kerr, A. McLennan, A. P. Williams, J. L. Stewart, H. H. Carvell and J. A. Hay, the independent candidates.

The other candidates, Mr. Haley, for mayor, and R. A. Snowball, R. A. Logie, L. H. Abbott, George Grant, Ed. Barry and J. Y. Mercereau, who made the enforcement of the Scott act the sole plank in their platform, were snuffed under the voting being nearly two to one in favor of the independent candidates.

During the last week the town has been flooded with campaign literature and doggers were freely used by both parties, as well as the columns of two of the newspapers.

A very strong canvass was made in favor of the Scott act candidates, but their defeat was freely predicted on account of the manner in which the old council, whose methods they endorsed, enforced the act.

Result in Sackville.

Sackville, N. B., April 18.—Today's election here was probably the hottest since the town was incorporated, the largest vote being polled. Two candidates for mayor were in the field and fourteen for aldermen. Charles W. Barrett was elected mayor by a vote of 582 as against 114 for F. A. Dixon. In the aldermanic contest the vote was as follows: The two highest being elected in each ward: Ald. J. R. Anderson, 211; Thomas Estabrook, 181.

East ward—F. E. Donoh, 238; B. C. Roworth, 238; C. W. Cahill, 144. One surprise of the contest was the defeat of candidate Estabrook, for several years chairman of the finance committee of the council. In this ward C. E. Lund placed a lone hand as a temperance candidate.

The Newcastle Result.

Newcastle, N. B., April 18.—(Special.)—The total vote polled in the civic election today was 294, fifteen more than last year. Mayor McMurdo and Ald. Allison, Layton, Murray, Thomas Russell, did not offer for re-election and Ald. Falconer was defeated.

For Mayor Dr. Ferdinand L. Peltin defeated ex-Mayor Stanley Miller by 159 to 139. Eleven candidates ran for alderman, Falconer, Wyse and Smallwood being defeated and the others either elected or elected by a majority.

The vote was as follows: Ald. John Clark, 210; John C. Kethro, 202; Samuel A. Russell, 192; Charles M. Dickinson, 182; George Stables, 182; Ald. Charles Sargeant, 178; Ald. Thomas W. Butler, 174; H. H. Stuart, 160; Ald. J. M. Falconer, 159; Henry Wyse, 125; D. Cameron Smallwood, 91. A great number of electors were disqualified for non-payment of taxes.

SHORT MEASURE

IN BEER NOT TO BE ALLOWED

Such Action in Munich Has Been Judged an Offence Punishable by Imprisonment.

Munich, April 18.—Serving short measure in beer and the deception of the public by filling the "stetins" and "seidels" with froth so as to form what is popularly known as a "collar," has just been judged an offence punishable by imprisonment by the criminal court here.

The tenant of a gigantic beer house who was arraigned on a charge of defrauding the public in this way, was sentenced to six weeks' jail and a fine of \$750, and five of his waiters to terms of from one to three weeks' jail.

Evidence showed that it has become customary to serve glasses of beer in which the liquor did not reach the legally stamped mark indicating the proper measure, the drinking vessels being filled to the top with a large quantity of froth. In this way the profits of the house were greatly increased.

The public, however, indignantly demanded, and to such extent that a "virtual beer strike" was brought about and many thousands more popular drinking resorts have been practically closed.

The anti-tainted by several customers, lasted more than five months.

WHERE WERE THE REST? (Harper's Magazine).

The eight-year-old son of a Baltimore physician, together with a friend, was playing in his father's office during the absence of the doctor, when suddenly the first lad threw open a closet door and Richard, the doctor's son, explained that his father was extremely proud of that skeleton.

"Where were the other?" "Why?" "I don't know," was the answer, "may be it was his first patient."

## YORK CO. LIBERALS PREPARE FOR FUTURE

TWO AMHERST MEN ARRESTED ON BIGAMY CHARGE

Both Alleged to Have Deserted Wives in Truro and Yarmouth and Married Again.

Amherst, N. S., April 18.—Amherst had a sensation yesterday in the arrest of two men on the charge of bigamy, and they are now in jail awaiting their preliminary examination.

The names of the men are Alex. Cayton and Edward Williams. Cayton, it is said, has a wife in Truro whom he married some years ago. He then came to Amherst and married wife No. 2, but she died shortly after the marriage. He then, it is claimed, united himself in marriage to No. 3, with whom he has been residing since last May.

Williams hails from Yarmouth, and the crown claims that he has a wife and five children in that town. Last October he married Mrs. Blenis, formerly of Sackville. The preliminary examinations will take place tomorrow.

Working Together.

The meeting was largely attended. J. D. Phinney, K.C., was appointed chairman and P. J. Hughes, secretary.

Provincial organizer, E. S. Carter, of Rothesay, was present.

The needs of the Liberal party in Fredericton and vicinity were thoroughly discussed. Some of those present advocated the formation of a Fredericton Association independent of the association in Gibson and St. Mary's. The formation of a Young Liberal Club was also advocated.

The meeting decided, however, on a general association. The newly formed organization will meet in the near future at the call of the chair, to complete the organization. The indications are that the Liberals in this city and vicinity are on the eve of an organization, and an effort which will make a marked difference in the results of the coming elections. Both young and old men have joined together to advance the interests of the party, and success is assured.

If a loaf of bread has become stale hold it under the water for one second; then place in a brisk oven for a quarter of an hour. It will taste like new bread.

Sometimes dishes become badly stained from tea; a vigorous rubbing with salt will probably remove every vestige of discoloration.
