Teen Hair Styles

THE CUT: Short and layered but with enough length on the sides to achieve the swirl!

THE SET: Tape-bangs in place over a wad of cotton. Then use 1 1/2" rollers as shown, finishing at the nape with pin curls.

THE BRUSHOUT: Brush bangs in place, leave enough hair for the side swirl then gently tease the crown and back for some height. Finish by brushing the side swirl letting it swoop into the left eye.
