

George has been so busy this week  
 we see very little of him. He is  
 ready for a holiday now & will  
 take me soon. It would be wonderful  
 to attempt to like you of his work  
 or even the letter that I do, for  
 Mr. Cuthbert is a small world in  
 itself. I enclose a leaflet which  
 will let you see a few of his organ  
 isms in his church. It is not half  
 so true his work in Denver, it has  
 more vitality, there is so much  
 social work here, I cannot be better  
 with it.  
 How I must not bother you with  
 more. Give many, many thanks &  
 love. Ever yours sincerely  
 W.L.K.

into your place  
 from my love &  
 all at home.  
 (Lovingly yours)

Dear Max.

I am truly ashamed to  
 think that this is the first  
 of March and I have never  
 thanked you for your lovely  
 Christ-mas gift, & your kind  
 letter, written since then. I am  
 more ashamed when I think  
 that with all your duties, you  
 took time to write to me. Thank
