MEMORANDUM FOR THE PRIME MINISTER

C230535

Attached is a memorandum, prepared by the Cypher Division, showing the various series of telegrams used by the Dominions Office in direct communication with the Department of External Affairs.

In addition to these series there are, of course, a great many messages communicated by the United Kingdom Government to the Canadian Government through the Office of the United Kingdom High Commissioner in Ottawa. Sometimes messages received through this channel relate to messages sent by direct telegram to the Department of External Affairs. They are not, however, marked with the same serial letter. Some serial communications e.g., the "Guido" series from the Ministry of Information, are always received under cover of a letter from the United Kingdom High Commissioner in Ottawa.
