

- Labour, normal—*continued*,
 cervix of a multipara who died of eclampsia at beginning of labour, 216
 clinical phenomena, 213
 delivery of membranes, 300
 descent of head, 262
 diagnosis of position by vaginal examination, 290
 effect on fetal head, 273
 flexion in, 262
 forces of, their mode of action and influence on the general physiological functions of the mother, 242
 general effects of, 248
 mechanism of first and second stages, 252
 method of making vaginal examination during, 279, 280
 postmature, 214
 preparations in, 277
 semiprone or Sims's position for vaginal examination in, 290
 signs of onset, 214
 Labour, normal, management of, 276
 antiseptics, 276
 diagnosis, 281
 of first stage, 293
 of second stage, 294
 of third stage, 299
 Labour, normal, stages of, 217
 pains, "false pains," 214, 215
 premature, in albuminuria of pregnancy, 100
 premature, indications for induction of, and methods, 585—587
 Lacerations, causing post-partum hæmorrhage, 464, 465, 470
 of cervix and vagina in labour, 427
 perineal, three types of, 688, 689
 Lactation, contra-indications for, 554
 insanity of, 549
 preparation of nipples for process of, 501
 process of, 499
 Laminaria tent, introduction of, 587
 Langhans cells, abnormal epithelial proliferation of, 133
 Langhans, islets of, 28
 layer of, 27, 546
 Lea, 506, 512, 540, 541
 Leg, white, 536
 Leiter's coils, 543
 Leonhard, 349
 Leopold's ovum, 25, 35
 Lepage, 114, 654
 Lever theory, 264
 Levret, 627
 Lie longitudinal, 349
 transverse or oblique, of foetus at term, 238
 Ligature or excision of pelvic veins for pyæmia, 540
 Liquor amnii, composition of, 43
 excess of, 129, 139
 function of, 41
 protective action of, 241
 urea in, 44
 Lister and puerperal fever, 503, 504
 Liver, diseases of, in pregnancy, 187
 changes in, in eclampsia, 103
 Lochia, foetal, 55
 cessation of, in septicæmia, 522
 decomposition of, in sapræmia, 518
 characters of, 494
 Locking in twin labour, 350
 Löhlein, 67
 "Longings" of pregnancy, 92
 Lunacy Commissioners' statistics, 549
 MALARIA in pregnancy, 180
 Malformation of uterus and pregnancy, 133
 Malins, 195
 Mamma of a primigravida, 64
 Management, of breech presentation, 330
 of brow presentation, 321
 of first stage of labour, 293
 of labour in contracted pelvis, 375, 379
 of labour in occipito positions of vertex, 305
 of new-born child, 552
 of premature infants, 564, 565
 of premature rupture of membranes, 407
 of puerperium, including process of lactation, 496
 of shoulder presentations, 345
 of third stage of labour, 299
 of twin labour, 351
 Manipulations, intra-uterine, in rupture of uterus in labour, 415
 of uterus per abdomen in post-partum hæmorrhage from inertia, 467
 Manœuvre of Pajot, 632
 Massage during puerperium, 198
 Mastitis, 541
 Mauriceau-Veit grip, 349
 in delivering the after-coming head, 333, 334
 Mechanism, in breech presentation, 327
 anomalies of, 329
 in brow presentation, 320
 of flat pelvis, 371
 of generally contracted pelvis, 374
 of shoulder presentation, 343
