HERE IS YOUR REMEDY !

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of Saint Mary's Street, Weymouth, dated May 15th, 1851. To Professor Holloway

To Professor Holloway

Sir,—At the age of 18 my wife (who is now 61) caught a violent co d, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep Every remedy that medical men advised was tried, but, without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements and advised her try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to du so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are pumiless, without seam or sor, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature, (Signed)

WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING. Copy of a Letter from Mr Wm. Abbs, Builder of Gas Ovens, of Rushcliffe, near Hudder-field, dated May 31st, 1851.

To Professor Holloway,

Sin,—I suffered for period of thirty years from a badler, the result of two or three different accidence at GasWorks; accompanied by scorbuic symptoms. I had recourse to a variety of medical advice, without deriving
any benefit, and was even told that the leg must be ampointed, yet, in opposition to that opinion, your Pills and
Ominion have effected a complete cure in so short a time,
that few who had not withessed it would credit the fact.

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a Letter from Mr. Frederick Turner, of Penshuret, Kent, dated December 13th, 1850.

To Professor HotLoway,
DEAR SIR,-My wife had suffered from Bad Breasts for DEAR SIA.—My wife had suffered from Bad Breasts for nore than six months, and during the whole period had the best medical actendance, but all to no use. Having before headed an award wound in my own leg by your uni-rivalled medicine. I determined again to have your Pilis and Onitment, and therefore gave them a triat in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other brances of my family have derived from their use is really about them. I now attorably recommend them, to really astonishing. I now strongly recommend them to

siding at Newborough, near Hexham, doted May 15th, 1850.

To Professor Holloway,
Sir,—I was ufflicted with a swelling on each side of the leg, rather above the knee, for hearly two years, which increased to a great size. I had the tables of three eminent surgeons here, and was an immate of the Newcastle Infrinary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in beas than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint. AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter fram Mr. Francis Arnot. of Breakouse Lotkian Road, Edinbro', dated April 28th, 1851.

To Professor Hoilloway.

Sir,—For more than twenty years my wife has been subject, from time to rime, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pilis and Ointment, and thought she would give them a trial. To her great astonishment and delight she got immediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has sujoyed the best of health for the last four years.
