When to make a Will

The time to make a Will is when a man is in sound mind and body and with unimpaired faculties. A Will does not necessarily bind the Testator, but can be changed at any time. Illness or suffering may prevent making a Will, so the best advice as to when to make a Will is DO IT AT ONCE and appoint as your Executor and Trustee—

The **LOCK** That  **PROTECTS** You

WHEN you decide to put a new roof on that barn, see that you make it a "GEORGE" Steel Shingle Roof. You can lay a roof of "GEORGE" Shingles in one-third the time it takes for Cedar Shingles. What's more your "GEORGE" Shingle

Roof will last three times as long. It only takes 25 of these big "GEORGE" Shingles to cover the same surface as 1000 Cedar Shingles will cover. In a roofer's square of 100 sq. ft. you have only 100 ft. of seams to join—only 75 nails to drive.

Pedlar's "GEORGE" Shingle

is the shingle for the modern barn. Not only does it save labor, time and nails, but its construction makes it impervious to the elements. It has a lock that protects you, absolutely, from snow, wind, hail, rain, fire and lightning. (See illustration above.) Note that the nailing flange on the right is completely covered by the next shingle. Nails cannot pull out, because the whole roof is practically one piece of metal.

All four sides of each shingle are securely sealed. Once it is laid it is there to stay. A "Pedlarized" Roof cannot leak—cannot burn—cannot rot—cannot rust—never needs painting—and is always clean. Use our "OSHAWA" (16 in. x 20 in.) Shingle for your dwellings and smaller buildings. This Shingle is identical with the "George" Shingle in everything but size.

MADE IN CANADA
