How to Speak in Public

In every walk of life, in every business, and in every profession, the big man is always he who can put his thoughts into words and address effectively a public meeting. The farmer who can do this has a decided advantage over his fellow men! In your spare hours the author will show you how to increase your self-confidence and enable you to get up on the spur of the moment and address your local Association or your annual convention. The organized farmers need a large number of able speakers to further the cause of truth and justice. Get this book and

learn how to present in a concise and telling manner your thoughts on the vital questions of the day. "Course of Study" booklet will be given free with every copy.
