Woman's Beautiful Hair is always admired.

Woman's Beautiful Hair will always be admired, so the woman who cares for her looks had better have more care for her hair. Little notice is given to the person even with a fine complexion if their hair is thin, short and lifeless. Isn't that incentive enough to have you take greater care of your hair than ever and use **Indiana Hair Restorer**, because there is no question of the good it will do you in toning and strengthening your hair. **50c and \$1 Bottle.**

SOME WATCHES

You must test by use to know
what sort of work they will do.
Some watches may make good
and they may not.

Now, the way we look at it,
such a purchase can never prove
satisfactory.

That element of uncertainty
is a constant bother to a watch
owner.

Why not come here for your
new watch?

Why not let us take all the
risk?

We are ready to do it—ready
to guarantee that our watches
will perform what we say they
will.
