WANT AD HOROSCOPE JUNE 18. Many famous writers, musicians and sculptors were born on this date. The governing planet is Mercury, which gives swiftness to thought and action, love of change, and a desire for the new. The fault of this birth date is lack of good judgment and lack of looking ahead and planning for the future. Women of this birth date make charming companions, but are apt to be changeable in their affections, and unreliable. Men of this birth date must seize upon the present opportunity and concentrate on it at once in order to realize the greatest success. This birth date gives great desire for knowledge and information, and once commanding their lower natures people of this date may succeed beyond their dreams. During this coming period the planets favor the placing of domestic in new positions. The labor of women in all spheres is under a benediction sign and household affairs will be settled advantageously by a Want Ad for the coming six days.

Men DO Read Advertisements There has been some lively discussion on this subject lately, and at a dinner of advertising men in one of the larger cities recently a prominent advertiser rose and asserted that "after all, very few men read advertisements." "You are absolutely wrong," retorted another advertising man, the manager of advertising in a department store. "We had a sale of shirts one day last week that was the most successful in the history of our business. 99 per cent of those who came in and bought were men. They came in direct response to our newspaper advertisement." Everywhere in every station of life men find interest in advertising. It may not be clothing, shoes or hats; but it may be something that relates to real estate, banking, the stock market, to automobiles—to any of the thousand—and one things that constantly form the subject of wide-awake advertising.
