

**A "Four" That Sets a New Standard**  
The "Master Four" Touring Model, 23-35 Special

In beauty of appearance, dependability and economy of operation, this "Four" touring has established an entirely new standard for four-cylinder cars.

Its low body, with its clean, straight lines, accentuated by the high radiator and straight hood, give it a long, racy appearance that is new to cars of its class. Massive crown fenders add to this distinction, as do the snug-fitting, shapely top and the handsome drum type head and cowl lamps.

**Distinctive Head Lamps**  
Drum type head lamps and parking lamps are among the new refinements of all the McLaughlin-Buick Master Models, both Fours and Sixes.

And with this beauty has come a new riding comfort. The seats are deep and low. A transmission lock, a windshield adjustable from the inside, a bumper, combination tail and stop lamp, scuff plates, etc., are among the many refinements of this model.

Material changes have also been made in motor, chassis and body construction which contribute still further to the wonderful performance record of McLaughlin-Buick cars.

There are 15 McLaughlin-Buick Models to Choose From

**In the Orchard.**  
The foliage of stone fruits, as cherry, plum, and peach, is on the whole quite tender, and the arsenical sprays should be employed with caution. Arsenate of lead is least likely to do harm, though more than two applications, especially to peach, may cause shotholing, dropping of leaves and burning of fruit.  
The care of the home orchard provides for spare time congenial and profitable occupation for those who enjoy seeing things grow.

**Important in Chicken Yard.**  
The health of our family depends largely upon the kind of feed that is given them and the way it is served. It is just as important to feed right in the chicken yard. Have the right kind of feed and see that it is not tainted in any way.

**Farm Trespassers Scored.**  
Mrs. Bess Wilson, editor of the Redwood, Minn., Gazette, very properly censures town people who drive through country districts and raid the farmer of his tame and wild fruit and other products. "Everything that grows on a farmer's farm belongs to that farmer," is the way the Gazette puts it. "To take even wild fruit without his permission is as much a misdemeanor as to take his corn, potatoes or chickens."

**Improving the Sink.**  
An old wooden sink was made handier by attaching a zinc drain board. Three shallow grooves were beaten into the zinc, and it was nailed to the wooden frame with a slight incline so the water easily drained back into the sink.

**Vegetable Matter.**  
The advantage of matter in the soil may be summed up as follows: It aids aeration, retains moisture, prevents baking, provides conditions suitable for bacteria, aids decomposition of soil particles, supplies plant food, deepens soil layer, prevents leaching, washing and drifting. Every opportunity to return to the soil vegetable matter of any sort should be taken advantage of by all farmers having any respect for the soil of their field.  
Continuous grain cropping decreases the productivity of soils. This is due largely to the reducing in quantity of the fresh vegetable matter in the soil that is essential to chemical and bacterial action. Without chemical and bacterial action in the soil the feeding of plants would be difficult.—L. Stevenson, Toronto.

**EAGER'S**  
The Store of Quality

**MEN'S FURNISHINGS**

A new shipment of

**Men's Khaki Pants**

in light or dark shades, made by the best makers in Canada, from

**\$1.25 to \$1.85**

We have a full line of Men's Furnishings of high grade quality and at the most moderate prices possible to give.

**PAINT**

SAVE THE SURFACE AND SAVE ALL

We carry the Canada Paint Company's high grade paints, varnishes, lead and oils, and as it will soon be time to think of extra painting, we just wish to draw your attention to our stock.

The varying climatic changes in this country causes every exposed surface to expand or contract, and a good oil paint such as the Canada Paint has sufficient elasticity to meet these conditions exactly without cracking, peeling or becoming disintegrated, and will present a smooth hard surface that will only fail by gradual wear.

Canada Paint, Quality Guaranteed

**A Special in Shoes**

Women's Oxfords and Strap Slippers in sizes 2½, 3 and 3½ only, includes Kid, Patent Leather and calf. All good medium sizes, values up to \$3.

**Special Price \$1 a pair**
