MORE POTATOES
GOING TO U.S.

According to officials of the federal government in Boston the red tape necessary to import potatoes from Canada into the States has been temporarily removed. This formality, which required that the consignee have a special permit from Washington permitting him to unload and sell his potatoes, has been discarded. And it is said that thousands of bushels of potatoes will be shipped from Nova Scotia and Prince Edward Island during the next few weeks to relieve the existing stringency in the Boston markets.

W. W. Boyce, of Fredericton, one of the heaviest buyers and sellers of potatoes in the Province, told The Telegraph last night that this formality had not affected his business. He shipped a few carloads into Boston last week and while he was there he saw Canadian potatoes being unloaded and sold. It is claimed that the American officials allege that the Canadian potatoes are this year diseased and should be handled only under certain restrictions.

Mr. Boyce while in Boston last week knew of large quantities shipped from this side sold by American merchants. Mr. Boyce says that because of the duty imposed on tubers by the American customs the greater part of them have been going into Cuban markets, where they are received duty free. Besides, the demand in the Canadian markets has been great this year, and the States are not getting so many as usual from the Canadian growers.

Of the present situation in Boston the Boston Globe says: The potatoes received must be carefully inspected by an official of the department of agriculture and those not found in good condition will be sent back or destroyed. The duty is ten cents per bushel, and a large staff of customs officials are stationed at the Rutherford Avenue freight yards to watch consignments.

The steamer Halifax will bring 20,000 sacks from Charlottetown next week, and she

will be kept in service as long as possible in order to move tubers which have accumulated in great quantities in Prince Edward Island. Owing to the shortage in vessel tonnage it is feared they cannot all be moved before winter. Importations are allowed only at this port, New York, Philadelphia, Baltimore, Detroit and Chicago, where special arrangements have been made by the government to have potatoes inspected.—St. John Telegraph.

Apparently the loss of her Zeppelins in the last raid on English towns and villages is causing Germany to think seriously before attempting further attacks of this kind.

(Burlington Free Press)
Two men were in the dining car ordering breakfast. The first one said to the waiter: George, you may bring me two fried eggs, some boiled Virginia ham, a pot of coffee and some rolls.

The other said: You may bring me the same.

The second man then called the waiter and remarked: Just eliminate the eggs.

In a moment the waiter came back.

"Scuse me, boss, but jest what did you say erbout dem eggs? I said just eliminate the eggs."

Among the Prince Arthur's passengers on Wednesday morning of last week from Boston were Captain Augustus Diamond, Mate, Thos. Haynes, Thos. McNorman, John McNamara, Robt. Lodge and Harry Davis, crew of the wrecked schooner Arthur S. Wight. They were en route to their homes in Newfoundland. Shipping Officer Messenger looked after the men's interests while here and arranged for their transportation to the Ancient Colony.

Sponger—What do you mean by telling people that I drink like a fish? You know very well I only drink when I'm invited to.

Smart—That's why I said it. A fish doesn't pay for what it drinks.

All Pervasive

The teacher's last question was meant to be a scientific poser.

What is that which pervades all space," she said, "which no wall or door or other substance can shut out?"

No one had an answer ready but Freddy Sharpe.

"The smell of onions, Miss," he said promptly.

THE CORRECT WAY
TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.
