**FLEET OF BRITISH STEAMERS SUNK.**

BOSTON, June 29.—The torpedoing and sinking of four large British cargo carrying steamers was announced in advice to local insurance offices today. The steamers were the *Ullonia*, of the Cunard Line, 6,593 tons; *Haverford* of the American Line, 7,499 tons; *Buffalo*, Wilson Line, 2,583 tons, and the *Manistee*, another Cunard vessel. No details of the losses were given and no mention was made of the fate of the crews.

It was believed by steamship agents here that some or all of the steamships may have been included in the list of sinking announced from London Wednesday night.

Aylesford has been increased by Mrs. David Banks and sons moving there from Margaretville.

Parliament on Thursday night adopted a resolution in favor negotiating with Nova Scotia and Prince Edward Island relative to the formation of a legislative union of the Maritime Provinces. By a non-party vote of 24 to 15 the Legislature agreed to shelve the women's suffrage bill until next session.

**SIR ROBERT L. BORDEN'S**  
**Message to Canada on 50th Anniversary**

OTTAWA, June 30.—Let us with resolute spirit, so maintain our purpose and our effort that in this last and greatest chapter of humanity's striving and triumph it shall be recorded of Canada that as at the first she never hesitated so to the end she never faltered.

With the above inspiring words, Sir Robert Borden concludes a message to the people of the Dominion of Canada on the occasion of its semi-centennial. The growth of the country in the fifty years which have elapsed since confederation, and refers to the great problems with which the country is faced on its fiftieth anniversary. The premier's message reads:—

"Amid the welter and horror of a war which devastates civilization, we pause for a moment to consider the Canada of half a century ago and the Canada of today. Much has been added to us; our boundaries have been vastly extended, so as to embrace half a continent; our population has nearly trebled; there has been a measurable development morally in production, commerce and of our resources; we have grown enormous; facilities of communication and transportation have been provided beyond all anticipation; the general condition of life and the standards of living have been conspicuously raised; educational facilities have been greatly enlarged. IN ALL THESE AND MANY OTHER INCIDENTS OF THE WORLD'S PROGRESS, CANADA HAS MORE THAN HELD HER OWN."

"All this is impressive; but still more inspiring is the thought that during the half century which now draws to a close Canada has been to a fuller knowledge of her heritage and of the responsibilities which it entails; to a clearer consciousness of National purpose, to a firmer confidence in her destiny."

"The greatness of any nation rests, in the last analysis, upon the character of its people, as exemplified in their ideals and by their capacity for sacrifice to, devotion in, fulfilling the National purpose. JUDGED BY THIS UNFAILING TEST CANADA STANDS UNASHAMED BEFORE THE WORLD. In 1866, the year before our confederation was born, Prussia snatched from Austria the hegemony of the German states and took her first step along the awful path that has led her to the relentless issue she forced upon humanity three years ago.

Her challenge to civilization and human freedom is being answered beyond the seas by the free democracies of the world. AMONG THEM CANADA HAS WORTHILY TAKEN HER PLACE AND PROUDLY BORNE HER PART. THUS WOULD THEY HAVE WISHED IT WHO, IN 1867, LAID THE FOUNDATION OF OUR LIBERTIES.

"Let us with resolute spirit so maintain our purpose and our effort that in this last and greatest chapter of humanity's striving and triumph it shall be recorded of Canada that as at the first she never hesitated, so to the end she never faltered."
