

PERMANENTLY CURED

After Seven Years of Great Suffering.

Mr. Hamilton Waters, of Ridgeville, tells of his relief from Neuralgia, Rheumatism and Stomach Trouble through the Agency of Dr. Williams' Pink Pills.

For years Mr. Hamilton Waters, of the well-known cattle buyer, of Ridgeville, Ont., was an acute sufferer from neuralgia, which was later complicated with rheumatism and stomach trouble. But now, thanks to Dr. Williams' Pink Pills, he is enjoying the best of health.

CHANGING ROYAL ARMS.

'Red Dragon Dreadful' May Appear in Edward VII's Quarters.

Appropos of a discussion as to the desirability of recognizing the principality of Wales in the British coat of arms, the London Daily Mail presents the accompanying illustrations.

As everyone knows, the present royal arms are—Quarterly, first and fourth gules, three lions passant guardant in pale, or, for England; second or, a lion rampant, within a double tressure, flory, counterflory gules, for Scotland; third azure, a harp, or, stringer argent, for Ireland.

The proposal is that instead of

'Red Dragon Dreadful' in Fourth Quarter.

repeating the English coat in the fourth quarter, that space shall be occupied by a device representative of the principality of Wales.

Sketch No. 1 shows the most popular device being the 'Red dragon dreadful' of Cadwallader, the first King of Wales, A. D. 678. Henry VII. used the red dragon as one of his numerous badges.

Favored by the Herald's College, Showing the Arms of Llewelyn ap Griffith.

The red dragon was also the dexter supporter of the arms of the House of Tudor.

Sketch No. 2, which is said to be most favored by the Herald's College, depicts the arms of Llewelyn ap Griffith, last Prince of North Wales, slain at Bala in the Wye, in 1272; derived from Owen Gwynedd; the heraldic description being Quarterly, or and gules, four lions passant guardant, counterflory.

Messrs. C. C. RICHARDS & Co., Yarmouth, N. S. Gentlemen,—In January last, Francis Leclair, one of the men employed by me working in the lumber woods, had a tree fall on him, crushing him fearfully.

SAUVER DUVAL, Elgin Road, L'Islet Co., Que., May 26th, 1893.

Why Called the Budget.

Probably not one per cent. of the British taxpayers who are just now anxiously discussing the possibility of Sir Michael Hicks-Beach's forthcoming budget are aware of the origin of the term.

To Break Up a Cold.

All you require is a little sugar, a glass of hot water, thirty drops of Neroline, take it hot. In the morning you will wake up without a cold.

Trying Again.

A teacher, wishing to impress his class with the virtue of "trying again," said: "Now, suppose someone were to go on, day after day, being good and doing good, despite all temptations and hindrances, what would you call it?"

Catarrhozone Cures Catarrh.

A writer in a magazine has this to say regarding the game of golf: "It's a great game, but shiver my nibbles if I think it comes up to tidily-winks."

Willie—Say, pa, what's an 'apiary'? Pa—Why—er—don't you know that? It's a kind of a monkey cage; place where they keep the apes.—Philadelphia Press.

FORBIDDEN TO WOMAN

It is pretty generally accepted that were it not for the softening influence exerted by women our much-boasted modern civilization would fall to pieces.

Like many other successful men, Mr. Keane has suffered during his life a great deal from Kidney Disorders. For years he suffered great pain. He was forced at times to quit his work altogether and go to bed. He used Dodd's Kidney Pills and is well. This is what he says about it:

According to the superstitious belief it was the Virgin Mary herself who forbade this spot to women. One of the monasteries contains a mysterious image which is very precious in the eyes of the members of the Greek Church.

Since that day no woman or female animal has lived on the promontory. Only the birds and beasts are there. The order, but this is unavoidable. The good brethren, however, do their utmost to see that the wish of their heavenly patroness is not broken.

NIAGARA TO THE SEA.

No finer trip can be taken than the water route down the St. Lawrence, passing through the Bay of Quinte, Thousand Islands and running the rapids of the St. Lawrence River to Montreal.

Catarrh Assurance.

"There is no remedy equal to Catarrhozone for Catarrh and Colds." W. J. Ruuait, Morrisburg. "Catarrhozone for Bronchitis and Catarrh of the Head and Throat has cured me a perfect cure."

Her Version of It.

A young girl in a class preparing for admission into the church was asked by the pastor how she ought to obey the fifth commandment.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists dispense the money if it fails to cure. Dr. W. G. Grove's signature is on each box.

A Gentle Disposition.

"It is a little annoying to have to get up in the middle of the night and look for burglars," said Mr. Meekton; but Henrietta seems to enjoy having me to do so.

Only for Publication.

When the bills for our daughter's expenses began to arrive we fairly gasped. But our heart's darling, whom we were soon to lose, consoled us.

A Clean City.

Sydney, Australia, is said to be one of the cleanest cities in the world, if not the cleanest. The streets are thoroughly cleaned every night, and anyone throwing refuse or waste material of any sort on the streets is arrested and fined.

Minard's Liniment Cures Diphtheria.

One lie must be thatched with another, or it will soon rain through.—Owen.

LAI D UP.

A Strong Man on His Back Through Kidney Trouble.

A Toronto Contractor who was Never Without Pain for Years, and who had Many Times to Quit Work—Dodd's Kidney Pills made him Well.

Toronto, Ont., April 25.—(Special.)—At No. 86 Lippincott street, in this city, resides Mr. W. J. Keane. Mr. Keane is a contractor, and is one of the best known men in his line of business in Toronto.

Like many other successful men, Mr. Keane has suffered during his life a great deal from Kidney Disorders. For years he suffered great pain. He was forced at times to quit his work altogether and go to bed. He used Dodd's Kidney Pills and is well.

"I have been a great sufferer with pains in my back, in the region of my kidneys. I was very sick, and at last could not attend to my work at all."

"I used several medicines, but nothing I ever tried seemed to help me. At last, a friend of mine advised me to try Dodd's Kidney Pills. I immediately found relief, and was able to resume my work."

"I used altogether seven boxes before I felt completely cured. Since then I have never been sick a day. I have never had the slightest indication of a return of the trouble."

It is hard to understand how anyone will continue to suffer from Lame Back or any other symptom of Kidney Trouble after so many frank and full statements by men well known in all walks of life, that Dodd's Kidney Pills have cured them.

Dodd's Kidney Pills always cure. They never fail. They cannot fail. Years of trial have absolutely proven that there is no case of Kidney Complaint, Lame Back, Rheumatism, Lumbago, Sciatica, Gout, Neuralgia, Bladder or Urinary Troubles, that Dodd's Kidney Pills will not cure.

Thousands of Canadians have tried, and proved, and testified.

Catarrhozone Cures Catarrh.

When Were You Born? Here is an old astrological prediction said to indicate with tolerable certainty the character of the girl according to the month of her birth:

If in February, a humane and affectionate wife and tender mother. If in March, a frivolous chatter-box, somewhat given to quarrelling.

If in April, inconsistent, not intelligent, but likely to be good-looking.

If in May, handsome and likely to be happy.

If in June, impetuous, will marry early and be frivolous.

If in July, possibly handsome, but with a sulky temper.

If in August, amiable, and practical, likely to marry rich.

If in September, discreet, affable and much liked.

If in October, pretty and coquetish and likely to be unhappy.

If in November, liberal, kind, of a mild disposition.

If in December, well proportioned, fond of novelty and extravagant.

ARE YOU GOING WEST?

If so, send a letter or postal card to the undersigned, answering the following questions:

Where are you going? When are you going? Where do you start from? How many are in your party? Will you take your household goods?

Special low rate settlers' tickets on sale during March and April to California, British Columbia, Oregon, California and all Western States. Full particulars from B. H. Bennett, General Agent, Chicago & Northwestern Railway, 2 King street east, Toronto, Ont.

Harvesting Gum in Maine.

Of the 15,000 pounds of spruce gum annually harvested in Maine, 12,000 pounds or more are gathered in the month of March.

The gum picker wears steel climbing spurs on his boots, and in his belt he carries a light bag, which he straps to his waist in a bag with a wide mouth for the reception of the gum.

Climbing the tree, the picker proceeds from limb to limb, clipping off the lumps of gum as he finds them, until he reaches the top. Most of the gum is caught in the wide-open bag as it falls from the tree, while all that goes to the ground stands out in such relief upon the snow that it is easily picked up.

A BEAUTIFUL VOLUME.

One of the most timely and interesting of recent publications is the book just put out by the World Publishing Co., of Guelph, Ontario, "Queen Victoria." It is a comprehensive story of the noble life and glorious reign of our late lamented Queen, including a condensed history of Great Britain. The work is written by John Conitor, the eminent London historian, and John A. Cooper, the editor of the Canadian Magazine; and they have spared no effort to make it complete and accurate.

The Good Man's Joke.

Two gentlemen of the cloth were standing on a corner yesterday. Evidently they were talking about the extra services to be held during the week of prayer.

"I anticipate a great awakening in my church," said the first speaker. "My people never go to sleep," said the other.

"Ah, here comes my car," replied the first, and they parted company.—Albany Journal.

Minard's Liniment Cures Garget in cows.

"Say, how 'er yens layin'?" "Asked Farmer McGoff." "Says his neighbor, disgusted: "They're all layin' off."

AN AMBIDEXTROUS BOY.

A Curious Puzzle to All Students of Psychology.

Pittsburg is puzzling itself over the strange case of a 12-year-old boy, Harry Connor. The boy is ambidextrous, writing and drawing equally well with either hand. But all that he writes or draws with his left hand is done upside down, while the same things done with the right hand are right side up.

The strangest phase of his case is that he does not appreciate or cannot distinguish the difference. If the work of his right hand is turned upside down, he cannot make head or tail of it, and the work of his left hand is turned right side up it becomes illegible to him.

In all other respects the boy is normal. He is bright, healthy, strong and well, good-natured and active, without any of the signs usually ascribed to "degenerates." He is one of the best learners in his class and one of the brightest children in the neighborhood where he lives.

Now, the curious features of the case are not yet told. Nothing was known of the boy's abnormality until he went to school, and then not until they sought to teach him to write. He wrote instinctively with his left hand. He learned to form the characters perfectly, but to everyone's amazement, including that of his parents, he formed the characters upside down. He learned to write from right to left of the paper instead of from left to right, as is usual, and from the bottom toward the top of the paper when the characters covered more than a line.

It was not without much trouble that Harry was taught to write at all with his right hand. In fact, at first it seemed impossible for him to master the task. But he did accomplish it at length with much effort, and in doing so developed the other wonder of his singular gifts, he wrote right side up with that hand.
