TERRIBLE CONSEQUENCES.

A cough or cold neglected quickly develops into consumption. When the first symptoms of sore throat, bronchitis or chest troubles are felt, use Harvard Bronchial Syrup, as it always allays inflammation and irritation, strengthens the throat and lungs, and protects from the terrible consequences of consumption. THEY DID VERY WELL.

The Central School Pupils Who Were the Victims of Circumstances.

But at the Christmas Examinations at the C. C. I. Made a Good Showing.

We publish below the official report of the Collegiate Institute Christmas examination. The examination last four days and was a thorough test in all the work done in every subject and in every class during the fall term. The results, on the whole, are gratifying. Pupils that have been encouraged to go on and do better; those who have done poorly have made resolutions to improve their record at Easter.

A most interesting feature of the examination is the record of the Central school pupils. These pupils, who were the victims of circumstances last July and the entrance certificates have been up to the present withheld. The marks show that no brighter or better prepared class has ever entered the Collegiate Institute. Their percentage running from 46 to 76, the average being 60, the highest in the whole school.

Another interesting result is that the gold medalists of the Central and McKenough schools are head of their respective schools at this examination. This record justifies Mr. Von Gunten in awarding his medal as he did.

COSTS BUT LITTLE.

A Discovery for the Cure of Pile which May be Tried at Small Expense.

A pile cure which is painless and harmless but which affords immediate relief in most cases a complete cure in a very short time, is sold by druggists under the name of Pyramid Pile Cure.

It is in suppository form, to be applied at night and its regular use has cured thousands of obstinate, long standing cases, and it seems to be equally effective in all the various forms of pile, whether itching, bleeding or protruding.

The Pyramid Pile Cure allays the inflammation and intolerable itching, reduced the little tumors, and its astringent properties cause the enlarged blood vessels to contract to a normal, healthy condition.

A Baltimore gentleman relates his experience in these words: "I have used this medicine with great satisfaction. It affords me unusual pleasure to add my endorsement to those of others relative to the really remarkable cures made by the Pyramid."

"I was a sufferer for years until told by a fellow salesman of the Pyramid Pile Cure.

"It has entirely cured me and I cheerfully recommend this publication if you wish to use it in that direction. I wish you would send me one of your little books on cause and cure of piles; I desire to show it to some friends."

A little book on cause and cure of the Pyramid with certainty that it will give instant relief and its regular use a permanent cure and the further assurance that it contains no cocaine, morphine or other metallic or mineral poison.

All druggists sell the Pyramid Pile Cure at 50 cents per package. A little book on cause and cure of piles will be mailed free by addressing the Pyramid Drug Co. of Marshall, Mich.

Trustee John McCorvie says that a radial railway and gas are what Chatham needs. Had the Maple City been in less than 10 years it would be a place large and prosperous, with 40,000 inhabitants.

The annual meeting of the W. F. M. S. of the First Presbyterian Church will be held on Monday afternoon at 3:30 at the home of Mrs. W. Phillips, Wellington street.

The special meetings being conducted by the pastor in the Baptist church are well attended and a good interest is being manifested. Pastor J. J. J. of Chatham will preach Friday night and Pastor W. J. H. Brown, a former pastor of the church, will assist every night next week.—Blenheim Tribune.

Some one has discovered that smoking a cigar will stop hiccoughs. The man who has no bad habits must now shoulder one more risk in life. When a man is dying from the hiccoughs he has no time to learn to stomach tobacco. The endless domestic life grows more strenuous day by day.—Blenheim News.

The heaviest snowfall of the season visited this city yesterday and last night. The roads were rough and the snowfall was not sufficient to make good sleighing on the mud, but where the streets were paved the cutters slipped along nicely.

Colonel Sam Holmes says that the council will make a large mistake if they lease any of the pumphs for another year. The council could easily purchase pumps at \$50 each, whereas they have been paying 40 a year rent, at for each pump, so that during the years that have passed the city has paid out several thousand dollars in rental for lots in which to keep dry animals. For an outlay of \$50 in the first place all this money could have been saved.

The "Salada" Tea Company, in addition to their delicious and well known black teas, are now placing on the market a green Ceylon tea. This tea, they predict, will soon displace all Japan teas in Canada and the United States. The green Ceylon is much more delicious and being positively without coloring, they are very much more healthful. Your doctor will no longer complain about your using green tea, if you tell him that you are using "Salada" Ceylon green tea.

The West Kent Farmers' Institute will hold its first meeting this year, in Chatham, on Tuesday 22, inst., at 2 p. m. D. Drummond, of Myrtle will deliver an address on the dairy cow. W. C. McGregor, Tilbury, will speak on breeding and feeding, and J. E. Orr, of Rumlund, speaks on the commonest attacking fruit and foliage. An evening meeting will be held when at 7:30 H. A. Dawson, of Wheatley, will speak on Poultry Raising. J. E. Orr will again give an address and the evening's meeting will conclude with a talk by A. J. C. Shaw, of Thamesville, on his trip to the Pacific Coast.

A largely attended meeting of the Macfarlane held last night in the lodge room over the Gordon store, the following resolution was unanimously adopted: Moved by Sir Kt. Pike, seconded by Sir Kt. Glassford, that Chatham Tent No. 8, E. O. T. M., views with pride the elevation to the mayor's chair of its record keeper Sir Knight G. W. Sulman, and desires to extend to him its heartiest congratulations upon his election to that high and responsible position and to assure him of its ardent desire that he may have an eminently successful career as the Chief Magistrate of the City of Chatham during his term of office.

SATURDAY'S MARKET.

Owing to the weather there was a noticeable scarcity of vegetables on the market. The offerings of dressed meats however were quite heavy and some of the best.

Chickens brought from 20 to 30 cents each, ducks 25 to 35 cents and turkeys 75 cents to \$1.25. Eggs were in light supply at 20 cents a dozen and there was only a fair quantity of butter offering at 20c a pound.

How ABOUT THOSE PERMITS?

A Citizen Asks by What Authority are Children in the Prohibited District Allowed to Attend the Central.

Editor Planet:

Sir,—In your issue of yesterday I notice an article headed "Will go to the Central." In that article you make Chairman Wilson say "In the meantime the children in question will be allowed to attend the Central school and those holding permits from the Inspector. Then the board will deal with the matter fully at its next meeting."

I would like to ask, Mr. Editor, by what authority the Inspector grants "permits
