A CORDIAL INVITATION TO DIS-EASE.

This is an apt description of constipation. It's an unnatural condition to begin with, and it's more, because it brings about blood deterioration, interferes with digestion, renders you susceptible to infectious diseases and causes anemia. Not so much a purgative as a natural stimulant to the bowels is what you need. You get it in Dr. Hamilton's Pills, which increase liver activity, restore the bowels to perfect action and prevent constipation and its attendant evils. Insist on having only Dr. Hamilton's Pills of Mandrake and Butterbur, 25c. per box, at all dealers.

IT DOES CURE WOMANLY ILLS.

"I feel it my duty," writes Mrs. S. Mead, of Frazerville, Ont., to let you know that sometimes previous to the change of life I suffered more than I could tell. Neighbors told me Ferrozone was the only remedy and their advice was good. Ferrozone put a stop to my pain and sickness, had a direct action on my troubles and relieved from the start. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone. Instant relief is found in Ferrozone for female weakness of every kind. 50c. per box at all dealers.

FACTS AND FANCIES.

New Ideas For Spring Shirt Waists.

Rainy Day Skirt.

The plain mannish shirt waist has the lead in the spring models for business and morning wear. A feminine touch about it is the tiny plaited frill each side of the center box plait in front and on the turn back cuff. Instead of being plaited this frill is sometimes a narrow ruffle, finished with the thinnest edge of torchon lace. Girls who

like to give an individual touch wear studs and cuff buttons to match the little silk tie worn with the stiff linen collar. These sets of studs in various colors can be purchased.

The new lingerie shirt waists show touches of dainty color in the embroidery, and the trimming for the most part is applied in long lines. Flit lace is a new and pretty trimming for these waists.

Every woman should own a very short dark petticoat to match or correspond with her walking skirt to wear in bad weather. Italian cloth or mohair in a soft good quality is very nice for this use. The stiff watered moccasin is not to be desired, for it catches the dust, which it is impossible to shake out.

Marquise, a material somewhat on the order of grenadine, is among the spring dress goods. It ranges from three to four dollars a yard and comes the depth of an ordinary skirt. There is no trimming necessary for such a skirt, as the material is beautifully decorated with polka dots, and at the bottom there is a band in some darker contrasting color, above which is a floral design reaching to the knee.

Smooth fitting corset covers are in demand to be worn under fitted waists to keep the figure trim and snug. The cut shows a waist in this description made of batiste, with trimming of German valenciennes lace and beading.

Handbags Match Gown Trimming.

Skirt Models For Muslins.

It is a charming conceit to have one's handbag match the buttons used on one's gown, and there are sets, consisting of neck chain and locket, buttons and mental wrappings, that come to be worn together. A bracelet to match is added, and the set is charmingly unique and dainty.

The skirt most in favor for simple muslin frocks has a deep flounce set

on above the knees which is trimmed with groups of tucks or alternating rows of tucks and inset lace.

Pique is again a smart summer fabric for tailored gowns. A particularly smart model has a box plaited skirt and box plaited blouse cut low at the neck and without sleeves. This waist is worn with a lingerie blouse. Falling sleeves, drooping hat brims and a less defined waist line are some of the prevailing styles in early fashions.

Skirts seem to be of two kinds—one most heavily loaded with trimming and the other a long plain clinging skirt almost devoid of trimming unless it be at the hem. These are of course both skirts of a dressy nature.

The illustration shows a smart little dress of pongee in a new plaid effect with green lines on the natural pongee background. The waist is in the favorite jumper style, with a gumpie of cream colored lace. The skirt is plaited in groups.

Get Lightweight Hats.

Never buy a heavy hat if it is possible to get a light one. Insist that hats if made for you are made with the minimum of weight. Heavy hats cause headaches, gray and falling hair by impeding the circulation. A heavy hat worn only two or three hours a day is responsible for the feeling of heaviness that attacks so many and that disappears as soon as the cause is removed or within half an hour afterward. It is well to have hats differing in their point of pressure on the head so that in changing from one chapeau to another the head may be rested, in sections at least.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long-standing cases of catarrhal affections and their results, as bronchial, throat and lung diseases—except consumption—accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Mandrake root, Stone root and Queen's root, all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Professor Bartholow, of Jefferson Med. College; Prof. Finley Ellingwood, M.D., of Bennett Med. College, Chicago; Prof. John King, M.D., late of Cincinnati; Prof. John M. Scudder, M.D., of Hahnemann Med. College, and scores of others eminent in their several schools of practice.

Home Sewing.

The tissue paper patterns and sewing machines have placed the possibilities of dainty underwear within the reach of every woman. Of course handwork is to be preferred, but very beautiful work may be accomplished by the machine, especially if the saving of time is an object or many pieces are to be made. Hemstitching may be done on some machines by placing several layers of paper between the pieces to be stitched, and then, after stitching, pulling the paper away.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

In the average modern family there is no cradle to rock, and if there were there'd be mighty little to put in it.

The way some people recognize good service is by putting more work upon the servant.

—

A free man is one who isn't married.

—

Tolerance and amiability are qualities that one's acquaintances can't cultivate too closely.

—

Being a prophet doesn't seem to help the prophet very much unless other people believe in him and back up their belief with a dollar.

—

Judging from the amount of crime and scandal that is being aired through the newspapers, the devil seems to have reduced the rates on the lines leading to his place.

—

A preacher ought to be a condenser of the milk of human kindness and carry the output right along with him.

—

It can't be summer always, and we don't like the ice trust well enough to wish it could.

—

Keeping in tune with the universe doesn't seem to be related to the jingle of the guineas or the dollar chorus.

—

A Better Man.

A fellow may be truly wise

And all that sort of thing

And play his hand to beat the band

For all that it will bring

But when he goes to look around

For suckers for his net

He's pretty apt to meet a chap

Who's even brighter yet.

—

While flattering himself he knows

The latest tricks there are.

To his surprise some other guys

Know newer ones by far.

He gets a live one on the string

And starts to make a play.

And this new gent don't do a thing

But take his wad away.

—

Oh, there are many clever tricks,

Some new, some out of date.

The man who thinks he knows the

kinks

Gets wise when it's too late.

He meets a lobster from the land

Where grass is rank and tall.

And when the play is under way

The sucker man plays ball.

—

The wise gazabo is all right

And strictly to the good

Until someone calls him a fool

And says he's a rank and tall.

Then when the crafty one goes bump

He finds it all too true

That there are others on the dump

And plenty of them too.

—

Beauty Wins.

While brains in the race count for some

They're hardly as strong as a smile.

So make a thing as a dimple

Will make a man travel a mile.

—

Hitting the Pace.

Evidently the trusts are not getting

all of our money, as we have been led

to suppose, judging from the way people

are buying automobiles, or else

some one is holding out on Mr. Rockefeller and his associates.

—

If the craze for the buzz wagon

keeps on growing, the sport will lose

much of its charm, for when every

body has a machine there will be no

one left to be run over, and who would

care for a cross country run without

some victims? It would be altogether

too tame for the man with sporting

blood to come home with nothing

checked up to his credit but a few

helpless chickens.

—

We see but one way out of the difficulty,

and that is to insist that autos

should be painted in different colors,

according to their cost. Then the man

who has one that cost over \$5,000 could

always feel safe in running down the

fellow whose machine only set him

back a paltry \$1,500.

—

Next Best.

Of good things that were going

He felt his share was shy.

He wanted loaves and fishes,

But would compromise on pie.

—

Thinks Himself Deserving.

"That bookkeeper is stuck on his own

ability."

"You bet he is. Why, he acts as if he
