Ontario Municipal Union Passes Drastic Resolution.

Conclusion of the Business of the Annual Meeting After the Adoption of P. Important Resolutions-Would Make Railways Pay Wholly For Subways Under Tracks Wherever Railway Commission Consider Necessary.

Toronto, Aug. 31.—The convention of the Ontario Municipal Union concluded s business yesterday with a luncheon. President-Elect Ellis of Ottawa presided at the closing business session, the feature of which was the adoption of a resolution that legislation be sought to do away with all tax exemptions by municipalities. A number of the delegates expressed the opinion that wire-pulling was going on all the time amongst municipalities to se-cure industries and to this end many ways are found to grant exemptions. Some religious organizations and educational institutions get exemption

on properties from which they derive good rentals. It was hardly hoped that the Legislature would make on-straight cleaning of the exemption slate, but with a view toward securing slate, but with a view toward seedle-such legislation eventually the resolu-

Woman's Trials.

The bitter trail in a woman's life is so be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one piedge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barrenness or child-lessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favortie Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility. Dr. Pierce's Favorite Prescription is the most efficient remed that can possibly be used. That legislation be sought by this convention at the next meeting of the Ontario Legislature enabling municipal councils of cities to open or extend streets upon the local improvement plan, upon such terms as to assessing therefor the property benefited as may seem proper, notwithstanding petitions against the same upon a two-thirds vote of members of council present.

That this association apply to the local Legislature asking that power be granted to all municipalities to assess all property within the municipality and collect taxes thereon.

That the act be amended so that a person who is unable to pay taxes may have these charged against property and not remitted.

That the Ontario Municipal Association average its williams.

### MANSFACTURERS' DAY.

bilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use. The ingredients of which the 'Favorite Prescription' is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasent Pellets are the best and safest laxative for women. Toronto, Aug. 31.—Those three strong men of Canada, Messrs. The loss is estimated at a little over \$1,500, divided up as follows: Canadian Westinghouse Co., \$1,000; W. C. McGregor, \$500; Simplex Gas Co., Oakville, \$25. It is said to have started from the ignition of leaking sas.

The Liberal Leadership.
