Messrs C. E. Starr & Son have begun this week the erection of a store to the west and adjoining the one they now occupy. The new building will be the same size as the other and will be devoted to carrying agricultural implements, etc. Mr. Isaac Masters has charge of the work, which will be completed as soon as possible. This firm evidently intends to work business vigorously and we predict for it a successful career.

A fairly large crowd was in attendance at Aberdeen Rink on Wednesday evening last, to enjoy the farewell skate. The feature of the evening was the fancy skating of an unknown gentleman. If it would not be presumptuous we would advise the skater referred to, to pay a visit to some theatrical artist, which, we think, would have a tendency to lighten his movements. Manager Hasles has had a most successful season, and those who have indulged in the pastime regularly will probably find time lagging for awhile. Never mind, we can play marbles soon.

No need of it—to go out of town for a bicycle. You can buy the best at lowest prices from the Wolfville Book Store.

"City of the Valley" Division, S. of T., of Port Williams, paid a fraternal visit to Wolfville Division on Monday evening. There was a goodly attendance of the members of both societies and a pleasant evening was spent. A joint programme was furnished, consisting of speeches, readings, music, dialogues, etc., which was highly enjoyed. Suitable refreshments were provided, and at a late hour the visitors took their departure apparently well pleased with their visit. Arrangements are being made for a debate between these two societies to be held at an early date.
