Inders acored four runs. In nearly every inning the Saints had men on bases, but a double play or a weal: batter swinging the gate prevented any damage. The fielding of, the Pleasure Club players was on a par with the rest of their work, the whole team playing winning hall. Little fault could be found with their work, and they deserved the vic-tory. On the other hand, the St. Pat-ricks made many errors, and at critical times. From the start they were all to the bad. Some of the players missed easy catches. Wild throws were re-sponsible for a few of the runs, and this, coupled with other misplays, cost the Irishmen the game. The only change on the Pleasure Club

coupled with other misplays, cost the Irishmen the game. The only change on the Pleasure Club team was Bothon, who played right field, the curly headed southpaw, South-on, replacing him. The most conspicuous player of both teams was Carey. In view of his intention of joining the To-ronto club, the fans watched his work with much interest. All were of the opinion that he would easily make good in faster company. Carey had three hits and did good work in the field. Dres-back also did well, scoring three runs. Old Dave Lanning, on third, demonstrat-ed that he has lost none of his old time ability, and made a hit with the crowd, as did Hackbush on second. "Hack" cov-ered second to perfection, and was good with the willow. Buscombe, on third, worked well with Howard, and Memory behind the bat completed the team. Philadelphia, Sept. 18 .- Philadelphia cricket representatives overwhelmingly

cricket representatives overwhelmingly defeated the Gentlemen of Ireland by an innings and 168 runs on the spacious grounds of the Merion Cricket Club at Haverford yesterday. The Philadelph-ians found the Irish bowlers very much to their liking when the game was re-sumed at 11.30, and they found the wick-et very much improved and a cloudless sky, which made the condition sperfect for scoring. F. S. White, the German-town youngster, covered himself with glory by topping the century without giving the semblance of a chance, which marks the first time in his experience in international cricket that he has per-formed this feat. Needless to say, the sight of so large a party of horsemen galloping across the fields over ditch, hedge and fence caused quite a stir in the country. Many an honest farmer rested on his plowshare, and many a hard-working dairymaid stopped her churning, to gaze in admira-tion at the daring young lady riders of the party, who cleared the hurdles with the ease and grace which belongs only to the fair sex. The exceptionally fine public agginarys. The exceptionally fine weather brought out a large number of the members, no less than twenty-two equestrians and equestrienzes making up the party. Happily, no accidents of any nature occurred, and with the exception of one or two instances the horses took all the jumps readily. The hurdles were somewhat higher than on the previous Saturday's run, but, as intimated above, the horses leaped them in fine style. The rendervous was on the mountain top near the East End Incline, and sharp at 3 o'clock the party cantered south, and with Master James A. Thomson and Huntsman Yoo in the lead, broke in a field directly south of Cotter's Hotel. The hunt lasted about two hours and a half, about seven miles were covered, and approximately twenty-five obstacles of various kinds were jumped. The Master took a southwesterly direction from the break in for a couple of miles, and then turned east. The last fence was cleared near the Barton Preshyterian Church on the stone road. The party kept well to-gether, and this, combined with the ab-sence of accidents or balky horses, made the run one of the most enjoyable in the history of the club. weather brought out a large number of for next Saturday's run will

The Toronto Board of Education is considering the advisability of appoint-ing a swimming master to instruct the pupils in the public schools. T. W. Sheffield is mentioned for the appoint-

Gov. Hughes, of New York, has been thoroughly aroused (or thoroughly has been roused). When they called his attention to the prevalence of prize-tighting in his fair state they slipped in a postscript to the effect that they were getting kind of gay around the race tracks and taking liberties with his pet and strenuous aversion. The consequence was about a score of im-portant pinches. It's a tough world. You can never know for sure when anything is fixed.

A large silver cup will be given by T. W. Sheffield to the person who can swim one mile in the Y. M. C. A. wimming pool in 30 minutes. F. Law-rence will make the try some time during the week.

Saturday's game at Philadelphia furnished a record in point of attend-ance, 35,000, when the Athletics gained on Detroit. There wasn't the slightest disturbance during the day, and the anti-Cobb crusade seems to have spent itself, says a despatch. Baker shook hands with Ty when the latter stole third on Saturday, and took occasion to deny absolutely that he had ever said that he thought the Georgia boy tried to get him at Detroit. Cobb was gen-erously aplaladed when he singled first time up, and when he pulled off a fine fielding play on Collins' second hit, the efforts of a few holiday fans in the bleachers to jeer him were drowned out by the applause from the stands.

It was a glorious day for the opening of the Ontario Jockey Club's autumn meeting at Woodbine Park. The lawns, the flower beds, the turning leaves on

the flower beds, the turning leaves on the trees, the freshly-painted stands were all at their best. The racing was the best, though the finishes were not so close as antici-pated. Most every horse in each race had a chance, according to the dope, and the play was not confined to the first, second or third choices. Thus, while the short-priced runners landed five out of six, the public did not make a clean-up by any means.
