INTERMEDIATES WERE EASY FOR DUNDAS.

Valleyites Ran Up a Score of 14 to 2, Outplaying the Local Boys in Every Department of Game—Big Crowd Saw the Game.

The hopes of the Intermediate Tigers for the championship of Canada was given a fatal jolt on Saturday afternoon at the Cricket Grounds, when Ralph Ripley's underdog Dundas, walloped the second, winning by a score of 14-2. The result of the game practically decides the championship, as both teams were counting upon winning on their own grounds with a deciding game on neutral grounds. A large crowd was on hand to witness the game, including a large deputation from Dundas, who were much in evidence after the first quarter. While the Hamilton crowd had few chances to make any noise, the reports received from Montreal kept the crowd in good humor.

The game till three-quarter time was a brilliant exhibition, and in fact, was either team's game, but near the finish, the local bunch seemed to go all to pieces and a few costly mistakes let the visitors pile up a score. While the home team was defeated, they must be given credit for the good showing they made against Dundas. The Hamilton wings, who were only half the size of their opponents, seemed to be able to give the back division ample protection. The local boys tried time and again to buck, but nearly every time it was a failure. Had they played a more open game, using their back division to better advantage, the result might have been different. Ralph Ripley, the well-known football expert, has been coaching Dundas, and their good showing was in a measure due to the work of the local artist. The team showed evidence of hard training, completely outclassing the local team in every department. The team was easily as good as the one seen here last year, and in fact, was a little better. The Dundas boys have been well drilled, developing team work, but the real feature was the line plunging. Dundas has got two heavy men on their line and they were used effectively throughout the game, making big gains by their peculiar methods of bucking. They are all fine tacklers, getting the men low every time. However, with all these difficulties to overcome, the local wing kept them guessing, and had the back division

played to form, it would have been a closer game. The big difference on the teams was the back divisions. Dundas has got a quartette that would make any team in the country work hard for victory, while Hamilton was a one-man affair. Harvey being forced to do nearly all the work. They played with only three men in the second half, and with Addison fumbling throughout the game, it was easy for the Dundas halves to keep the ball away from Harvey. But taking everything into consideration Hamilton's back division was "punch," and was about the rarest joke seen on a local field for some time. Harvey was the only player who did anything unusual, but he was not up to former "Gubby" has played many better games, but the general opinion was that he was overworked. He did most of the kicking and received little assistance from his team mates. Jack Addison was all to the bad. He fumbled everything since his way, and never did any running. The best of them have their off-days, and Saturday was Jack's. McNeilly at full-back, has played better games. His work was very poor. Buckley was easily the star man on the Dundas team. His kicking was a decided feature, and he easily out-punted everybody on the field. Mallet also did some good kicking, and his long runs were conspicuous. Quackenbush brothers complete a back-division that is the best in the intermediate interprovincial union. On the wing line, "Punk" Thompson was by far the best player. Thompson's form this year has been a big surprise to the fans. His great work on Saturday, when he never missed a tackle the whole game, classed him as one of the best outside wing men in the business. He was always on the ball, since again, was the only man who could buck the line on the local team. The wing line could stand an improvement with the back division also. Craig and Brady, on the Dundas team, bucked time and again for big gains. Every time they hit the line it took about half the team to bring them down. The officials were not as good as they might have been. There was much interference and they did not seem to try and check it. The teams lined up as follows:

Harvey Did Not Have a Chance His Jockey.

R. L. Thomas Seriously Cut by Carroll Shilling.

Some of the spectators who saw Frank Harvey play in Saturday's game with Dundas came away with the opinion that the intermediate captain was a false alarm. However, this opinion does Harvey an injustice, as under the circumstances he showed unusual grit and pluck to finish out a game that was nothing but four chapters of kicks and punches to him. He was the only man on the back division that could kick and consequently he was called on to do all the work. The Tigers' line being unable to hold the heavy Dundas wings left the Hamilton backs without any protection, and nearly every time that Harvey got the ball the Dundas men were on top of him, and he was brought down, and brought down with a crash. The Dundas wings realizing that he was the one dangerous man on the Hamilton team did not spare him, and he was subject to all kinds of rough usage. At half time he was almost unconscious from the punishment he received and in the interval before play was resumed he was undressed, rubbed and other methods used to revive him. When he went on the field for the second half he was still in a dazed condition, and hardly knew what he was doing. Under these circumstances he certainly deserves credit for playing the game out, and could not be expected to put up a star game.

COMMENT AND GOSSIP

The Argonauts seem to be the hard luck team of the "Big Four." No matter how large the advantage they gain in the first half, they always manage to lose it by a fumble or some careless play in the last half. According to the story of the game the Argonauts had the best of the play on Saturday, and should have won by a margin of five or six points.

The Argos have a good wing line, but a poor back division, and any advantage gained by the former is lost by the latter. Ergo, get a new back division.

If the Montreal players did not play very good football on Saturday, they certainly proved themselves good musicians. Buz Baillet's orchestra and the J. S. quartette were much in evidence during the evening.

The team that played in Montreal is plenty good enough to win the championship of the Inter-Provincial without any changes or shifts. The Rough Riders are an apparently weakened team since Tigers played them in their own city, while the Tigers have been coming on in every game.

'Varsity is making a clean sweep in the Inter-Collegiate and some of the more optimistic of the Toronto experts expect to see the students take the Jungle Terrors into camp. However, the general opinion is that the Tigers will beat them, not easily, but by a good margin.

Jeffries is quoted as saying that he is sore at Johnson for dragging him out of retirement. Now that is a fine line of ditty-fol-la to pass out to a passle of intelligent people. As if Johnson has not been the direct cause of Jeffries' closing in on some \$150,000 worth of second picking. The big fellow would have rotted in his Los Angeles drum had not Johnson come along and rescued him. Why, if—but what's the use?

Jack Williams seems to be a tower of strength to the Ottawas. After he went on the field his team bucked up, and pulled off a victory where defeat looked almost certain.

The white race sincerely hope that James J. Jeffries will not be another victim of the Black Hand.

The signing of articles by and between Jim Jeffries and Jack Johnson is mollifying but not convincing. A multitude of complications can arise between now and the far off time limit that has been set. A \$5,000 forfeit is a pretty light anchor to hold a thing as big as this. It would hardly pay interest at a reasonable rate on the money the principals design to rip off in the meantime.

A New York writer who did his best for Sporting Editor Price in the recent contest for the baseball presidency, takes the defeat of his favorite with some too good grace. He forgets that the professional game is a business proposition, and says: The recent squabble

in the Eastern League over the presidency further illustrated the vacillating policy of club owners. It is a fact that verbal pledges counted for nothing and that when P. T. Powers crooked his forefinger persons who had sworn to oppose him to the bitter end were among the first to get in line. It has often been said that the average baseball magnate's word went for nothing, and in this case of the Eastern League it seems that history has been repeated.

Here's a little incident which shows how good natured everything was at the signing of articles of agreement for the Jeff-Johnson fight yesterday afternoon:

The photographers had lined up their battery of cameras four deep and two of them had their flashlights, filling the room with smoke, when some of the picture men discovered that the double flash had caused the principals to "wink on the picture." Accordingly they made ready to take another flash.

"Put the smoke out first," cried one of the photographers.

Johnson's lips parted in that renowned "golden smile," and he remarked in broad Alabama dialect:

"Ah 'yo' goin' to gimme chance, gellum? or ah 'yo' speakin' to Mistah Jeffries?"

Toronto World: Next Saturday the game's at Hamilton! The Tigers must win to save their hides, and they look like 1 to 3 shots at that. Then they'll have to win the play-off for the honor of tackling Varsity.

When half time came along at Rosedale Saturday it looked like congratulations to Joe Wright. But with the advent of Williams the Rough Riders took on a spurt and some more luck, with the result that the sculler boys have still their clean record of defeats. At that they showed marked improvement, although still lacking scoring qualities. They could work the ball to the enemy's line, but failed to get over, except one. Why doesn't the quarter back try some of those long passes like Jimmie Smellie used to make?

O, NOT NECESSARILY. In the night I kept dreaming of Jeffries, with dark Mistah Johnson in view, and the language they slung in my slumbers.

Was as dextrous as it was new. Their logos was sure complicated. The distinctions they made were a few.

And the words that they used indicated a study in character, too. If the power of speech implies reason, the criterion gives us a clue. For emotion is not a real language. And speech oftentimes stands in lieu. Jeff thought out a plan for the battle. Jack didn't know what he would do. He just wanted glory and money. And he vowed he'd be there when 'twas due.

To get licked and get paid is good pickings. And I think he will get it. Don't you? —E. P. S., in the Chicago Tribune.

into Thomas' left side near the heart. Dr. Lyle was summoned and found Thomas was very seriously hurt. The knife had punctured a lung and he feared the result might be serious. He tried to stop the flow of blood and ordered that Mrs. Thomas be notified. He also asked that a specialist be obtained and in the evening Dr. J. A. Blake, of New York, and a trained nurse went to the stable at the track.

To-night Dr. Lyle said Mr. Thomas was in a very serious condition. New York, Nov. 1.—Shilling was arrested to-night at his boarding house near the track, after Thomas' physician had become convinced that his patient's injuries demanded that the matter be reported to the police.

Yesterday Shilling rode two firsts—Woodcraft and Eddie Dugan—two seconds and was unplaced once in five mounts. His success with the two-year-old Sir Ashton and with Jack Atkin have made him well known to race followers from coast to coast. Last winter he had trouble with the Pacific Coast Jockey Club and was suspended by the stewards. His subsequent reinstatement is said to have been directly due to the personal intercession of Mr. Thomas.

Mr. Thomas, with his wife, lives at the Hotel Imperial, in this city, and to-day visited the track to look at his horses and try to induce Shilling to sign a contract with him to ride another year. Shilling refused to do this, saying he wished to go to his home in Texas. The owner and jockey, according to reports, had quite a heated argument and Thomas is said to have struck Shilling.

Shilling, when he was struck, backed away from the turfman and put his hand on his hip pocket. Thomas, fearing he was going to draw a gun, rushed in, but instead of a gun Shilling pulled a long, thin penknife, which he plunged

VANDERBILT CUP A DISAPPOINTMENT.

Harry Grant, in an Alco Car, Won the Race, Averaging 62.8 Miles an Hour—Two Lesser Contests Were Put On.

New York, Nov. 1.—The fifth Vanderbilt Cup race was won on Saturday by Harry F. Grant, driving a 60 horse power Alco, the only six cylinder machine in the race. His time for the 278.08 miles was four hours 25 minutes 42 seconds, an average speed of 62.8 miles an hour. Edward H. Parker, driving a 40 horse power Fiat, was second, five minutes and 15 seconds behind Grant. Wm. Knipper, driving a 40 horse power Chalmers-Detroit, was third. Two other cars, the Mercedes, driven by Wishart, an amateur, and the Atlas, driven by Knox, were the only remaining machines among the fifteen entrants for the Vanderbilt trophy, which were still on the course at the end of the race. Compared with previous Vanderbilt Cup races, the contest this year, reduced to the level of an ordinary stock car event, was tame and spiritless. The winner's average speed was a disappointment to many, who had expected that Robertson's Locomobile mark last year, 64.3 miles an hour, would be exceeded.

Although machine after machine was retired by the failure of the machinery or by disasters at some of the dangerous turns, no persons suffered serious injury. Weather and road conditions were unsurpassed, but the attendance was less than 150,000.

The early part of the race was badly muddled by the running of two lesser contests. In the shorter of these, the Massapequa Sweepstakes, Joe Matson, driving a 25 horse power Chalmers-Detroit, finished first, covering the 126.4 miles in 2 hours 9 minutes and 52.2 seconds. His average speed was slightly better than 38 miles an hour.

The 15-lap race for the Wheatley Hill's Cup was won by R. W. Harrington, driving a 32 horse power Marmon, who completed the 189.6 miles prescribed, in 3 hours 10 minutes and 21.2 seconds. His average speed was 59.8 miles an hour.

Poor management and lack of official judgment marred the race throughout. One of the worst instances of this occurred just before the finish, when it was suddenly discovered that the timers at the starting point had omitted to credit Grant's Alco with the 20th lap. When he came round on his 21st lap, it was at first recorded as the 20th, which he had previously made uncredited. As he came in sight for the 22nd and final round, the score board was hastily corrected and Grant's name was moved up from third to first place.

It was not until after a stormy meeting at the Garden City Hotel between Mr. Vanderbilt and the officials that Grant was finally confirmed as the winner.

Ottawa, Oct. 31.—Forty-six to four in favor of Varsity was the final score in today's game between the Inter-Collegiate champions and Ottawa College at Varsity Oval. Few hoped for an Ottawa victory, but fewer expected to see the Toronto students wade through the Ottawa College team in such an easy manner. Father Stanton's pets were swept from their feet from first to last. Varsity excelled them by far in every department, the work of the Varsity team from Full back Dixon to Centre Scrimmager Ritchie being the finest seen in Ottawa this year. The local boys kicked and outran the Ottawa halves, their line was impregnable, and their scrimmage had little difficulty in tossing the light men on the Ottawa line. There was nothing to it but Varsity from the first toot of the whistle, seven touchdowns, a goal from field, four converted tries and several rouges telling the story of the game. Several thousand people turned out to see a line on the Toronto Varsity team, the Ottawa fans being favorably struck with the work of the Inter-Collegiate champions. That they will win the Dominion honors and the Grey cup this fall is the opinion of Harvey Pulford, Father Stanton and other local Rugby favorites.

Play was very spectacular, Varsity getting most of their tries as the result of long runs. There was some great kicking on the part of the Varsity team, but the tackling of the Ottawa collegians was weird, they generally divided at the shoulders of their opponents. Their half-backs fumbled everything, and Varsity wings never gave them a chance to break away. Play was clean, Dr. Wright, of Toronto, and Dr. Patterson, of Ottawa, handling the matter to perfection. O'Neill was again missing from the college team, and Mike Smith, their best wing man, was obliged to retire as the result of being shaken up in a tackle. Hugh Gall was also injured, but not seriously. Gall, Lawson and Ritchie were the most prominent of the Varsity players, while Quilty and Fleming were the best of the Ottawa men. Varsity could have made the score twice as large had they wanted to. The line-up:

Varsity—Full back, Dixon; right half, Gall; left half, Lawson; centre half, Newton; quarter, Foulds; centre scrum, Magee; Bell; right scrum, Ritchie; left scrum, Jones; outside wing, Parks; middle, Gage; inside, Muir; inside right, Kingston; right wing, Lajoie; outside wing, Thompson.

Ottawa—Full back, Gilligan; right half, Cantway; left half, W. Chartard; centre half, H. Chartard; quarter, Meganti; centre scrum, Dulois;

right scrum, Loftus; left scrum, Fleming; outside wing, Brennan; middle, Belanger; inside, Whibs; inside right, Smith; inside wing, Sullivan; outside wing, Quilty.

Referee, Dr. Wright. M'GILL WAS DEFEATED. Kingston, Ont., Oct. 30.—It was quite chilly at the Athletic grounds to-day, where the Queens-McGill struggle took place. There was a good attendance, and much interest manifested. Queen's proved aggressive, and kept the Montreals busy in defending their lines. Queen's forced the play throughout the first half, Williams coming into prominence by his vigorous punting. The second half of the game found McGill very determined, and there was fast running, brilliant punting and vigorous scrimmaging. Moran's drop kicks were good, while Williams' punting made McGill's back division keep hustling to handle the ball. McGill's scrimmagers and wings were responsible for her scores.

When the third quarter began McAvener, of McGill, found his chance, and rushed through Queen's lines and got far down the field before Leckie tackled him. It was, however, too late, for Ross kicked over Queen's line and Dickson followed. McGill scored one. The visitors followed this up with vigorous work until Dickson fumbled, and Black got over Queen's line for a touch, but failed to convert. This tied the score—six all. The next score came when Queen's Williams kicked a touch in goal, and added its tenth point. Shortly after pushed McGill over for a safety touch, the quarter ended.

The last quarter had nicely begun when Moran made a fine drop kick over the goal, giving Queen's 14 to McGill's 6. This was speedily followed by a safety touch, and then, during a scrimmage, Butter, in punting, carried the ball over for a touch, and made the score 21 to 18; McGill 12. Before the game was over Williams kicked over McGill's line. Ross could not handle the ball, and Clark was upon it in a flash for a touch. The try was not converted. The game ended: Queen's 19, McGill 12.

The teams were: Queen's—Williams, full back; Dickson, Leckie, Moran, halves; Moxley, quarter; Clark, Overend, Kingsley, scrum; Llovd, Gallagher, McKay, Eukrine, Smith, Elliott, wings.

McGill—Jack, full back; Lee, McAvener, Ross, halves; Forbes, quarter; Timmons, Ayer, Turnbull, scrum; Biggan, Matheson, Gilmour, Dowling, Black, Goodeve, wings.

Referee, Dr. Etherington. Queen's; umpire, Geo. Richardson, Kingston.
