

Spring Impurities Clog The Blood

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give new strength.—In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, neuralgias, and many other troubles are most persistent because of poor, weak blood, and it is at this time, when all nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children—Here is a bit of proof: Miss Anna Patterson, R. F. N. No. 1, Thorold, Ont., says:—"My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained in weight, my blood is thoroughly purified, and my face cleared of some unsightly pimples which had troubled me. If one good turn deserves another then I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

First Steamer To Cross Ocean

Left New York One Hundred Years Ago Today

New York, April 13—Of the thousands of persons arriving at or departing from New York today on ocean steamships of all sizes and descriptions probably none called to mind the fact that the first ship to cross the Atlantic propelled by steam left this port just one hundred years ago today on her maiden voyage to Savannah, Ga., from which port a few weeks later she was to begin her epoch making voyage across the great pond.

This steamer, named the Savannah, was built in this city by the ship-building firm of Crockett and Fickett, whose shipyards were at Corlear's Hook. The date of her launching was August 22, 1818. The New York custom house records give her measurements as follows: Tonnage, 319 1/2; length, 93 1/2 feet; beam, 26 feet; depth of hold, 14 1/2 feet.

The ship was equipped with an inclined direct-acting, low-pressure engine of 90 horsepower. It had a single 40-inch cylinder. The machinery was built by Stephen Vall at Morristown, N. J., and the boiler by Daniel Dod at Elizabeth, N. J. Originally intended for a New York and Havre packet, the Savannah was purchased by Isaacs and Scarborough, a firm of Savannah merchants. She could carry only 25 tons of coal and 25 cords of wood.

The trip across the Atlantic was started from Savannah on May 22, 1819, and the Georgia city is preparing for a celebration of the centennial anniversary next month, which promises to be a notable affair. Representatives of commercial organizations, transportations and other interests from all sections of the United States and from Canada and England have been invited to participate in the celebration.

On her transatlantic voyage the Savannah was commanded by Captain Moses Rogers and navigated by Stevens Rogers, both of New London, Conn. Everything went well on the voyage until June 17, when the vessel was stopped by a British cutter, whose commander thought the Savannah was on fire and stopped to assist in fighting the flames. But great was the wonder of the British commander at his inability, with all sail in a fast vessel, to come up with a ship under bare poles. After several shots were fired from the cutter, the engine of the Savannah was stopped, and great was the surprise of the cutter's crew at the mistake they had made. They asked permission to go on board and were much gratified by the inspection of the "naval novelty."

The Savannah reached Liverpool on June 29, having used steam 39 hours out of the 26 days, and thus demonstrated the feasibility of transatlantic steam navigation.

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the purest tonics and antiseptics of proven reputation.

50c a box, \$ for \$2.00, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

monstrated the feasibility of transatlantic steam navigation.

The steamship remained 25 days at Liverpool, and sailed for St. Petersburg on July 23. The boat touched enroute at Copenhagen, where it excited great curiosity, and also at Stockholm, where it was visited by the Swedish royal family. On Sept. 3 she reached Cronstadt, having used steam the whole passage from Stockholm, and a few days later reached St. Petersburg.

The Savannah remained at St. Petersburg until Oct. 10, and then set sail on her homeward voyage. She arrived at Savannah, Ga., on Nov. 30. Shortly after the vessel was taken to the navy yard at Washington. The object of this visit to the national capital was, in the words of another, "to fix her name and exploits in the minds of prominent men from all parts of the United States, in order to lay a foundation for the defence and maintenance of our claim to that distinction which this craft and her daring commander had untidily wrought for our nation upon the mighty deep."

YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

No General Election In New Brunswick

Until Women are Qualified To Vote

Fredericton, April 10—"There will be no general election in New Brunswick until the women of the province have an opportunity of going to the polls," declared Premier Foster this afternoon, when asked about newspaper stories that an election would be brought on in June, before the voters' lists of women are ready. "The question of a general election has never been considered," continued the premier, who personally at least does not appear to favor an early election.

Sold by all Druggists, 75c. Hall's Family Pills for constipation

The Lads Who Dont Come Back

(London Advertiser.)

As the troop trains bearing their precious loads of browned veterans, who have served nobly overseas, swing into local railway stations daily, their many friends and relatives invariably are on hand to greet them with loving embrace, and welcome them home once more. To glimpse at the happy reunions after months and years of separation and anxiety is a very beautiful and touching scene. But, on the other hand, who has a word of cheer for the little widow, the wearied and white-haired mother and the fatherless children, dependents of some hero who paid the supreme sacrifice in Flanders' fields during the past four years of conflict? Their hearts are burdened at the present time, for it is only now that the full shock of the blow will bear down upon them, when his pals, with whom he enlisted and served, return home and his face is not among those peering anxiously from the car window as the train slowly draws up at the station. It is only the saddened mother and ask why daddy does not come home like Willie's or Amy's or Jane's father has come home. The old folks who have lost a boy will, within the next few months, have ample opportunity to commune together and grieve over the lad who will not come back. In the excitement and happiness of the home coming and the elaborate welcome to be tendered, the next of kin of our dead heroes are liable to be forgotten.

This must not occur, and it is our duty, both individually and as a state, to provide every facility for that ray of sunshine to gleam from behind the cloud and lighten the future of the dependents of our dead heroes in Flanders, whose heritage is a wood-top cross.

F. W. Woolworth Passed Away Suddenly

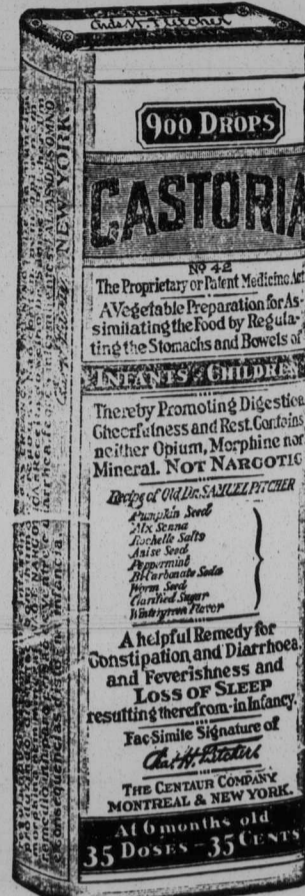

New York, Apr 8—Frank W. Woolworth, who started a five and ten cent store at Utica, N. Y. forty years ago, on a capital of \$50, and eventually became the millionaire and who operated a great chain of these stores in the United States, Canada and England, died suddenly early today at his home at Glen Cove Long Island. In addition to establishing a business with profits said to be nearly \$8,000,000 yearly, Mr. Woolworth built the celebrated fifty one story Woolworth building in lower New York, said to be the tallest building in the world. He was born on a farm at Rodman, Jefferson county, New York, on April 13, 1852.

Fit-Reform for Every Occasion

For the charm of crisp Spring sports; the social successes of the new season; the happiness of victory dances; or the pleasant informality of afternoon and evening affairs; there is a Fit-Reform Suit to fit the time, the place and the man.

And the man in a Fit-Reform Suit carries himself with the assurance that comes when he knows his clothes are right.

The Fit-Reform Label—that guarantee of good style, careful tailoring and perfect fit—goes only in garments of character and correctness. When you find it, you need no other assurance of satisfaction.

The new spring styles in both Suits and Overcoats are ready for the inspection of those men who enjoy seeing tailored garments of distinction.
