BACKACHE, LUMBAGO, RHEUMMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN EASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDIN The knowledge gained from many years' experience in treating diseases just like yours is of much he to you and assures the ailing man of prompt relief. When a man knows that he is again feeling wellhe is rid of his ailment-he feels that a heavy load has been lifted from his shoulders, I give eve ent the benefit of the knowledge acquired through the long experience of a graduated, licensed and real ed specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION A CONDITION AFFECTING MANY MEN-THE GREAT AM-ERICAN DISEASE - IT IS BROUGHT ON BY OUR MAN-NER OF LIVING-OUR WORRY AND HURRY - AMERI-CANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right-why they can't work like they used to-why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men: affected with nervous exhaus on have no endurance-no ambition -everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights fol-

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attached by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.
