At the Close of the Normal School.

Addresses by Gov. Fraser, Dr. Harrison, Dr. Inch and Principal Mullin.

Every available seat in the assembly hall of the Normal school was occupied Friday, afternoon, on the occasion of the formal closing exercises of that institution, and the rogramme was an interesting one. One hundred and ninety student teachers marched into the hall to a delightful march played on the organ by Prof. Cadwallader and took their places at the desks. They Mrs. Julius I. Morrison and her two chil- were a most respectable looking crowd, and dren, of Kansas city, are expected here the will bear favorable comparison with any first of July and will stay with Mr. and Mrs. former class in the school. Indeed a young man who sat near the Herald, remarked Miss Seery has gone on a visit to Ireland that he had never before seen so many to see her old friends again, and has taken | pretty girls in that institution at one time, of Jas. Dever, with her. A pleasant voyage entitled to some weight. Principal Mullin presided, and seated on the platform were G. R. Chisholm, who was here last week the members of the teaching staff, Governor to attend the wedding of his brother, Prof. Fraser, Dr. Inch, Chief Supt. of Education. Chisholm, to Miss Gibson, is agent of the Dr. Harrison, Chancellor of the University. Merchants' bank at Pictou, N. S. Another Rev. Canon Roberts, Rev. F. C. Hartley, Rev. Mr. Whalley, Rev. J. D. Freeman, student teachers rose to their feet and sang

lustily the National Anthem.

opened the ball with a few observations in branch. He is a popular young man, and review of the term's work. There had been a very large enrolment at the opening of the term last September, and today the ton where the teachers' salaries had been classes presented an almost unbroken front. Everything had gone on smoothly, the health of the students had been excellent, and indeed on all hands there was much cause for congratulation at the success of the session's work. He felt safe in saying that no of all other provinces in the standard re- for a chaldron of 2,800 lbs., and of poor better prepared class had ever before faced | quired of our third class teachers. In On- | quality at that, it will readily be concluded an examination. The school consisted of tario teachers of that class are not required that if the city had shrewd business-men on two divisions, the seniors who are recommended for first class license, and the take a twelve weeks' course at a Model reap the benefit. THE HRBALD is informed juniors for second class. He invited the gentlemen on the platform to look into the class of license are not required to attend the pumping station was so bad in quality faces of the students, and he felt sure they Normal school, and in this respect we are that the committee, at the instance of Ald. would decide that nowhere could be found | ahead of both these provinces. The num- | Golding, declined to take it as screened a class of 200 young people in better health, ber of third class teachers in this province | coal, and that it had to be put in as run of more intelligent and better looking than had been reduced by forty during the school the mine. ng in Mr. Mullin was applauded on taking his

that report, Ald. Gilman is represented as holding a lump of Cape Breton coal in one dial greeting. His Honor after expressing met, his rising, Dr. Harrison said he was hand, and a lump of unscreened Grand himself as glad to hear of the success of the laways glad of an opportunity to express himself as glad to hear of the success of the what the city has been using for the last Normal school, and he was pleased to know ficulties that beset him. A great many four or five years at a cost of \$3.90 per ton." that the present class would go out to their people considered a teacher successful if he The reporter omitted to report Ald. Gilman work, well prepared for the battle of life. turned out scholars proficient in penmanany way damage his side of the question."

Again, Ald. Gilman is reported as well

that there is a matus in the system, which he hoped some day would not exist. He referred to the need of a system of secondary pupils how to overcome difficulties by satisfied with the contract, as it was the education. It may be that the country is patient and faithful labor, and by the attenmentary militia items at Ottawa Thursday, the Minister of Militia announced that it was his intention to reduce the permanent corps by two hundred, namely to lower the strength from a thousand to eight huntressent to the strength from a thousand to eight huntressent to the strength from a thousand to eight huntressent to the difficulty the legislature had in meeting the dental manner of the contract, as it was the best coal contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract; he believed would faith."

The Minister of Militia announced that it best coal contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract; he believed to find with the coal or the contract; he believed to find with the contract, as it was the best coal contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract; he believed to find with the contract, as it was the best coal contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract; he believed to find with the coal or the contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract; he believed the school law, and he knew the difficulty the legislature had in meeting to find with the coal or the contract; he believed to find with the coal or the contract; he believed to find with the coal or the contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract the city ever entered into, what he said was, "He had no fault to find with the coal or the contract the city ever entered into a position to supply the want. A very large amount of money is now necessary to carry out the school law, and with a man who he believed, would faith all the demands made upon it. He thought dents in a little debate after which Miss Isaac Brown, of Canterbury, brought a fully carry out his contract, but the questraft of 140,000 feet of deals down river yes- ion with him was; was it fairly done? No nishing means for carrying on educational Wright rendered a quartette in good style.

> The school then gave a rousing chorus, and Mr. Mullin introduced Chief Superintendent Inch,

\$3.00 for screened coal. He (Gilman) then Dr. Inch congratulated the students on repeated that although the contract was reaching this stage in their educational good, had the committee used the other work. He had listened with pleasure to gentlemen right in not calling on them to Mr. Mullin's remarks, and felt every conmake special offers as they did with Mr. fidence in the future of education in this McFarlane, and when McPherson said the province. He saw no reason for feeling disold contract was \$3.90 per ton, Ald. Golding | couraged at the outlook; indeed, on the said the contract was \$3.50 and \$3.65. Mr. other hand he considered the prospect most Allen being present, was asked the price encouraging. There has been and is a steady regular progress, and he was glad to know Taking these figures as correct, the saving that the present class are not inferior to in the present contract was not quite as their predecessors. The board of education large as represented by McPherson and now called upon the lady students to underand friends. The lump of worthless go examination in all branches put before coal was supposed to have been taken from a lot of coal of uncertain name, purchased themselves the equal of the sterner sex. University Alumni society, nad not a city newspaper discussed the matter in one of its issues last week. The facts are these: fended the Slavins, Mayor VanWart appeared for Downey and C. E. Duffy for pable and glaring inaccuracy. Regarding provincial aid. He mentioned with appeared for Downey and C. E. NOTICE OF ASSIGNMENT.

HAVE you experienced trouble with floor paints? It is more important to have a reliable floor paint than any other liquid paint. They must dry hard and quickly. Brightness and durability are necessary. These qualities, it has been proved, are to be found in the paint we sell.
