THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON MARKETS. ference in local selling prices. Potatoes have settled down to an average price of 75c per bushel, other vegetables occupying about the same position as before. In produce the market is a trifle stronger but prices of not indicate any marked movement. Hay remains at the same figure owing to the very limited demand that has characterized the past week or two. It is though the some effect in raising prices but it remains to be seen.

** killed were non-strikers. **

** killed were non-strikers. **

** Lloyd-George Takes Charge.

David Lloyd-George, chancellor of the exchequer, has now taken charge to fine stronger the situation for the gewernment and through the good offices of James and not indicate any marked movement. Hay remains at the same figure owing to the very limited demand that has characterized the past week or two. It is thought by some that the continued wet weather may have some effect in raising prices but it remains to be seen.

to be seen.

Wheat occupies a very precarious

position. On the Winnipeg, Minneapolis and Chicago markets it has shown

and movements at times.

The tone was easier, and a slight increase in country offers was noted at the close. reports were not as comforting as they might be. The general indication of the Canadian market would seem to be a continued confidence in the ability of the prairies to produce quanti-ties of No. 1 hard or Northern. Oats continue at the same figure. Needless to say, the weather for the

next few weeks will be watched with as much anxiety as a horse race for the weal or woe of the country's crops depend on the issue. Just how much is safe is not clear but if the warm weather of the past day or two were continued we might breathe freely once more. At any rate the majority of the crops would by that time be safe. Prices today are:
