Banker Damaged.

Schr. Casaga With Mainmast Broken. Hollett Bros. banking schooner Casaga came into port yesterday having sustained serious damage a few days ago. After obtaining a squid baiting at Davis Cove, Placentia Bay, the vessel left for Labrador for the fishing trip. When off Cape Race at noon Sunday the vessel was struck by a heavy squall and the mainmast was broken off below the cross-trees. For two days then the banker had been dodging her way to port. The schr. Gladys which arrived here in company with the Casaga had a lot of canvas blown away about the same time as the Casaga met with mishap. The bankers Olga with 50,000 and the Gordon Hollett with 90,000 passed the Narrows are now on their way to the Labrador. After getting repairs and supplies the Casaga and Gladys will sail for the Labrador if it is not too late.

What Dyspeptics Should Eat.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, should try a meal of any food or foods in moderate amount, taking immediately afterwards a teaspoonful of bisaturated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisaturated magnesia is doubtless the best food corrective and antacid known. It has direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. Do not dose an inflamed and irritated stomach with drugs but take some of the bisaturated magnesia as directed above, and note remarkable results. Bisaturated Magnesia, No. 25 E. 26th St., N.Y.C.

Ship on the Rocks

The Norwegian pit prop steamer Carisbrook, which went ashore near Little Bay Island following a riot that occurred on board, as alluded to in the last issue of the Telegram, is still on the rocks and leaking badly. The forepeak, forehold and foretank are filled with water. Several large pumps belonging to the S.S. Prospero, were sent north and are being used to-day to assist in pumping out the ship. The Carisbrook is a ship of 2784 tons gross and 1875 net. When she is pumped out it is thought that the ship will be brought here under escort for repairs and will need to be dry docked.

Record Shooting.

While shooting recently at the 200 yards rifle range, thirteen volunteers of the Reserve Force made 211 points or 8 points ahead of the previous range record. The possible score for each man to make was 20 points. The individual scores were:

Timothy Harvey	19
J. Harham	19
B. Meehan	19
T. Lake	18
T. Goady	17
H. Williamson	17
J. Moakler	16
N. Evans	16
E. V. O'Donnell	15
S. Bird	15
G. Brinston	14
B. Brown	14
H. Adams	12

Grand Total 211 points out of a possible 260.
At the moving figure target several possible scores have been made recently. Such results speak well for volunteers as well as the Musketry instructors.

Reid Cup Winners Yet Undecided.

It is not unlikely that the remaining game of the Inter-town Baseball series between the city team and Bell Islanders to decide the holders of the Reid Cup may be called off on account of the holiday season being now over, though the outside players were unable to get here during that period, owing to pressure of business. However, there is a whisper going the rounds that there is a likelihood of the rivals meeting on the diamond during October month and that arrangements are now going on in that direction.

START RIGHT NOW and select your piece of Overcoating for the winter. We have just opened a splendid range of Blue Naps and nifty patterns in Tweed, with other big selections to arrive. **SPURRELL BROS., 365 Water Street, "The Young Man's Tailor."**—sep11,ead,tf

Othello Sold.

The S. S. Othello sailed from Nippon's Harbor on Tuesday for Cardiff with 2,300 cords of pit props. As exclusively mentioned in the Telegram a short time ago, the Othello was sold recently for sixty thousand pounds to a firm on the other side of the water and when she visits here again will be under a new ownership. Her late owners were Messrs. Bowring Bros., Ltd., and her late commander, Capt. Cox, who will retire from the sea after reaching England.

The Beauties of Shannon Park.

"Mary" Thinks There Should be Some Improvements, and Tries to Wake up the Trustees. They Appear to be Sleeping Soundly.

Editor Evening Telegram.

Dear Sir:—If you will pardon me for the neglect of the past year in not drawing attention to the sins of omission and commission among some people who may be termed public servants, and grant me a little space from time to time, I will endeavour in some way to make up for my neglect. Now, Mr. Telegram, the subject of this first letter of the series will be "Our Park"—(Shannon Park.) This beautiful level field, situated on the hill with a magnificent view of the harbour and bay, is a gift to the town from a Harbor Gracian, who loves his native town—John Shannon Munn, Esq.—from whom it takes its name. When the place was handed over to the citizens; when we felt the need of a recreation ground for the young and indeed an afternoon resting place for the middle-aged and old as well, we were all just delighted, and a Board of Trustees was appointed to take charge of Park affairs, with a view to beautifying the place. Tom and I were there, and, oh, the speeches were grand, they are fresh in our minds to-day, and it is only now I am beginning to realize what Tom meant when he looked at me and winked, when a certain gentleman was explaining what would be done. Well, a great rush was made to get trees, some imported ones were secured from a person who had an agency for nursery stock, but these are nearly all gone now. Tom said at the time that our own native trees would grow better, look better and last longer than the imported and expensive article. A fine wire fence was put up to keep the goats, cows, horses, etc., off the grass, and although this was many years ago, nothing more to my knowledge has been accomplished since. The Trustee Board has never given the public a statement of their charge. Each season the grass is sold at a good price—\$40.00 to \$50.00—but this year it was purchased by Mr. M. Thomey for Mr. R. O'Shea for the large sum of \$65.00. What is being done with this money. Mr. John Hickey, who resides in the cottage in the Park, is receiving no remuneration for his services in keeping cattle out, other than free rent. There is no doubt, or there ought to be a nice bit of money to the credit of the Park now, with the accumulating interest each year. The public would like and in fact I hear will soon demand from the Trustees "an account of the stewardship." Why are we ignored so long? Can we not have a public meeting, and get a statement of affairs? Who are the Trustees, anyway? What do they mean by their actions? These are a few of the milder questions that some of our citizens are asking others. And is there not sufficient reason for such, considering that after all these years, 12, I think, there is not even one walkway cut through the place. If these men are not going to fulfil their pledge to the people then they should resign and let others be appointed. I hope soon to see a report, a very favourable one I have no doubt, from the gentlemen who are managing Park affairs. Let Shannon Park be a Park in earnest and not merely a place to raise hay for sale by public auction. Again asking forgiveness for my long silence.

I am yours as ever,
MARY.

Harbor Grace, Sept. 10, 1915.

P.S.—My next letter will be on the apparently defunct Agricultural Society and what led to its downfall or collapse. It is now nearly two years since a meeting was called.—M.

LUCK.

By RUTH CAMERON.

RUTH CAMERON

"There is no such a thing as luck," I heard a New Thought lecturer declare the other evening. Like Grizel of "Sentimental Tommy" fame, who rocked her arms in church because she couldn't get up a n d contradict the minister when she thought he was wrong, I writhed in my chair.

For of all the high-sounding, empty-meaning fallacies that creep into the beautiful New Thought philosophy none irritates me like the idea that there is no such thing as luck.

What is luck, anyway? Well, according to the dictionary, it is chance. Can anyone stand up and say that chance doesn't play some part in everyone's life?

Wasn't This "Bad Luck"?

Take an absolutely simple example. I was finishing up some errands in a hurry the other day. Three times I arrived at an elevator shaft just as the elevator had started up, and had to wait two or three minutes. That delay made me just miss a trolley; the trolley I did catch was delayed two or three minutes by a stalled auto; and I reached the station just in time to see my train roll out.

Now wasn't that a string of chances running against me? Was I in any way to blame? Could even the most ardent believer in no such thing as luck blame those accidents on any defect of character? I defy him. They were just chance—simon pure chance.

Mind you, I do not deny that luck is a much abused word. People

blame many things on luck that are due to their own carelessness, inaccuracy and what not. A neighbour of mine told me last year that she "never had any luck with seeds." This spring she happened to be with me when I was planting my seeds. The directions bade me to cover the seeds with loose earth and then press it down with a board. I was hunting for a board when the neighbour who never has any luck with seeds dropped over. "Dear me," she said, "I never bother over them like that." And then I understood her lack of luck.

Again, the man who grumbles about his neighbour's "luck" in getting some excellent position into which said neighbour had really worked and fought his way is certainly abusing the word.

But that does not mean there isn't any luck in business. There is!

Don't Go To The Other Extreme

Because some people blame things to luck that are really their own fault is no excuse for going to the other extreme and shouting that there is no such thing as luck.

I have a hazy idea that once when I was young and foolish I wrote something along that line myself, because it sounded well and was easy to illustrate with examples of people who called their follies bad luck. If I did and some faithful reader friend happened to remember that talk, will he please consider that I have evanuated that position and not try to attack me with my own words.
