## ITALIANS IN RETREAT

### BRITISH AND FRENCH MAKE GOOD GAINS

#### ITALIANS CONTINUE TO RETREAT; COWARDICE IN THE FACE OF FOE

**BERLIN REPORTS 100,000 ITALIANS MADE PRISONER AND IN EXCESS OF 700 GUNS TAKEN; ITALIANS DESTROYED STORES BEFORE RETREATING**

#### STRONG ENEMY FORCES AGAINST ITALIAN ARMY

**SITUATION REGARDED AS VERY SERIOUS AND FRENCH CABINET IN SESSION TO CONSIDER WHAT ASSISTANCE CAN BE GIVEN**

The Austro-German armies, under the command of Emperor Charles, who has for his chief assistant the brilliant Field Marshal von Mackensen, are shaking the entire Italian line from the Julian Alps to the Adriatic sea. Having pressed back the Italians at several points upon Italian soil, the combined enemy forces have now pushed forward on the Italian left wing and captured Cividale, lying to the northeast of Udine. In addition, the Austrian town of Gorizia, a point of great strategic value on the Isonzo river, has been retaken from the Italians.

According to the latest Berlin statement, 100,000 Italians have been made prisoner and in excess of 700 guns have fallen into Austro-German hands. The second and third Italian armies are declared to be in retreat. Rome admits the falling back of the second army, asserting that cowardice similar to that shown by the Russians in Galicia, was exhibited in the face of the foe, the Italians surrendering or retreating without giving battle, permitting the breaking of the left wing and thereby offering easy access to the town of Cividale. Prior to falling back, however, the Italians destroyed all their depots and stores, and Cividale was on fire when the Austro-Germans entered it.

Possibly the Italians in this region, who are declared by Rome to be retreating to prepared positions on the plains, will turn about and meet the enemy in open country fighting.

If they do not, and the enemy is able to keep up westward the fast pace that it has maintained since the beginning of the operation, the greater part of the Italian forces along the northern front line will be threatened with capture. The situation is so grave that a special meeting of the French cabinet has been held for the purpose of deciding upon the question of allied co-operation on the Italian front.

#### Italian Secondary Army Retreat Without Fighting

Rome, Oct. 28.—Units of the Italian secondary army surrendered or retreated without fighting, permitting the Austro-German forces to break the Italian left wing on the Julian front, according to the official report. The Italians are now retreating in accordance with the plan prepared. The announcement follows:

"The failure to resist on the part of one unit forming our second army, which in cowardice retired without fighting or surrendering to the enemy, allowed the German-Austrian forces to break into our left wing on the Julian front."

#### Italians Masters of Passes; Greatest Offensive of War

Army Headquarters in Northern Italy, Oct. 28.—Virtually the entire Austro-German front, reinforced by heavy German contingents, conducted by Gen. von Mackensen, are now facing the Italian army in the greatest offensive since the beginning of the war, with the evident purpose of breaking the Friuli region.

While the operation pivots on the possibility of Von Mackensen driving through the mountain passes where the city of Cividale is the first important place leading to a rich and level plain. Indications are that the Italians are masters of the passes, although the tremendous force of the war, with the evident purpose of permit a further scattered incursion.

#### ADMIRAL DISAPPEARS

**Believed He Fell Overboard From a Submarine**

Patrol, Oct. 28.—Admiral Vidua, who was in command of the submarine fleet during the German operations against the Russians in the Baltic, has disappeared. It is thought he fell overboard from a submarine.

#### HUN SOLDIERS IN MUTINY

London, Oct. 27.—Two thousand German soldiers in the Flanders front last night and destroyed their rifles and equipment, according to a dispatch from

Paris, Oct. 28.—The cabinet met today to determine upon co-operation of the allies on the Italian front. President Poincaré presided.

London, Oct. 28.—It is estimated in an Exchange Telegraph dispatch from Rome that the Italians are opposed on the front of the Austro-German attack by forces four times their number.

Paris, Oct. 28.—The forces engaged in the attack on the Italian army consist of 350 Austrian battalions, reinforced by ten German divisions, according to the Petit Parisien's correspondent on the Italian front.

Berlin, Oct. 28 (via London).—The capture of 100,000 Italians and more than 700 guns is reported in the official communication from general headquarters tonight, which declares that the Italian second and third armies are in retreat.

Both Emperor Charles and General von Ludendorff, the German first quartermaster-general, are at present supervising the operations.

#### SIGNAL SUCCESS BY CANADIAN FORCES

#### CAPTURE OF BELLEVUE SPUR FOLLOWED UP BY FINAL DEFEAT OF ENEMY FORCES AT LAAMEK; VERY IMPORTANT POINT TAKEN

Canadian Headquarters in France (via London), Oct. 27.—For the last twenty-four hours persistent fighting has been going on on the Canadian front. To the left of our advance the splendid success gained yesterday in the capture of Bellevue spur has been followed by the final defeat of enemy forces at Laamek. Very heavy resistance was encountered at both of these points, the enemy machine guns and artillery fire being very severe, but the Germans were finally driven out after hard hand-to-hand fighting in which our infantry stormed their positions and captured their formidable "pill-box" stronghold defenses.

To the right our infantry scored a signal success in advancing beyond their objectives to the dominating spur on the Passchendaele-Zonnebeke road, overlooking Passchendaele itself. Driven from his strong positions and organized defenses, the enemy is fighting desperately to regain control of Bellevue spur and the dominating ridge to the south. Realizing the tremendous importance of this high ground, which information from captured prisoners proves the German infantry was ordered to hold until the whole garrison was killed or captured, the enemy in the last twelve hours has launched no less than four counter-attacks, two directly against Bellevue spur and the rest against our positions to the south.

At 4 p.m. yesterday two battalions were employed in the advance upon Bellevue. They met with such a blasting reception that the attacking force was swept away under withering artillery and machine gun fire, and routed with heavy losses, leaving no less than 60 prisoners in our hands. Three-quarters of an hour later the enemy threw their infantry once again against Bellevue spur, and were once more repulsed, while our infantry on that flank advanced, straightening our line and improving the general position. The Canadians are now in possession of organized defenses between these positions and Passchendaele itself.

#### WONDERFUL WORK OF FRENCH POULUS IN THE ADVANCE

Engineers Threw a Pontoon Bridge Across Marsh at Nighttime, Working Up to Necks in Water

British Front in France and Belgium, Oct. 28 (By the Associated Press).—The story of the highly important victory won by the French and Belgian armies over the marsh lands of Flanders yesterday is the record of a spectacular military operation which, before its completion, would have seemed impossible to the average expert. It is a story of men who battled their way forward over morasses and through water into which they sank literally to their necks at times, and with rifle and hand grenades, and with bayonets fixed to their rifles, waded through the water and captured two farms, one on either end of the line of advance. These farms provided a bridgehead and by a wonderful feat of the engineers, lines of pontoons were slung across the marsh Friday night in order to accomplish this it was necessary for the men to work in water reaching above their shoulders.

Over these bridges the infantry advanced at 5.15 o'clock yesterday morning and at the same time the troops on the shore moved ahead along ground which was drier. The Poulus swept forward, rapidly reducing the concrete fortifications that still remained with hand grenades, bombs and rifles.

#### MOSTLY BLUFF

Dr. Dumba So Characterized U.S. Naval Activity

Amsterdam, Oct. 28.—A dispatch received here from Vienna says that Dr. Dumba, former Austro-Hungarian ambassador to the United States, in a speech in the Reichstag, asserted that the giant naval program of the United States was mostly bluff.

#### CONSERVATIVES AND LIBERALS UNITE IN SUPPORTING UNION

Macleod Union Government Association Formed and Union Convention Called for November 10; Several Liberals Stand Out

#### MINORITY LIBERALS

At Earlier Meeting Liberals by Narrow Majority Turn Down Union Project; Minority Then Joins Forces With Conservatives

Macleod, Oct. 28.—One of the most enthusiastic meetings ever held in Macleod took place in the town hall on Saturday afternoon at 2 o'clock when the Liberals and Conservatives joined forces in the support of a union win-the-war government. A meeting of the Conservatives was held at the town hall at 9.30 in the morning and with an absolute unanimous vote it was decided to support a union candidate at the next federal election. In the Old Fellowship hall the Liberals held a similar meeting, but after four hours of very heated arguing a vote was taken and the result was that it was for Laurier and 19 for the union government.

#### ADVENTISTS' CHANGES

Denomination May Be Controlled By Adventists of the World

Minneapolis, Oct. 28.—Abolishment of the North American division of the conference of Seventh Day Adventists and placing control of the denomination in Canada and the United States in the hands of the Adventists of the world conference, was urged today by officials of the general conference in session here. The change would affect all Adventists' institutions in Canada and the United States.

#### LIBERTY LOAN SUBSCRIPTIONS REACH MAXIMUM

Official and Complete Returns Not Filed, But the Authorities Satisfied

Washington, Oct. 28.—The total amount subscribed to the second Liberty loan, the treasury department announced tonight, "is still a matter of speculation." Several days probably will elapse before the full extent of the nation's subscription is ascertained.

Success of Liberty Loan. Fargo, N.D., Oct. 28.—North Dakota's Liberty loan subscriptions have exceeded \$100,000, an over-subscription of 75 per cent it was announced today by Chairman Hanna of the state commission. In the first campaign the state sold only \$37,000 worth of bonds.

#### BRITISH AND FRENCH MAKING PROGRESS

#### FRENCH ADVANCE NEAR DIXMUDE, CAPTURING ENTIRE MERCKEM PENINSULA; MORE PRISONERS CAPTURED; GERMANS QUIET IN RUSSIA

The fighting on the western front in Flanders has died down to some extent, except for artillery duels. The British, however, have bettered their positions along the Ypres-Roulers railway in small attacks, while the Belgians and the French have captured several important salients in the region of Dixmude. Along the Aisne front the French are violently bombarding the German positions, and it is probable that soon again they will begin another of their strokes toward Laon, their objective in the recent fighting. An attack by the Germans near Friedmont farm was repulsed.

In the Gulf of Riga and in the region of the head of the Gulf of Finland the Germans for several days have remained quiet, making no endeavor to land further forces on the mainland, where they met with repulse twice last week. No large infantry actions have taken place along the Russian front, on the contrary, there has been a return to the fraternizing between the Russians and Germans which was noticeable some time ago on various sectors.

Near Ilouk and in the region of Krevo such efforts have been noticed. In the former sector scores of Russians who had gone out to meet the enemy on a footing of friendship were dispersed by the fire of the Russian artillery.

British airmen daily are flying over points behind the line in Belgium held by the Germans and dropping bombs upon military positions and airbases. Railway junctions have been bombed effectively and explosives have been loosed several times upon the Sharapellook and Engle airbases. (Continued on page eight)
