Buller

Not Likely to Have Agreed to Any Armistice.

Kruger Looking for a Berth on a Dutch Cruiser.

Boers Said to be Concentrating 12 Miles East of Pretoria.

London, June 7.—In the absence of anything from British sources regarding the Boer statement that Gen. Buller had decided to seek refuge on board the Dutch cruiser 'Friesland', now off Pretoria, the military experts here are inclined to believe a revised version of the story will show that Gen. Buller summoned the federals to surrender or evacuate their positions within three days, failing which he would attack them.

LOOKING FOR A SAFE PLACE. The Birmingham Post, organ of Mr. Joseph Chamberlain, says it hears from an official source at The Hague that a serious question concerning President Kruger is now before the Netherlands ministry. The paper adds that the President, up to last Friday, had decided to seek refuge on board the Dutch cruiser 'Friesland', now off Pretoria, and asserts: "There is beyond doubt good reason to believe that instructions there sent have been cable to the commander of the warship."

BOERS RECONCENTRATING. According to a dispatch from Lorenzo Marquez, under today's date, the Boers, under Gen. Botha, are reconcentrating in the neighborhood of Naarerey, twelve miles eastward of Pretoria. From the same source it is reported that the British prisoners are being removed to Nootgeacht, an unhealthy spot in the Elands valley. About 300 men arrived there June 5, and are being held in a camp. It is probably constitute the portion of the prisoners which Lord Roberts had been shifted from Waterval.

TROUBLE IN THE WAR OFFICE. The strained relations between the secretary of state for war and the Marquis of Lansdowne, and the British commander-in-chief, Lord Wolseley, appears to have reached such a pitch that but for the exigencies of the situation, Lord Wolseley would have resigned. It is alleged that Lord Lansdowne attempted to usurp authority always heretofore wielded by the commander-in-chief, and the latter is now said to have laid the whole matter before Lord Salisbury.

THE ONLY HELP. A Victim of Bright's Disease for Many Years—Cured by Dodd's Kidney Pills.

Neepawa, June 4.—Mrs. T. H. McKee, formerly of Liswell, came here as a last resort. She had suffered ten years with Bright's Disease. Reported to have past help and dying, her reappearance on the street in apparent good health was a pleasant surprise. The explanation given was that her little boy had insisted that she should use Dodd's Kidney Pills and prophesied that they would cure her. She says: "From the first few doses I began to feel better, and after taking four and a half boxes, I say it with heartfelt gratitude, I am perfectly cured. Dodd's Kidney Pills is the only medicine in the world that has ever cured a case of Bright's Disease at such a stage."

KILL ALL THE FOREIGNERS!

Legend Borne on the Banners of the Boxers.

London, June 7.—Telegraphing from Tien Tsin under date of June 6, a correspondent says: "I left Tien Tsin, en route for Pekin, accompanied by Gen. Nieh, supposed to be one of the best of the Chinese generals, with 60 troopers. We proceeded to Iofa, a distance of 21 miles. We found the plate-layers' cabins in flames and telegraph poles cut, and men engaged in destroying others in villages near the railway, where flags were seen bearing the inscription: "Kill all foreigners."

"I saw smoke, evidently from burning houses, in the distance, but Gen. Nieh refused to proceed further, being in mortal fear of the Boxers, though the foreigners endeavored to persuade him to discontinue his troops, who are firmly convinced that it is useless to fight the Boxers, as other Chinese say they are capable of making bullets rise and run away."

"There seems to be little prospect of a resumption of traffic to Pekin unless the foreign powers assume control of the railway until the Chinese government is able to take up the question of communication with its capital."

JAPAN VS. COREA. Yokohama, June 7.—Reports from Seoul state that the action of the Japanese minister to Korea with reference to the alleged case of torture of prisoners has awakened the resentment of the government, which declines to grant an audience to the king, and has also addressed a telegram on the subject direct to the Japanese Government.

UNCLE SAM INTERESTED. United States Senator Depew, of New York, in an interview concerning the position of the United States toward China, says in the New York World today: "The European nations may encounter acute diplomatic conditions in China, growing out of Russia furnishing any army to put down the present revolution. It may be called such, in China, because the Russian army never leaves any place where it once has a foothold. The United States is not interested, excepting in so far as the protection of its missionaries and merchants is concerned. It is impossible to us whether Russia or Great Britain or Germany, or all three with ourselves, put down this effort to drive out foreigners, and thus isolate China. The understanding which we have with all European nations secures us all we desire, which is no territory, but the 'open door.'"

HEAVY STORMS IN FRANCE. Paris, June 7.—Heavy thunderstorms in the central parts of France have caused serious damage to crop and live stock. There have been several deaths from lightning, and large tracts of country around Tilers are inundated. Several persons have been drowned, traffic on the railroad has been interrupted and a million francs damage has been done at Tiers itself.

THE DEATH OF CAPT. ROBINSON. New York, June 7.—Particulars cabled from London concerning the death of Capt. Robinson, nephew of the late Lord Rosebery, say that after he fell in the street he was taken to King's College Hospital, where he died five hours later of a fractured skull. The matter has been kept quiet since it occurred owing to relatives of the deceased persons have been drowned, traffic on the railroad has been interrupted and a million francs damage has been done at Tiers itself.

Do you exculpate yourselves entirely from the man's death? "We do, and we don't. That is to say, perhaps we ought to have detained him longer, but the hospital was full on Mafeking night."

At this morning's session of the county council C. H. Lockwood, on behalf of Caradoc township, asked the county to bear portion of an expense account of \$378 incurred in stamping out smallpox in that township.

A resolution from London township authorizing the reeve to secure legal advice as to the course to be pursued in forcing the Proof Line Road Company to put their road in repair, and asking the county to join with them, was filed.

The finance committee recommended that the county pay one-third of the account in Lob township for stamping out smallpox. The committee also recommended grants of \$100 each to East and West Middlesex Teachers' Association and \$50 to the Salvation Army Rescue Home.

A committee was appointed, consisting of Warden Murray and Messrs. McLeod, Tabbot, G. B. Campbell and Webster, to meet a similar committee from Elgin county to view the approaches to the bridge on the Graham road, with a view to making the alterations proposed by the reeve of the county.

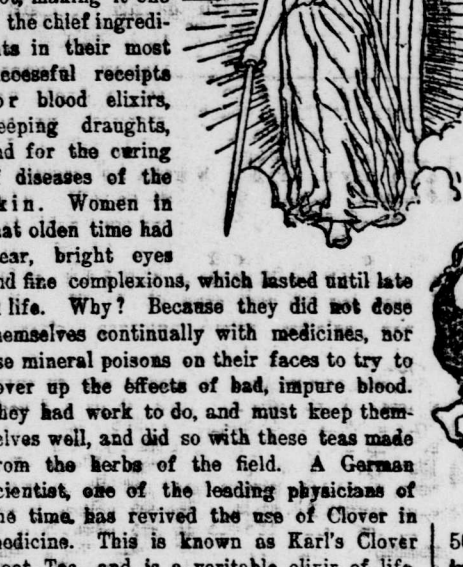

At yesterday morning's session, just before adjournment, Mr. Jackson asked if it was the intention of the council to reopen the question of the court house janitorship. Warden Murray replied that the question could be reopened when the bylaw appointing Mr. Hughes, of Appin, was presented. The report of the North Middlesex Farmers' Institute for the year ending May 31 showed receipts of \$650 21, with expenses of \$292 57, leaving a balance of \$357 64. The institute asked for the usual grant of \$25.

When the ground was cursed

For sinful Adam's sake, well knowing all the ills to which human kind would be subject, God made it to bear herbs of all-healing. Among these herbs none was more widely distributed, or more potent for good than the Clover.

The scientists of oldsoon found out the wonderful effect on the nervous system exercised by clover root, making it one of the chief ingredients in their most successful receipts for blood ailments, sleeping draughts, and for the curing of diseases of the skin. Women in that olden time had clear, bright eyes and fine complexions, which lasted until late in life. Why? Because they did not dose themselves continually with medicines, nor use mineral poisons on their faces to try to cover up the effects of bad, impure blood. They had work to do, and must keep themselves well, and did so with these teas made from the herbs of the field. A German scientist, one of the leading physicians of the time, has revived the use of Clover in medicine. This is known as Karl's Clover Root Tea, and is a veritable elixir of life.

WORK IN THE SABBATH SCHOOL

Interesting Chat With Mr. Thomas Yellowlee, Associate Secretary of the Provincial Association - New Features of the Work.

A reporter yesterday ran across Mr. Thomas Yellowlee, associate secretary of the Provincial Sabbath School Association, who had been in the west in connection with the work. On Sabbath last he was in Aymer, where he occupied the pulpit of the Methodist Church in the morning, addressed a mass meeting of children in the Baptist Church in the afternoon, and preached in the Presbyterian Church at night. On Monday he attended the East Elgin convention, held in the Methodist Church, Sparta, where there was a splendid gathering, and where at least 600 people crowded the building at night.

Asked as to the outlook of Sabbath school work in the province, Mr. Yellowlee said evidently the interest was growing, if attendance at conventions was any indication. He had recently been at Dutton and West Lorne, and found much the same interest as shown in Sparta.

Asked whether there were any new features in connection with the work, he replied: "Yes; we are trying to be up to date in our varied departments. For instance, the cradle roll has just been introduced into our primary work. That means, we enroll the babies just so soon as mamma decides what the name is to be, whether John Wesley, Knox, Roberts, Baden, White, or Ethel Rosalie; and a birthday card is sent each year to the little stranger, until personally they present themselves as scholars of the school."

"How is the home department working?" "Splendidly. It's going to revolutionize the whole Sunday school work, because it virtually means a Sunday school in every home whose inmates are unable to attend."

"Is it not the Sabbath School Association that organized the house to house visitation recently taken in Toronto?" "Yes. Mr. William Hamilton, the convener of the home department committee, recently appointed, was the user of our organization, planned and guided the campaign, and the results of that canvass will be made public during this week, and I am satisfied will be a revelation to many."

"What is the object of the visitation?" "Our object was mainly to find out the children who are not attending Sabbath schools. While, as you know, we have an attendance in our Sabbath schools of over 40,000, and 423,000 scholars, there are 500,000 still outside. Our object is to locate them, find out the denomination to which the parents belong, and the church for which they have a preference, and then send the slip stating this fact to the minister of that church, and it will be his place not only to find the children, but the parents; and, I think, London will do well to copy our example. You can say so."

"What success are you having with your normal work?" "The work is taking up the work; but we are somewhat disappointed that we have not more writing on the examinations. We had hoped for many more."

"Is the association still prosecuting the action over in the sparsely settled districts of our country?" "Yes; that work will be continued. Every year we send six or eight men up along the lakes in New Ontario, Algoma and Muskoka, and they go as the disciples of old, in pairs, this feature of the work has been specially interesting, and some of our counties and personal friends are sending donations in aid of it."

"Where is the annual convention to be held this year?" "In Brockville, on the 23rd, 24th and 25th of October."

"Is there any prospect of a new general secretary being appointed?" "Well, nothing has been decided, so far, but no doubt an appointment will be made as soon as the committee makes a choice of a man."

"What about the big boy problem?" "Mr. Yellowlee laughed, and said: 'Well, we are after him, and we are going to show that boy, though he was as big as Goliath, and as old as Methuselah, he should still remain in the Sabbath school.'"

"How is the finance part of the work being sustained?" "Well, many of the counties are doing generously, but a great many are not. The same may be said of the Sabbath school, Toronto, in her Sabbath schools and personal contributions, is bearing the heavy part of the burden. My mission here specially today is to enlist the sympathy, not only of the Sabbath schools, but of personal friends in our work."

THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Electric Balm, a pulmonary or acknowledged efficacy. Toronto, June 7.—The Ontario Medical Association opened their twelfth annual meeting yesterday morning in the normal school, with a very fair attendance of members for a first session. Dr. Adam H. White, the first vice-president, was unanimously elected president.

THREE TRACK WALKERS KILLED. New York, June 7.—Three men were killed by being run over by a passenger train on the Long Island Railroad yesterday, near Laurel Hill, L. I. They were Matthew Clark, aged 45, laborer; Daniel Halpin, aged 35, and Patrick Bryan, aged 42, single. The men were walking on the track when struck.

THREW HIMSELF AND CHILD OVERBOARD. New York, June 7.—An unknown immigrant woman threw her six-year-old child overboard from an immigration barge last evening, and then sprang overboard herself. Both were rescued by the captain of the barge. The woman was found to be demented. She lost her papers in the water, and there is no means of identifying her.

FAGGED OUT.—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength has gone, and despondency has taken hold of the sufferers. They feel as though there was nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parmelee's Vegetable Pills.
