WOULD OMIT "OBEY" IN MARRIAGE SERVICE

Bishops Seem to Favor the Idea, But Postpone Action For a Time.

[Canadian Press.] London, Feb. 20.—The omission of the word "obey" from the marriage service from the Church of England appeared to find considerable support today among the bishops attending the House of Convocation of the Province of Canterbury, now in session in London.

A formal motion to omit the word, of which the Bishop of Lincoln had given notice, was withdrawn, however. The Bishops of Winchester and Hereford spoke strongly for the insertion of similar undertakings by both husband and wife. They, however, thought there should be some reference to the leadership of the man in the home.

The Archbishop of Canterbury emphasized the opinion that the Church of England had to face this proposed change and other questions of a far-reaching character arising out of it. He believed, however, a better occasion than the present would be found at an early date for handling such great social problems.

BLACK-HANDERS' BOMB WRECKED 3 BUILDINGS

Chicago Grocer Failed to Pay Over Money Demanded, So Threat Was Carried Out.

[Canadian Press.] Chicago, Ill., Feb. 20.—Three buildings were partially wrecked, a dozen persons were injured by flying glass, when thrown from their beds and windows a block away were shattered early today, when a bomb was exploded in the doorway of Leonardo Meloni's grocery in the Italian quarter.

The grocer told the police he had received a black hand letter demanding \$2,000 three months ago. He said he did not comply with the demand and four days ago received another letter saying his store would be blown up unless he paid \$5,000.

The front of the three-story building occupied by the grocery was wrecked, a saloon next door was demolished, and a neighboring shoe store.

KINEO STILL MISSING The Revenue Cutter Failed to Find the Schooner.

[Canadian Press.] Norfolk, Va., Feb. 20.—Somewhere out in the forty-eight mile gale that was lashing the Atlantic today the five-masted schooner Kineo of Bath, Maine, now a three-day mystery, probably was fighting for the lives of her crew of eleven. After a fruitless search the revenue cutter Onondaga, having exhausted her bunkers in day and night cruising, was putting back to Norfolk for supplies to continue the hunt. Mariners were in doubt about the schooner's fate.

SAY G. T. P. FAILED TO KEEP ITS AGREEMENT [Canadian Press.] Winnipeg, Feb. 20.—A resolution adopted by the convention of the Canadian Pacific Railway System Federation declared "that the Grand Trunk Pacific had not lived up to the spirit of the agreement made at the termination of the strike of its machinists and boiler-makers, and in view of the fact that the men were only asking for rates and conditions similar to those prevailing on competing roads, their demands were not unreasonable."

23 THE PHARMACY

STEFANSSON THINKS KARLUK CREW IS SAFE

In Message to Press He Is Optimistic—Vessel Himself May Be Lost.

[Canadian Press.] New York, Feb. 20.—A cable to the Tribune from London says: In a dispatch to The Daily Chronicle from Point Barrow, Alaska, V. Stefansson, the leader of the Canadian Arctic expedition, gives further details of the disappearance of the Karluk, which was announced in December. Though far from sanguine that the Karluk will be saved, he has little doubt about the ultimate safety of those on board. If the vessel could be crushed by winter ice there will be little trouble about the men getting ashore safely, but whether any of the material aboard the Karluk can be saved depends on its distance from shore and the roughness of the ice.

Stefansson has made new plans for the exploration of the delta of the Mackenzie River and the region lying west of Banks and Prince Patrick Islands. The two other ships of the expedition, the Mary Sachs and the Alaska, which are both safely in winter quarters at Collinson Point will do the work the Karluk was intended to perform.

The dispatch, of which the above is a summary, was brought to civilization by dog teams across the frozen wastes of Alaska. "It has been," writes the leader of the expedition, "a monotonous chapter of misfortunes for all who travelled by ship or boat along the Arctic coast of Alaska in the winter of 1913."

WIDOW OF STEVENSON, THE NOVELIST, DEAD

Nursed Him Through Severe Illness Before Marriage—Was Twice Married.

Santa Barbara, Cal., Feb. 20.—Mrs. Robert Louis Stevenson, widow of the famous novelist, died of apoplexy at her home in Montecito yesterday. The body of Mrs. Stevenson will be held here until the arrival of her son, Lloyd Osbourne from New York. All funeral arrangements will be postponed until he reaches here, but it has been suggested that her expressed wish be carried out—that she be buried beside the author of "Treasure Island" on a mountain top near Aiea, Samoa. Efforts to get in touch with her daughter, Mrs. Isobel Strong, at Honolulu, were fruitless today. Mrs. Strong is said to have just sailed from Honolulu for Samoa, where Mrs. Stevenson had an estate.

New York, Feb. 19.—Mrs. Robert Louis Stevenson was born Fanny Van De Grift in the United States. Her first husband was Samuel A. Osbourne, from whom she obtained a divorce in 1870. Very little is known of the early years of her life. It was in 1876 she met Stevenson, while she was sojourning with her son and daughter in France. Her domestic life was not happy, even at this date, and she and Stevenson seem to have been drawn together from the start. In 1878 she was obliged to return to her home in California, and in August of the following year, alarmed at news of her health, Stevenson hurriedly crossed the Atlantic, travelling as a steeage passenger, partly because of lack of means, partly for the experience. He succumbed to desperate illness from the effects of which he never fully recovered. The woman who was to be his wife nursed him through the worst of his illness, and in May they were married and went to live in a deserted mining town in the coast range of the Sierras. Subsequently they went to Scotland, where Stevenson joined his family. After her husband's death, in 1890, Mrs. Stevenson withdrew herself from the world to a considerable extent. Until recently she made her home in San Francisco. In 1908 she sold her home there and went to Santa Barbara.

HIGHER WAGES ON C. E. AND Q. Chicago, Feb. 19.—Increases in wages approximating \$100,000 annually were today granted 50,000 trainmen of the Chicago, Burlington and Quincy Railroad by a board of arbitration which has been sitting for three months. The decisions of the arbitration board were otherwise generally favorable to the employees.

[Canadian Press.] Fort William, Feb. 20.—Information has been received that the new steamer, to live in May they were married and went to live in a deserted mining town in the coast range of the Sierras. COLUMBUS KNIGHTS BANQUET BISHOP

Tender Complimentary Luncheon to His Lordship and Catholic Clergy of City.

AN IMPERIALISTIC ADDRESS

Bishop Fallon Sets Forth His Reason For His Adherence to Imperial Policy of Empire.

London Council, No. 1410, Knights of Columbus, last evening tendered a complimentary luncheon to His Lordship Bishop Fallon, the reverend director and professors of St. Peter's Seminary, and the clergy of the city. The spacious hall of the Knights of Columbus was completely filled, not a seat being vacant. It was tastefully decorated with red, white and blue streamers. The Italian orchestra furnished choice music during the evening.

The first toast on the program was His Holiness the Pope, after which came that of the King, both of which were fittingly honored. "Why I Am an Imperialist" came next, and was replied to by His Lordship Rt. Rev. M. F. Fallon, Bishop of London.

Bishop Fallon treated the subject in an exhaustive manner, characterized by close reasoning and by an eloquence which always makes his addresses a charm to his auditors. The bishop said he was an imperialist because the permanence of the British Empire means much for the peace and welfare of the world, and for the enjoyment of civil and religious liberty.

The toast of "The Seminary" was replied to by Rev. Father O'Connor, director of that educational institution, which is making such rapid strides. The reverend gentleman was well received. His address was replying with matter which denoted the finished speaker and scholar. The toast of "The Clergy" was replied to by Rev. Father O'Reilly, C. S. B., of St. Patrick's Parish, this city, who is quite an acquisition to the ranks of the public speakers of the Forest City. He is an easy, fluent and forceful speaker.

The toast of the "Catholic Press" was replied to by Senator Coffey, who gave a short sketch of the careers of the Catholic pressmen in the United States and Canada. His reminiscences of the old days and the old pressmen were highly appreciated. To Stephen Pocock, lecturer of the council, belongs in a large part the splendid success of the banquet. At the usual hour the large assembly dispersed, all holding pleasant memories of the happy evening they had spent.

UNIONISTS DISLIKE THE CURZON POLICY

Show This in Decreased Majority at S. Buckinghamshire Election.

[Canadian Press.] Montreal, Feb. 19.—A cable to the Montreal Herald-Telegraph from London today says: The result of the South Buckinghamshire by-election, declared this afternoon, shows a reduction of 225 in the former Unionist majority at the general election of 1910.

W. E. Dugre, Unionist, the successful candidate, secured 9,044 votes, whilst Tomman Mosley, Radical, had 6,713, a Unionist majority of 2,331. The electorate numbered 18,268. At the general election in 1910, the Unionist majority with an electorate of 16,366 was 2,556.

As admitted by all parties home rule was the paramount issue, and that election is regarded as most significant of the growing distaste of the Unionists for Sir Edw. Carson's policy.

WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on preparations, resign themselves to life-long skininess and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.—Adv.

GIVE US MARKETS, WE'LL MAKE MONEY

Plea of Vice-President Elect at North Wellington Meeting.

LIBERALS ARE OUT TO WIN

R. M. Hazelwood Scores Conservative Government and Condemns Lobbying by Dominion Millers.

[Special to The Advertiser.] Arthur, Feb. 19.—At one of the most enthusiastic meetings ever held by the North Wellington Liberal Association, R. M. Hazelwood, Liberal candidate, a miller and grain dealer, gave a plain talk on the position of the Ontario farmer and the way in which he is being handicapped by the Conservative Government. Mr. Hazelwood took an emphatic stand on the tariff question, especially concerning the lobbying of the Dominion Millers' Association against free wheat. Their action, he said, was contemptible, in issuing circulars to the farmers, telling them that the cost of feed would be \$2 a ton more if free entry of wheat into the United States were allowed. The compelling of farmers to sell in the open markets and buy in a protected market he characterized as inconsistent with the twentieth century idea of fair play, and as poor business, detracting from the very class on whose prosperity all must depend.

Reckless Expenditure. The speaker dealt with the Government's record of reckless expenditure and extravagance, and militarism gone mad, neglecting the opportunity of the age in neglecting to stand out before the nations of the world as an example of disarmament and arbitration. He instanced the great cities growing up on both sides of the lake to great commercial centres, without the protection of gun or fort. Mr. Hazelwood was accorded a warm ovation.

Others who spoke were James McEwen, ex-M. P. P. Alva Stockton, John E. McEwen, R. W. Brocklebank, H. Colwell, A. W. Wright. All were enthusiastic and loud in their praise of the candidate, and predicted a won, but would never again be in doubt, but that it would be Liberal.

Farmers Want No Gift. The vice-president-elect, who presided in the absence of the president-elect, who was absent through illness, scored a strong point in his closing remarks. He said that no gift of ten millions from the Government for their education, but said, "Give us free access to the markets to the south of us and we will make the money ourselves." Votes of confidence in the leaders of the Opposition in the Dominion and Provincial Parliaments were passed and the meeting closed with cheers for the King and the candidate.

The officers elected for 1914 were as follows: President, D. Brecklebank, Arthur, first vice-president, J. C. Dixon, Mariboro; second vice-president, Michael McGillicuddy, Arthur; township secretary, J. H. Hurlston; assistant secretary, J. M. Roche, Arthur; treasurer, J. J. Cook, Mount Forest. The retiring president, Mr. McArthur, was added to the executive.

Detroit, Mich., Feb. 19.—Rev. J. A. Cottom, pastor of the Methodist Church at Dearborn, a suburb, was arrested here today on a warrant charging arson. The minister had been detained at the County Jail since yesterday, while county authorities and a deputy state fire marshal completed an investigation into the burning of Rev. Mr. Cottom's parsonage, which occurred on January 12. When Mr. Cottom learned the warrant had been issued he resigned from the church. He declares he is innocent. After the fire the preacher gave out a statement declaring he had received threatening letters from persons of a different religion. When arraigned he did not enter a plea but asked for a trial. Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach, and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antidote, such as bisulphated magnesia, which can be obtained from any druggist, and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M.
