#### Life and Character Reading.

MARCH 17.
Frequently, women of this birth-date are so superlatively careless in all household matters that even all household matters that even their sweet disposition cannot make up for the trouble they create in a well-ordered household. These are the people who kick up mats and rugs, and never seem aware that they do not leave things exactly as they found them.

they found them.

There is a peculiar obstinacy in a Pisces person, which sometimes becomes a most formidable element to deal with and really seems inexplicable, but is easily explained. The natural timidity and abnormal delicacy of these people acts as a constant restraint, and after a while the nature becomes tired of the yoke of its own placing and rebels.

The governing sign of this date is Pisces, the governing planets are Jupiter and Neptune. The birthstone is a turquoise.

This sign is not favorable to rest-less discontented minds, so make no changes on this date but just study the Want Ads carefully.
