Weak? Tired? Run-down?
These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel all this—laid to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS
and note what a difference they make in your condition. The stomach is the first to feel the good effects. Food tastes good, the digestion is strengthened; bowels and bile work regularly, the blood is cleansed, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

THE ROYAL CHEF

"So famous has already become 'The Royal Chef,' that it goes without saying that the interests of our local theatrical public is at high pitch of expectancy over the approaching engagement of this notable attraction at the Opera House, Feb. 17. No production of a musical kind has created such a flood of favorable criticism. Everybody speaks of 'The Royal Chef' as the most original, the most thoroughly comical, and the most clever entertainment of its kind that has been witnessed for many years. The same beautiful and stupendous production that made 'The Royal Chef' one of the notable attractions of the season will be seen in Campbellton. The scenery is spoken of as realistic and beautiful and includes three full stage sets of enormous size and massiveness. The wardrobe is also arranged as being very beautiful, while many consider it the most extravagantly gowned show in America. Seats on sale Monday at usual places.

HIGH SCHOOL BOYS BEAT CHATHAM TEAM

Those who attended the hockey match on Wednesday evening were given a great surprise and a treat. Our high school hockey team has been under the discipline and training of W. C. Hutton for some time and their first appearance before the public against a foreign team shows that they are successful by that training.

The Chatham boys were outclassed at every point that played a good game to the finish.

The first half resulted in a score of 8-0 and it looked as if the game would finish a blank for the visitors.

The local team combination work was good throughout, and many exceptionally fine individual plays were made. W. Mott made a brilliant rush in the second half taking the puck to the south of the rink and depositing one on score for the home team.

The play of McLaughlin, the Wallace, Delaney and McLaughlin was good. The only man on the team who did nothing was Wheeler, the goal keeper; but the fault was not his—he had nothing to do. The game finished up with a score of 16-0.

The following is the lineup of the teams:

Chatham	Campbellton
Treadwell	Goal
Heckbert	Wheeler
McLean	Pr.
Winslow	C. Pr.
Winstone	Centre
Hildebrand	H. Wallace
Dovey	G. Wallace
Wing	McLaughlin
Wing	McLaughlin
Wing	McLaughlin

After the game the teams went to the Curling Rink where the Knights of the Broom of Chatham were playing our local curiers. At the conclusion of the match our hockey boys entertained the visitors in the banquet hall of the rink.

A BOON TO STOCK-RAISERS

To Know How to Cure Colic, Distemper, Colds, Swellings—Saves Thousands Each Year.

It is a matter of vital importance to every farmer, horse-owner and stock-raiser to know exactly what to do when one of his animals is taken sick, debilitated, or in any way distressed, which we print below gives information of inestimable value, and tells of his experience in curing sick stock during the past thirty years.

"Several years ago, when my horse took colic, I used to give them Cayenne pepper, but in a few cases only did help, and because I had no proper means at hand I lost several valuable animals. Some one told me of the success Mr. Wendling of Brockville, Ont., had in his racing stables with Nerviline, as I had it in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion of mine, which was worth at least \$1,000.00. This horse was taken with colic, and would have died had it not been for Nerviline. I have used Nerviline for reducing swellings, for taking out distemper lumps, and saving a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand."

UNION BLEND TEA

the Tea that satisfies

YOU are the best judge of how much Union Blend Tea is worth—but you can't pass an opinion until you have tried it. You are in no position to say—as I say—that it's worth 40c a pound because it goes easily half as far again as any 80c tea. You don't know the truth of that until you use it for yourself.

But that's a fact. Sixteen ounces of Union Blend will make as much tea as twenty-four ounces of any other kind. And not only as much tea, but better tea—tea that is more fragrant, that has more aroma, more smack to it.

There is only one way for you to prove this—buy a pound and try it. Or if you are in doubt, let a half pound packet tell the story. Your own teacup will convince you if you will give it the opportunity. Look for my picture on the end of the packet.

40c

Union Blend—one pound packets—the pound packets only—contain coupons that are worth money to you. But this is only an advertisement—the tea itself is worth the price, fully.

I Take all the Risk
THERE would be no sense in my spending thousands of dollars in advertising if I couldn't back up what I say. If you try Union Blend and don't like it, I am worse off than before, for I can never get you to try again. To make money, I've got to make satisfied customers—and I do. Of all who once buy Union Blend ninety-five per cent. continue to use it. You know what that means, don't you? What will your decision be?

PURITY FLOUR

And Its Keeping Qualities
SOME people find it necessary to buy a considerable quantity of flour at one time—sufficient to last for a long period. Naturally they are anxious to procure a flour of the kind best adapted to lengthy storage.

There are two important reasons why PURITY FLOUR possesses these qualities. One is that it is made entirely from Manitoba Hard Wheat. The other lies in the fact that the careful milling necessary to produce "Purity" absolutely excludes all low-grade particles of the wheat berry. It's the high grade Manitoba Hard Wheat Flour that keeps—stands longest storage. That's "Purity."

"Purity" flour may cost a little more, but is more than worth the difference. Try it. Watch results both for quality and yield.
